1-9-77

The first board meeting of the new year was called to order at 7:40 with Dave Wyskiel presiding. The following board members were in attendance: Jeff Anderholm, Leonard Krause, Jason Rubin, Karl Smelker, Charlie Kronick, Ritchie Porter, Peter Gardner, Chip Hoch, Flo Smith Todd Page, Linda Foster (in place of Emily Langlie) and Julie Peck (in place of Kim Norris).

The first order of business was to approve the new schedule put into effect the morning of the tenth. Jeff ran through the schedule quickly, pointing out the new Midnight LP which runs from 12:00 to 12:40 and the special features: Jazz Revisited (Monday, 11:30-12), German/Russian Show (Tuesday, 4:30-5), Shadow (Wednesday, 11:30-12), French Show (Thursday, 4:30-5), Goon Show (Friday, 11:30-12), and Fourth Tower of Inverness (Sunday, 11:30-12), as well as the new and returning DJs. The question was raised as to whether this schedule would contain as much educational programming as there had been, where upon it was pointed out that although Radio Canada is leaving and Perspectives has not yet returned, there is a new taped show by John Bertollini and another new classical show. Chip Hoch closed the discussion with a motion to approve the schedule which was seconded by Peter Gardner and passed unanymously.

There followed reminders to all directors to make sure that everyone in their departments had provisional licenses and to get in touch with Jeff or Jon Glass if they needed any, and a reminder to Chip to get the transmitter checked.

Peter Gardner then spoke on behalf of the business dapartment stating that, with the exceptions of those he had spoken to prior to that meeting, there would be no funding for personal phones beyond the allotted message units. He followed with a request for everyone to please check with one of the people on the business staff for supplies, and when any additional supplies are bought to please put the receipts in his box. He is currently starting to work on the budget for the second semester but will have to put first priority on the first semester's expense record which must be completed by January 14th. He concluded by saying that although there are certain divisions of labor within his department which would make it advisable to get in touch with the person directly in charge of the aspect concerned, (questions concerning advertisements directed at Marion, logs at Kim or Julie, and reimbursements and expenses at Peter or Julie) he is

oping to have enough communication within his department to make it possible to get in touch with anyone about any questions within the business department.

The matter of two missing cassette recorders lent out during the election coverage was brought up next - one had already been declared missing and the person(s) responsible are paying for it and the second was accounted for during the meeting so that it could be returned the following morning.

Jason made a few announcements on behalf of the news department saying that the number has been reduced for winter term and that the length of the longer newscasts has been diminished from fifteen to ten minutes. He intends to have ski reports announced weekend mornings when they have been set up.

Flo announced that any sponsored shows must be reported to her at least three days in advance to be able to geve them the proper publicity.

The classical department voiced its desire to be informed of the dates and times Panther Sports would be interfering with its usual schedule at which point it was announced that there will be a WRMC schedule coming out soon and changes will require 24 hours notice.

Karl brought up the possibility of broadcasting King Biscuit which will cost us $25 per show and entitles us to have our name in the Rolling Stone. It was received with general enthusiasm although its sponsorship must be investigated.

Flo requested that the magic markers and masking tape be left in the Publicity box as well as the Blue Book. She said that the Weatherphone is moving along slowly.

Chip Hoch announced that the turntable which had already been removed will be replaced by two record shelves and mentioned the possibility of speakers for a PA system for the station.

The Spanish Club's request for the Sparta board was mentioned for which they will be charged $40 for theboard, engineer and DJ.

Dave spoke momentarily about Winter Carnival which is covered by WRMC February 25-27. Special Prod. heads up the coverage with help from the other departments.

The meeting was concluded with Jason motioning for adjournment and Jeff seconding it. It is to reconvene Sunday at 4:30.

Minutes for WRMC Board Meeting
Sunday, January 23, 1977

Jon Hart called the board meeting to order at 4:51. In attendance were: Jeff Anderholm, Leonard Krause, Jason Rubin, Emily Langlie, Charlie Kronick, Ritchie Porter, Flo Smith, Chip Hoch, Dave Halsey, Peter Gardner, Don Kreis, and Marian Melcher.

Flo began the meeting by talking about the lack of responsibility with the Blue Book and submitted her resignation. Jeff read a letter concerning a lack of interest and the lack of respect accorded her, and added that Don Kreis will accept the job. Peter asked Flo to reconsider. Jon Hart said that he felt it was not necessarily true that there is no response to her. Leonard mentioned that we should view this as an example of the future. Jeff then nominated Don, Peter seconded it and the nomination was passed with twelve votes in favor, none opposed and two abstensions.

Leonard motioned that every board member be issued a copy of the constitution. Jeff seconded the motion and it was carried unanymously.

Leonard gave the board a general reprimand saying that their election speeches are not being fulfilled, and that board members are not showing up as often as they should. He went into specifics citing the News Department and the Engineering Department. Chip said that as no one is allowed in his closet without his permission the mess is irrelevant. Peter said that the work Chip is doing on insurance statistics is more important at the time than a clean closet.

Jason announced that afternoon news will be suspended on Sunday afternoons during classical shows. Chip asked if we had to approve the news schedule and Jon answered no.

Leonard said that there were no language shows scheduled and asked Karl why. He continued to say that there is a lack of interest. Desiring that we define what each person's job is, he proposed that we form a subcommittee to analyze the positions.

Marian said that she had oversold basketball and explained the procedure and how we can oversell it. Jeff inquired about away games. Next to be sold is Winter Carnival. Karl told us that he needs weekly shows sold, and talked with Marian about the possibility of getting the sponsorship from a major business corporation (i.e. Coke) Jason responded affirmatively to the question of a Zodiac News Service

sponser. Jeff and Leonard brought up the DeKoven Concerts. Marion said that there may be no market. The listener-sponsorship idea was brought up and tossed about and finally postponed to a later date.

Jon started to read his ideas mentioning a wish for continuity of departments as this one leaves. He stated that we should think about the purpose of WRMC-FM making his first attempt at station direction. Jeff stated that he felt we could offer a quality no other station can in education. Jason asked what role we play in the curriculum - is our responsibility to students or the town. Ritchie gave much the same point of view as Jason's. Leonard stressed that we must define our role and go more classical. Karl said we could not put more classical on the air as we must offer a more diverse educational experience. Jeff said our responsibility is to the listener. Emily said that people should be distinctive,... there should be somewhat specialized shows. Jeff mentioned some doubts about departmentalization. Jon said that we shouldn't be in competition with town stations as our responsibility is to our own listeners. Peter voiced his opinion that there ought to be much more publicity like a large-scale advertising campaign. The reincarnation of FMphasis was brought up. Jon Glass said that we need to have more staff meetings. Leonard asked for monthly staff meetings. Jon Hart asked to move the board meetings to Monday. Karl said that Jon Hart should speak to Rudi Haerle about a spring term WRMC poll. Leonard asked for a symposium on radio broadcasts. Jon proposed that we move the board meetings to Monday evenings at 7:00. Peter seconded it and the motion was passed with ten votes in favor, four opposed and five abstensions.

Jason moved that we adjourn and Charlie seconded it. The meeting was adjourned at 6:25 to reconvene Monday, January 24.

Minutes for the WRMC Board Meeting
Monday, January 24, 1977

The board meeting was called to order at 7:11 with Jon Hart presiding. Ir attendance were: Jeff Anderholm, Leonard Krause, Jason Rubin, Karl Smelker, Charlie Kronick, Ritchie Porter, Jamie Walker, Peter Gardner, Chip Hoch, Dave Halsey and Julie Peck (in place of Kim Norris).

Copies of the constitution were passed around, inspiring a question from Jason about the second article where it mentions that the license is held by the President and Fellows of the college. Jon said that they do, in fact, hold the license but they have made little effort to influence the station. Leonard said that he had been down to talk with President Robison and had asked him about his feelings about the classical programming. Our new constitution has not been passed yet, but should be soon; the only major change is the inclusion of the Music Department. Jon asked if anyone had anything they wanted him to ask in his Thursday afternoon meeting about operation for the summer, and announced that we would probably get at least two LP's each week from the Vermont Book Store if we continue with the Midnight LP's. The WRMC Newsletter should have been distributed today according to Jeff.

Jon said that if there were no further announcements, we could return to the discussion we had been having during the last meeting. Unless anyone has objections he wants to keep the meetings informal. Jason began talking about the question of quality vs. quantity. Do we want to involve as many as possible since we are a college radio, or do we have a higher responsibility to our audience? Ritchie pointed out that anyone who really wants to get involved with the radio station can. Most of their initial difficulties can be solved by working at them which their interest will help, and otherwise they will be weeded out themselves. The discussion drifted to the changes that have occurred in the past few years, with Jon saying that he thinks the station has gotten a lot better in the past few years and Karl saying that he didn't think that he could really say that - it has changed and some departments

have improved but there have been a few really impressive people in the past few boards. Jeff spoke on the change of attitude; people seem to be taking their responsibilities much more seriously. He said that it would be hard to say where the station is going,... we can only do the best we can, set our own standards of quality and try to meet them. Peter asked whether we shouldn't return to the idea of defining each position on the board first as we had talked about at the preceding meeting. Jon responded by saying that he thought we needed to have the goals of the station as a whole defined before we could define individual's responsibilities. Ritchie said that we do have a need to define our positions and to have more interaction between individual departments to cut down on the confusion. The discussion turned to our listening audience - should we try to determine the actual or go by the potential? Leonard said that we should develop our priorities rather than trying to compete with the other stations. We should be presenting quality music whether it be jazz, rock or classical. Jon questioned his meaning of quality. Ritchie rephrased one of Jeff's earlier comments pointing out that it was not necessarily the content but the way it is put across. Karl stated his concern about passing on any goal stating the importance of our "responsiblity to our listening audience",... it should be done professionally, but the content should be student run.

There followed a brief discussion about the horizontal scheduling to give the listener a better idea of what he will hear. Jon mentioned a station in Philadelphia which has all of its horizontal slots named and the various DJ's in each slot play the kind of music the name implies is appropriate for that time.

Jason finished up with an update on the other news services wondering how much responsibility we have to the Middlebury area and how much news each service can supply. Leonard suggested calling Old Chapel daily to see if we can get news from there and Charlie responded with doubts about how much we'll be able to learn with this apparent atmosphere of secrecy. Jason said he didn't think there was a problem having just talked with the President and Mrs. Wonnacott about weekly interviews. After a few humorous ideas Jason motioned for adjournment and Dave seconded it. The meeting was adjourned at 8:48 and will resume next Monday evening.

Minutes for WRMC Board Meeting
February 14, 1977

Jon Hart called the meeting to order at 7:04 with the following board members in attendance: Jeff Anderholm, Jonathan Glass, Leonard Krause, Jason Rubin, Emily Langlie, Ritchie Porter, Jamie Walker, Todd Page, Karl Smelker, Charlie Kronick, Chip Hoch, Don Kreis, Peter Gardner, Kim Norris, and Julie Peck. The meeting began with a discussion about the Staff Party scheduled for Friday the 18th. The conflicts were brought up and the other difficulties in having it this Friday were talked about until it was decided that the party should be postponed.

Chip talked about the hum that had been heard primarily in our monitor and the problems caused by the limiter. He warned about possible over-modulation from turning the level up too far,... this would not only be illegal, but would not produce good sound quality especially on classical recordings. He said that the control room shelf is still coming along. The discussion turned to the possibility of getting new equipment and of increasing our power by moving to Chipman Hill. Chip had been told that if we do manage to get the necessary equipment, the FCC is not apt to give us any further trouble. Jon pointed out that the increase in power will mean that all DJ's will have to have Element Nine. After a question about the board's desire to go stereo or to increase the power, Jon ascertained that the preference is towards more power. Chip pointed out that any equipment bought would probably be convertible to stereo. Jeff made a motion to form a subcommittee to look into repairs and improvements of equipment which was seconded by Jon and approved by voice vote. The subcommittee, consisting of Jon, Jeff, Chip, Peter and Karl, is to investigate and report back to the board.

Jon read a letter and spoke about the negotiations with the language school for the summer budget. There have been some difficulties in setting up a budget as there was not a proposed budget set up at the end of last summer.

Karl said that he couldn't say a great deal about Winter Carnival as Marian is the one who is in charge of it, but he is sure that it is coming along and she has scheduled a meeting for Wednesday

for reporters.

It was announced that there will be a staff meeting on Wednesday afternoon at 4:00 in Monroe Lounge. In addition to Chip's warning about the possibility of over-modulating which should be passed on to the DJ's, it was mentioned that someone should talk about the transmitter logs, regular logs, food in the station and the station's philosophy (i.e. what our sound should be, our relations to other stations, etc.) With the sign-up on Wednesday and the Activities Fair on Thursday night where Jeff hopes to get 10 February freshmen, the schedule should be set up for 24 hours a day by Sunday the 27th.

Jon announced that we are members of the Inter-collegiate Broadcasting System which is an association geared towards non commercial FM stations. They are having a convention which occurs during our spring vacation in Washington, D.C. and costs $22. He encouraged anyone who could go to represent us to do so. He also mentioned the material he had received from Women in Radio and Television which he had given to Jason and is available to anyone who is interested in it.

Jason reported that the investigation into different news services doesn't look too promising. He feels that the Associated Press Service is superior to UPI, but it is impractical as it costs $30-40 more per month. His changes for spring term include having two news teams who will work two consecutive evening reports during the week each and moving the news broadcasts to be on the hour, having fifteen minute reports at 8a.m. and 11 p.m. and extending the regular reports to run from 8 to 3 p.m. Leonard commented on the way so many professional FM stations do not use news themes and this was discussed briefly with Jason saying he will consider discontinuing it.

There was a short discussion on what qualifies as a legal ID and then Jason moved for adjournment, was seconded by Ritchie and the meeting was adjourned at 8:18.

Jon Hart
Box 2317

Minutes, Board meeting of February 21st, 1977, WRMC-FM

Present:
Peter Gardner, Jason Rubin, Jon Glass, Jeff Anderholm, Jon Hart, Chip Hoch, Richie Porter, Don Kreis, Charlie Kronick, Dave Halsey, Karl Smelker and Kim Norris.

Jon Hart called the meeting to order at 7:18 pm. He mentioned that fourteen dollars had been removed from the key deposit storage box, kept in the business closet.

Peter mentioned that he'd appeared at the Finance Committee meeting of Wednesday, February 16th in order to secure a grant of three hundred fourty-six dollars to be used for the purchase of four new chairs. He obtained the money and the chairs were ordered.

Chip had spoken to David K. Smith (trustee of Chipman Hill) in reference to relocating the station transmitter to that area. He was informed, however, that chances are slight, indeed, as, not only would the trustees not allow any housing for the transmitter to be built, but there are already many others installations on the hill.
Jeff asked if a power increase (from present 10 watts to 100 watts) would cause problems with maintaining transmitter in Gifford Hall. Chip assured the board that there was more than enough room there, but such an increase may pose safety questions.

Jeff proposed a new Spring Term schedule, noting Sunday, Monday and Tuesday Jazz programs at 9:00-12:00. Jon Hart motioned to approve the schedule, Peter seconded and the motion carried 14-0-1. Jeff added that programming will maintain a twenty-four hour daily basis effective Wednesday, March 2nd at 2:30 am.

Jon Glass mentioned the importance of advertising special productions, Jazz programs, classical etc.

Jeff, working on the next edition of the staff newsletter, asked for contributions. Kim suggested mention be made that operators not use U.P.I. hourly news feeds unless they are absolutely sure the news person has not arrived on time.

Don reported ski reports were moving along satisfactorily, (the ski areas now telephoning between 8:15-8:30 am) but that weatherphone equipment needed some engineering attention.

Marian Melcher reported on Winter Carnival prepartions. Reports from the Snow bowl will be five minutes past the hour, (9:00-4:00) except Friday. On Friday there will be no 3:05 or 4:05 reports due to a Hockey game. On Saturday there will be a wrap-up from 5:05-5:20. Marian said she needed cassette tape decks. She'd written an anouncement for the Campus, concerning report publicity.

Jon Hart asked about the annual Federal Communications Commission financial report. Peter told him not to worry, that accounting would handle the entire matter.

Jon Hart mentioned he'd received a pamphlet, 'Broadcasting Focus', which pertained specifically to summer job opportunities.

Jon Hart read his reply letter to an individual who expressed interest in seeing WRMC-FM join his national radio system. The letter written by this individual was discerned to be a hoax and no objections were voiced to Jon's replying in similar tone.

Peter mentioned that new stationary was needed and that he would order some with the identical letterhead as is.

Jeff asked about a new control room circuit board and Chip said he was still searching.

Peter and Jon mentioned and explained the need to spend all yearly allocated money at year's end..

Jason informed the board that the news schedule was in fine shape, although somewhat reduced.

Jason motioned to adjourn and Peter seconded. The meeting adjourned at 7:55pm, to resume Monday, February 28th at 7:00pm.

Minutes for WRMC Board Meeting
Monday, February 28, 1977

At 7:10 Jon Hart called the meeting to order with the following people in attendance: Jeff Anderholm, Jon Glass, Leonard Krause, Jason Rubin, Emily Langlie, Karl Smelker, Charlie Kronick, Ritchie Porter, Dave Halsey, Peter Gardner, Julie Peck, Marian Melcher and Stewart Graham.

The meeting began with a brief discussion of the suggestion to change the meeting time since so many board members must leave early or cannot attend at all. It was tentatively moved to Wednesday at 4:30 p.m. so that unless notices are sent out, the next board meeting will occur on March 9, 1977.

Marian reported on Winter Carnival coverage saying that all went well except for the small technical problem Friday morning. She said that she had no complaints as her sponsors had been pleased and the wrap-up reports had gone well.

Jon asked if anyone had any new information about the progress on acquiring new equipment. Dave said that as neither he nor Chip had been able to find the problem in the mixer with their troubleshooting that they may need to look into another one identical to this one.

The topic of "fmphasis" was brought up. Marian said that she had not had any trouble selling sponsorships to it last year, but that while it is still possible she thinks it will be more difficult to sell this year. She has only been able to get a one month contract for the Goon Show. Jeff suggested that she try getting ski areas to sponsor the special productions, and Jon Glass asked if she had tried all of the bigger area businesses. Peter asked if we would get an allocation from the college for it and was told that it was completely dependent on sponsorships. Jeff suggested adding the local high school to the previous distributing spots (mailboxes, Community Calendar, and sponsors' locations)

It was decided that the Board of Directors would get together at 1:00 on Saturday for a mass clean-up campaign.

Jeff asked Jason whether his special show would be on Saturday and Jason said that he has a few possibilities for a discussion on the Route 7 proposition. After some debate about students' general

evening schedule and whether more students would be able to hear the Evening Report if it were broadcast at 7:00 instead of 6:30 the general concensus seemed to be to leave it as it is. Jason asked for press cards which Jon said he already had a group of that Jason could have.

Jeff requested a key for the telephone in the production room, which brought up the question of locking all of the phones as there has already been one incidence of someone making a personal long-distance call on the station phone. This was dismissed as impractical and it was decided that no mention would be made of the matter unless there was further evidence of personal phone calls being made at which point there may be an announcement that the DJ is responsible for all calls during his show.

The meeting was concluded with a discussion about the design for a WRMC T-shirt. An alligator wearing headphones was finally chosen and a sample T-shirt is to be sent for.

Dave moved that the meeting be adjourned. Jeff seconded the motion and the meeting was adjourned at 7:55.

Jon Hart

WRMC BOARD MEETING MINUTES

Wednesday, March 9, 1977

The meeting was called to order at 4:42 with Jon Hart presiding. In attendance were: Jeff Anderholm, Jon Glass, Leonard Krause, Jason Rubin, Emily Langlie, Jamie Walker, Ritchie Porter, Chip Hoch, Dave Halsey, Charlie Kronick, Peter Gardner, Kim Norris, Julie Peck

Jeff announced that the newsletter should be ready by the end of the week, and Jon Hart told him that several of the things we would be discussing at the meeting should be included. In discussing the T-shirt possibility Marian stated that neither of the people she had contacted to do the art work could do it, but Jon had found someone else who is reportedly very good. Jon mentioned that in reading the FCC Study Guide he had found an error in the way we were doing our logs - it is necessary to sign the log twice, once when signing in and again when signing out instead of putting both times next to a single signature. The problems with the classical tapes had finally been cleared up, the end result being that we will return all of these tapes and have them credited to us and can resume their service whenever we would like to. After Leonard's explanation of this, Don said that he thought we really ought to keep these tapes in mind as they are good. Jon suggested that Leonard get the proposed letter off to the Dana Foundation and mentioned other organizations that have written to us expressing an interest in helping to fund cultural or educational programming. As for the up-date on the summer session situation, Jon said that he had not yet gotten the promised letter, but that the problems have arisen from their budget allotting only $3000 while our bare bones proposal was $3700 for salaries, telephones at the station, a case of take-up reels, and depreciation. Jeff inquired about the room and board for the students employed and Jon said that they stay in Weybridge and eat college food, paying $100 for the room. Jon asked Jeff to include in the newsletter that the possibilities for summer jobs he had received was reportedly not very worthwhile as the jobs are identical with the list published in a 1973-74 listing. Jeff said that a more extensive list is available at the Placement Office.Jon asked if the board would have any objections to his including another non-voting member on the board

to serve as his assistant.

There followed a discussion about the PSA and Promo carts. Jeff said that he wanted to hear all locally made carts before they get aired, and asked Kim to use discretion about the other carts scheduled to try to make them fit in with the shows surrounding them. Jon said that if there were no objections he would change the transmitter ID cart so that the one with music in the background would be played each night.

Jeff said that he and Jon had decided that the grace time for new DJ's was about over. Before starting the engineering clinics they have talked about they are checking out the new DJ's on the air by waking up at different times during the night and turning on the radio.

The next discussion was about the future of the classical collection - should we be buying new records or relying on the music library? Leonard said that the station's classical collection hasn't changed in a year. He is currently checking out the playlists and thinks we should be spending the budget on the replacing of frequently played albums that need replacing and on increasing the number of "basic" albums. He has been using the Schwann list of 1500 albums that they consider basic to a classical collection as a start. In addition to our albums he wants to continue to use about 40% of Johnson's.

Jeff asked Chip for an updated report to which he (CHIP) said that Larry had told him that the limiter was not, in fact, broken and had given him some additional advice on getting a new board. We should be getting a board identical to RCA board, but stereo, with peak lights and a volume control for the headset. Peter asked how soon the order would be ready as he must go with it to Mrs Flickinger and then to the Finance Committee. Jon said that it should be orderered in two weeks so that we could be sure of getting it by the end of the semester at which point four people will be there to get it installed before the summer session starts. Chip talked about getting a carpenter in the week before the new board gets installed to put in new cabinets, and added that Larry will be available to give any technical advice.

Jason asked about the egg cartons in the news studio, and it was pointed out that many radio stations use egg cartons for sound insulation. It was mentioned that when the new cabinets et. al. are put in, the egg cartons could be painted.

Jeff asked if Chip intended to use the same basic set-up. Chip answered that the set-up will be about the same with the EBS machine

moved around and the record shelves put behind the DJ. He would like to remove the overhang from the left turn-table. He finished by saying that he had been contacted about broadcasting from the Bloodmobile. This was discussed for a while and finally it was decided that we will give them all of the publicity they want, but will not broadcast from the Field House.

Rick Ridder came to propose broadcasting Panther baseball. This would involve two or three home games on Wednesday and Saturday afternoons. Leonard brought up that Wednesday afternoon broadcasts would interfere with classical probramming. Rick and Marian said that their proposal was for them to do the broadcasting with another "expert" and that they were hoping to be able to use Chi Psi's porch to run a cable from. It was pointed out that there would be no advertising and no costs and there was a vote. Jeff moved that the proposal be passed, Kim seconded it and it was passed unanymously.

Peter brought up the T-shirt situation again saying that he had called and requested a sample shirt which should be here in seven days. They explained how the design should be done and said that they can get the shirts to us seven days after they receive the order. Again the matter of having something across the back of the shirt was brought up but no consensus was reached.

The final order of business was the WRMC Staff Party. It was decided to have it in Ross Lounge on either Friday, March 25 or the first Friday we get back from vacation. Leonard volounteered to co-head the party.

Kim asked for opinions about when "Concert Happenings" should be aired and the general consensus was 11 a.m., 2 p.m. and 9 p.m.

Jason made a motion for the meeting to be adjourned which was seconded by Jamie and passed with three abstentions.

Jon Hart

WRMC Board Minutes
March 16, 1977

The board meeting was called to order at 4:45 with the following members in attendance: Jon Hart, Jeff Anderholm, Jason Rubin, Charlie Kronick, Ritchie Porter, Chip Hoch, Dave Halsey, Peter Gardner, Jamie Walker, Marian Melcher and Don Kreis.

Staff lists are to be handed out with no separate list of the Board of Directors. Jeff will be getting the lists out.

As a correction to last week's minutes, there will be no cost for the living accomodations for the summer employees. Continuing with the summer school topic, the lower budget proposal has been accepted. Gloria Vaglio wants better service from the station. She will instruct the heads of the language shool to bring material. Jon called for a closed board meeting to be held right after April vacation in order to ratify the selection of two engineers for the summer school service. Applications will be accepted until vacation. Jeff will send a notice separately from the newsletter.

Chip spoke about the technical points of the new board. The expected cost for the RCA board is about $4000, the McMartin board would cost $3875. He said that Jon should begin asking the FCC about a power increase. Chip mentioned the need for new microphones and other control room renovations. The Programming Director submitted his help in paperwork (for the FCC dealings, etc.) The general concensus of the Board is to initiate action.

The station will start to broadcast promotionals for jobs with the State Police.

Jon brought up "Firing Line" asking whether or not we need it. Don said that Buckley is counter-productive to progressive radio. Jon asked Jeff to write to "National Public Radio" Service. The special productions strive to present different political viewpoints.

The staff party has been tentatively planned for April 15 and both wine and beer will be served.

Marian spoke on advertising, saying that while some shows are difficult to sponsor others are relatively easy. She proposed Dial-A-Joke; it was decided that it was not feasible.

Jason spoke on the Commentary Board and then proposed adjournment which was seconded by Peter and passed.

WRMC Board Meeting Minutes
Wednesday, March 23, 1977

The board meeting was brought to order at 4:35 with the following people in attendance during some of the meeting: Jon Hart, Jeff Anderholm, Jon Glass, Leonard Krause, Jason Rubin, Chip Hoch, Dave Halsey, Karl Smelker, Charlie Kronick, Peter Gardner, Kim Norris, Julie Peck, Jamie Walker, and Donald Kreis.

Following a distribution and discussion of the summer job applications Jeff announced that a newsletter would be coming out shortly and asked if there were any further additions for it. Jon asked him to mention the importance of playing the rideboard and concert happenings carts. Jason asked that Jeff include a small notice that there should not be any food in the news room. Kim asked him to announce that there should not be any additions in the nominal column of the log forms, but after some discussion it was decided that it was not that important. Jon spoke of our initial ideas of continuing training saying that it was a good idea but we don't seem to be doing it,...he proposed having training sessions open to all but with special encouragement given to those who really seem to need it. Although no comparable show has been found according to Charlie, Firing Line will be removed as it doesn't seem to reflect the board's or the students' attitudes and no opposing viewpoint is being presented.

Chip said that he would be working on the Production Room board that evening and hoped to have it finished before training. He had spoken to Larry about ways to attack the hum and a few other things. He had decided on the McMartin board which costs $4050. He announced that UVM has a 100 Watt CCA transmitter that they will sell for $1000 including the cabinet (a new one would cost $5000). The drawbacks to moving up to 100 watts are due to the fact that it will bring us out of the realm of an educational station which will mean that each DJ will have to have a third class license and that the transmitting controls and meters will have to be moved to the station. In terms of other equipment, the tape decks are already stereo and the cart machines will not be converted. The new tone arms, cartridges, preamps, wiring and speakers will bring the cost to $8,037 in Chip's estimation. In order to increase our power we will also have to spend $1,000 for a field study which should be done this spring and consists of having a contour map of the staion's power made. To go stereo will cost us an additional $3,000. As it now stands the station will go off the air during exam week or the week before and the conversion will be made before the summer session. The total cost for this conversion (equipment and work) will come to $12,000. Chip made a motion for the board"to approve any and all expenses deemed necessary for renovating and refurbishing the studio and for new equipment to raise the power" which Jon Hart "seconded with pleasure" it was voted on with a role-call vote and was passed unanymously.

Jon brought up the fact that all announcements must be approved by him, Kim of Jeff. The question of reselling the old board after the conversion was brought up but not resolved. Chip said that none of our equipment had ever been resold so that there may be a policy against it. Jon asked for the Sparta board for the Gifford party on

Saturday night.

Jason said that he wanted to discuss the possibilities of having commentaries or editorials on the air. The difference between the two terms was explained (commentaries have a disclaimer at the end stating that the views expressed in the commentary are not necessarily those of the station) and having a three-person screening committee was discussed and the final decision was postponed until the next meeting. The editorials will be read by the staffmember proposing them, if they want to read it themselves, or by someone else.

Jon proposed that the next board meeting be a closed meeting to be held on Wednesday, March 30. The motion was seconded by Dave and passed unanymously except for Jon Glass who abstained.

Peter made a motion for adjournment which was seconded by Jon and passed unanymously.

Respectfully submitted,

Julie Peck

Jon Hart

WRMC BOARD MEETING MINUTES
May 4, 1977

The board meeting was called to order at 4:43 with the following board members in attendance: Jon Hart, Jeff Anderholm, Jon Glass, Leonard Krause, Jason Rubin, Chip Hoch, Karl Smelker, Charlie Kronick, Ritchie Porter, Jamie Walker, Peter Gardner, Kim Norris, Julie Peck, and Donald Kreis.

Jon Hart announced that the May 11th meeting will be the last one of the year and asked anyone who would not be continuing on the board next year to please let him know then. Jeff added that as there will be one more newsletter before the end of the year mentions of opening positions could be publicized that way. In other general announcements the Shirley Chisholm lecture will be broadcast in addition to being piped into the lounge in Proctor, the WRMC Staff party was cancelled and Jon reiterated that even if no decent replacement for Firing Line is found the show will be cancelled. Jon asked Karl about Jazz Revisited and was told that we are presently, and will continue to receive, new shows until part way into the summer as their semester subscriptions don't coincide exactly with our semesters.

Jon said that he thought the board deserved an explanation of why they had never gotten an editorial on the air after saying at the last meeting that there would be an editorial on the air during the week concerning the Campus's headline. He continued, to say that they had worked on it for three hours trying to say that the headline had been close but not quite right but found that they couldn't write another editorial without either continuing the former point or weakening the stand we had taken with that first editorial. Jason said that Bob Carola had apologized to him and Jon said that Bob had apologized to him too and had added that he had specified for them not to put any headline like that with the article.

There followed a lengthy discussion about the position of Traffic Manager arising from Peter's proposal that the Traffic Manager be separated from the Business Department, and be nominated by the Station Manager. It ended with a motion by Peter to postpone the motion to move the Traffic Manager until September which was seconded by Chip and passed unanymously.

Jason announced that the station would broadcast the Student Forum candidate debate with Chip and Dave engineering and Gen Howe, Jason and probably someone from the Campus staff (possibly Mark Corsey, a current reporter and the next editor of the Campus).

Peter said that as we are all aware of the fine job that the hockey broadcasters did and that there is a small surplus in the hockey funds that he would like to make a motion that the hockey broadcasters get a dinner out at the place of their choice. There was a discussion of the motion during which it was pointed out that if the broadcasters were allotted money for a dinner the engineers should be allowed to go as well and that the idea would then entitle many others to go out too so that the motion would lead to a general problem. Charlie pointed out that the broadcasters had not spent their money partly because they had counted on this, but Joan said that any extra money should go back into the sports account as it os a rolling account, so the vote was passed with one abstention.

Jon said that in the fall there was a discussion which he would like to renew, about paying a mileage fee for sportscasters when they can't take the team bus. Karl stated that he felt it could be abused dependent on the people as some might avoid the bus to take advantage of the mileage fee. Jon suggested that they have to come up before the board and give some proof that it would be necessary, and after some discussion about the difficulty of getting the board together revised his suggestion to having them contact the Business Director and Special Production Director. He made a motion that sportscasters unable to get the team bus be reimbursed at a rate of 10¢ a mile if they take their own car after receiving authorization and the motion was passed unanymously.

Karl brought up the T-shirts again and after Jon said that the original store would not be able to do them in the right colors it was decided that Karl would get a gross this summer and send them back here at the beginning of the year. The option of selling them at a slight profit to fund a staff party was discussed.

Peter made a motion to adjourn the meeting which was seconded by Jason and passed at 5:52.

Respectfully submitted,

Julie L Peck

WRMC Board Meeting Minutes
May 11, 1977

The following people were present at the last official board meeting of the 1976-1977 scholastic year: Jon Hart, Jeff Anderholm, Jason Rubin, Emily Langlie, Linda Foster, Ritchie Porter, Chip Hoch, Charlie Kronick, Marian Melcher, Peter Gardner, Kim Norris, Julie Peck and Donald Kreis.

Jon Hart announced that Jon Glass, Jason Rubin, Leonard Krause, Marian Melcher, Karl Smalker and Kim Norris will not be continuing on the board for next fall. Jason added that he was submitting his resignation with regret and would like to continue his "Newsmakers" show, but he feels that he will not be able to devote the time necessary for the day-to-day work of a director. His resignation will take effect on May 13th with Linda Foster acting as director from that date on. Jon Hart then asked if there were any suggestions for a replacement for Jon Glass. Jeff suggested Adrian. Charlie added that Joan will be his manager if she returns in the fall. Jon stressed the importance of getting the positions filled so that they can be approved at the first board meeting next year, and said that we should all count on being back a few days early so that we can get everything in order before classes begin.

Jon, Jeff, Todd Page and Linda will take care of the necessary correspondence for Record Relations for the summer.

Jeff asked if anyone had any additional Newsletter information. Peter suggested putting in another listing, with descriptions, of the opening positions. There will also be an announcement that everyone (with the exception of entering freshmen) will need to have a third class operator's license in order to get a show.

Jon wrote down the names, addresses and phone numbers of the returning board members for the 1977-78 directory.

Don Kreis was nominated for Classical Manager. Jason seconded the motion. Don then made a short speech saying that he doesn't think that the Classical department is taken seriously enough and vowing to recruit and train many new DJ's and to establish better rapport with the record companies. The nomination was approved unanymously.

Peter announced that all phones must be connected as there will be no reimbursement past the fifteenth of May. Chip asked how the final bills would be handled and was told to send his bill to the station where Jon will submit it with the voucher.

Jeff stated that the station will be running on sign-up basis from 8a.m. Sunday morning (the twenty-second) through May 29th.

Chip said that there is a volume control underneath the counter on the left for the new amplified headphone circuit, and asked that everyone use the black headphones as the others are not the right impedance for the circuit.

Jon added a few thoughts about the goals we had set for this year and what we needed to work on for next year. He restated his desire to get organized and on the air earlier next fall and to have more continuous training throughout next year. He invited everyone to give him suggestions for improvement and and said that he thought we should work at improving communications within the board and helping each other. He praised the newly-formed Music Department, and ended by saying that he thought we had all done a really good job. Jeff followed, saying that our "on-the-air" sound is a lot better and that he feels that the attitude has changed a good deal during the semester. Leonard praised the improved communications between the staff and the board.

The "Newsmakers" tape of the interview with Dr. Saul has been edited and may be sent to UVM for broadcasting there.

Karl, as his last official act, made a motion to adjourn after Jon's official farewell to Karl. Charlie seconded the motion and after the roll call vote Jeff called for the motion had been passed unanymously.

WRMC-FM Board Meeting Minutes
November 18, 1977

Present at the board meeting were : Jon Hart, Jeff Anderholm, Carolyn McIntosh, Ray Mitchell, Terri Dumas, Fred Klein, Linda Foster, Peter Gardner, Don Kreis, Stu Alden, Jamie Walker, John Sowdon, Ritchie Porter, Eddie Freeberg, Paul Nordstrom, Emily Langlie, Charlie Kronick and Julie Peck.

The meeting was called to order at 5:17 and Fred announced that he is planning to have the station run through Monday night and have it go back on the air by noon on Sunday and added that he will keep it going longer if he can.

A schedule was passed around for board members to sign up to sell T-shirts during lunches and dinners for the week after vacation as we have only sold fifty of the 163 shirts purchased.

Jon announced that the party is to be held on the Friday after vacation and that there will be a $1.50 admission charge. He also said that the work for renewing the station's license has been finished and Blythe is completing the typing for it now.

Jon declared that he would accept nominations for the 1978 Board of Directors from the current board and the nominations began with Jamie nominating Adrian Benepe for Music Director and Jeff seconding the nomination. Carolyn nominated Stu Alden for Engineering Director and Peter seconded it. Chip nominated Don Kreis for Station Manager and Peter seconded it. Jeff nominated Terri for Programming Manager and Chip seconded it. Joan Siefert was nominated for the same position by Don and that nomination was seconded by Peter. Peter nominated Julie for Business Director and Jamie seconded it. Linda nominated Gen Howe for News Director and Charlie seconded it. Ray nominated Charlie McCarthy for Engineering Director and Linda seconded it. Don nominated Peter for Special Production Director and Jamie seconded it. Jeff nominated Ernie Freeberg for the same position and Charlie seconded it. Ritchie Porter nominated Jill Dineen for Programming Manager and Carolyn seconded this final nomination. Peter made the motion to close the nominations from the Board of Directors. Jeff seconded it and it was passed with one opposing vote. Jon announced that the meeting for the elections will be held on Thursday, December 1st, in Proctor Lounge.

There were a few brief reminders for people to come help stuff boxes and help distribute fmphasis, and to get the advertising for the hockey games, and then Emily made the motion for adjournment, Julie seconded it and the meeting dissolved.

Respectfully submitted,

Julie A Peck

OFFICIAL MINUTES OF BOARD MEETING
February 12, 1979

Present at the meeting: Betsey Sweeney, Linda Shernan, John Klein, Lou Demchuk, Pam Cross, Don Kries, Clint Mcdonald, Jill Dineen, Dave Depodwin, Andy Kleat, Lauren Ross, Caleb Rick, Jon Morlon, and Stu Alden.

Proposal brought up by staff members John Klein and friends to introduce a show of "Show Tunes" as a special program for broadcast, one hour in duration. Discussion included problems of scheduling said program and proposal was tabled.

New schedule for Spring Term 1979 was presented and discussed.

A motion was made to ~~satisfy~~ ratify said schedule made by Lou and seconded by Jill and approved unanimously.

Jon Morlon was nominated as Sports Manager by Dave and was sworn in unanimously.

Andy Kleat was nom9nated for news manager by Clint and was sworn in unanimously.

Donald showed displeasure with the NAB and wanted to replace our membership in said organization with one in the National Federation of Community Broadcasters. Motion was tabled at Don's request.

Hockey broadcasts were discussed, especially the less than pleasing conduct of broadcasters Halsey and Renard. Possibilities of discontinuing hockey broadcasts in the future were discussed. Don stated that WRMC would not be dictated to by the administration.

100 watt conversion report presented by Don. WRMC is now ready to write formal technical proposal for conversion.

Activities fair discussed. Don volunteered to represent WRMC.

Staff meeting planned for thursday at 4:15. All departmants will represent themselves.

Film "Let It Be" was confirmed for showing March 2.

Meeting Adjourned.

WRMC Board Meeting
February 18, 1980

In attendance were Ben K. Roe, Ernie Freeberg, Dan Newberry, Tom Pansky, Elizabeth Skofield, Tom Cagnina, Caleb Rick, Andy Kleit, Mike Tharp, Tom Freudenheim, Eric Rubel, Meredith McGuire, Pam Nelson, John Buerger, Dave Thorne, and Lauren Ross.

The meeting was called to order at 8:47PM.

Ben announced that he would meet with President Robison later this week to discuss the proposed amendments for the MCRS constitution. Ben said that the President did not seem to be in a hurry.

The Intercollegiate Broadcasting System convention is March 21-23 in New York City. The registration fee is $29. Anyone interested in going should see Ben.

Covering Winter Carnival skiing events was discussed. Alpine events will be at Stowe with Nordic contests at Breadloaf. Caleb suggested broadcasting every 2 hours from Stowe. Tom Pansky asked for a cost breakdown of such a coverage. The Board voted unanimously, with Tom abstaining, that a decision should be made Thursday by a committee consisting of Ben, Ernie, Tom, and Caleb.

Ben presented his idea of a Monday Memo to improve relations with the staff. Each Director is asked to submit memos to Ben's box.

Ben noted that logs have been deteriorating in quality. He askedthat more work be put into them.

Ben asked Tom Cagnina if he knew when proposed budgets should be submitted. Tom said he would speak to Jim Collins about it.

Ernie asked for two weeks notice for broadcasting live concerts. This way, the proper arrangements could be insured.

Caleb asked for DJ's to play the disclaimer if they wish to do commentaries over the air.

Ernie presented the Spring schedule. It is basicly the same as this winter's, with a few changes. The major difference is that Rock shows will be on weekdays from 9-11:46PM, with the Blues from midnight to 2AM.

There will be new slots for special programming. The Thirsty Ear will be presented Fridays at 11PM. Slots are also scheduled additionally for Thursdays and Fridays at 8:30PM and Saturdays at 7PM.

Sundays will have New Chataqua at 8PM, followed by the news at 9 and the Best of Broadway at 9:15.

There will be 10-minute newscasts weekdays at 8AM, Noon, and 11PM. Weekdays a ½hour news broadcast will be presented at 5PM, followed by a special production at 5:30.

Mike asked for classical shows on Friday afternoon. He said that there is a large amount of listener interest at that time. Mike also said that there is an excess amount of qualified classical announcers. Other members of the Board, however, disagreed with Mike and said that there was a large amount of interest in rock at that time.

Caleb moved to approve the schedule, with an amendment to give Ernie the option to place a classical show 5-7AM on Sundays. The motion was approved, with Tom Pansky opposed and Mike in abstenstion.

John Buerger moved that it become station policy that DJs who are pre-empted by hockey games are obliged to fill in the rest of their shows. John's motion was approved unanimously.

John nominated Meredith McGuire to be Engineering Manager. The motion was approved unanimously.

Dan explained the new record library key policy. Only a few keys will be issued, with one on reserve at Campus Security. Security will have a list of who to give the key to.

There will be a staff meeting Thursday the 21st at 4:15 in Monroe Lounge.

The meeting was adjourned at 7:15.

Respectfully submitted,
Andy Kleit, Business Manager

OFFICIAL BOARD MEETING MINUTES
February 25, 1979

Those present: George, Dave D., Dave S., Caleb, Don, Ben, John, Clint, Kleat, Jill, Lou, Jim.

Don moved to replace WRMC's membership in the NAB with a membership in NFCB. Motion passed unanimously.

Don complimented the exemplary coverage of the Winter Carnival sports events.

Caleb's mom's visit to the station was discussed.

Don told us that Hugh McKenney visited the station.

Delta Upsilon's and other snow sculptures were discussed in detail.

Don feels that logs are not descriptive enough. This point was found to be invalid in following discussion. However, logs have not been prepared properly by traffic manager and have not been filled out properly by operators.

A policy of noncooperation with John Heddon and his organization was discussed because of Heddon's lack of cooperation with WRMC. His failure to recognize WRMC's promotion of the Winter Carnival Concert was frowned upon by the Board.

Dave Halsey was discussed again. He must be diciplined but board is not sure how to effectively do this. WRMC is committed to broadcast all play off games.

Logistics of March 2 movie were discussed.

Meeting adjuorned.

Official Minutes 3/4/79

Those present: Dave Stors, Dave Defadwen, Ben Cole, Don Knees, Dave Seachrist, Caleb Ritz, Lou Demchuk, Jim Collins, Jill Deneen

Ben introduced point that engineers have not shown up for engineering Chapel service. An Engineer played Moon Over Monaco instead of Christian Fellowship.

Dave B. says he will urge C.E. to be more diligent in their efforts.

Don wants a stop to trial + error radio w/ more intensive D.J. training.

Don thinks that Engineering Dept. is being lax in its performance to the station.

Don seeks to have Management of station remain anonymous on the air.

Ben says that the station's dirty laundry over the air. Board concurs w/ Don + Ben.

Don discussed logging deficiencies with Dave Stors.

Don discussed problems with library openings and missed shifts by librarians.

Meeting adjourned.

Official Board Meeting Minutes 3-11-79

Those present: Dave Seachrist, Lou Denchuk, Don Krebs, Ben Roe, George Manderosian, Dave Stone, Pam Goss, Calif Rick, Clint McDonald, Charlie McCarthy, Jon Moland and of course Jim Collins

Meeting opened with a growl from Donald since a D.J. sleeping replacement called him at 6:15 a.m. What to do about this?
Due to circumstances, this recalcitrant D.J. will be reprimanded and not dropped as has been past policy.
Traffic department spoken to. Lack of acts.
News broadcasts must be taken more seriously.
We need more P.S.A.'s
Washington consultant is going to file application for power increase.
WBLR is going to file for 3000 Watt power. This Don thought might pose a threat to WRMC since they're @ 91.7 but since they are going commercial, they'll have to move
Dave Sockhead made an impassioned appeal for more library volunteers.
Ben points out that there has been a lack of communication with newer staff members.
Prog. Dept. will try to open new channels of comm.
Calif suggested a staff meeting.
It was set for March 20 Tuesday.
Business Dept. pointed out that money was running out.
Should WRMC be open to airing student/news points and to expose problems on the Campus.
Board feels it is important to start to represent public opinion and steps will be taken to do this.

Charlie brought up Halsey issue. He feels lack of communication was problem and cause of irritation.
Board told Charlie about how they felt about said issue.

Board Meeting 7/26/79

Called to discuss the budget request.
Clint & Don want to add V.A.M.P.
membership to WRMC's list of expenses
for $915 a year.
Clint moved to take half a year's worth
of V.A.M.P.
Motion was ~~not~~ defeated 10 votes to 2.
There were five abstentions.
Next, budget request was voted on.
It was approved as presented by
a vote of 12 to 2.

There were 3 abstentions

The budget will be submitted as
presented to the Finance Committee with
a dissenting statement from the General Manager.

Board Meeting 5/6/79

Vote for amendment to constitution was discussed. Tom Pansky & Jon Allins showed displeasure with procedure of vote (non voters by staff members were considered yes votes). Caleb Rick defended the procedure, saying that all speed was necessary in accomplishing the vote. Don Gries defended the procedure since it has "always been followed."

Jon Moreland nominated and approved as Special Productions Manager.

Sign up schedule begins Saturday after classes end.

We should be on the air through commencement.

Election for New News Director to replace Clint.

Present at meeting: Don, Jill, Stu, Dave Storrs, Tom Cagnina, Jon Moreland, Dave Seachrist, Dave Depodesta, Caleb, Clint, George M., Ben, Andy Kleat, Tom Pansky, Ms. Hopkins

Andy Kleat ~~and~~ gave a nice speech.

Debbie Richmond also gave a nice speech.

Discussion followed.

Andy was elected.

Meeting Adjourned

pm - minutes of recent board mtg -

Here - Kreis, Senchrist, Kleit, Dinneen, Alden, Delodewin, Ricky Storrs, Moreland, McDonald, Collins, Marderosian, Demchuk

Kreis - thanks to all who helped with festival
- most probably we will be on the air this summer
- renovation probability - we might be moving to Gifford
- rumors about budget - sports might pass

Nominations for News Director
1) Andy Kleit
2) Liz Hopkins
3) Tom Arcidiacona

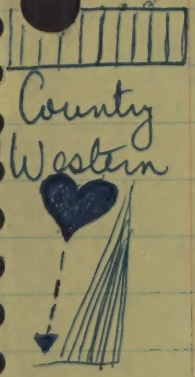
Caleb - constitution amendment regarding requirement that voting members of board be present at board elections. This regards Chapter 6 Sec. B.
motion passes overwhelmingly. ~~(see attached copy)~~

In order to cast a ballot for a given election, a voting member of the board must be present for the entire election process (candidate's speeches, discussion and the balloting) for that directorial position. If a candidate is also a voting member he/she is exempt from the discussion. There will be no voting by proxy.

Board Meeting April 22, 1979
Present: Stu Alden, Don Kries, Lou Demchuk, Jill Dineen, George Mardesosian, Pam Cross, Ben Roe, Dave Depodwin, Andy Klein, Jim Collins,

MAKE IT FUNKY whatcha gonna play now Bobby? I don't know, but what ever it is I gonna

Don is disturbed about the "credibility meltdown" of the management of WRMC.
Donald tells us that WRMC will broadcast in a fine arts format.
There have been serious questions about a Hockey receipt, Woodstock posters, + cassettetapes that were ordered.
The Board's reputation in the S.A. office is on the decline.
Caleb came in.
Lou left + Jim left to fix up Woodstock.
BKL - Lyric opera in. We're on list of classical stations in US.
DMK VT Pub Radio - transmitter on Mt Mansfield we're no longer only non-comm. in area. (1 year.)
Clint will be coming
the question of Stu-fix stuff!
FF's in studio - what will happen?
Sparta board - ask Collins
Lou returns. - we got wrong cash box.
we hate Cookie. if he's half-baked.
androgynous clones of eng. dept. - waste them.
[redacted] especially Carehead.
Andy's nightmare about Jon Klein.
Jon returns.
BKL - Stu should show up
Clint arrives.
Bluegrass Festival broadcast details were explained.
Renewal of loops is possible.



Don Newberry

Sept. 10, 1979 Board Meeting Minutes

Present: John Moreland, George Morderosian, Calib, Rick, Dave Defodwin, Dave Seachrist, Don Kreis, Liz Hopkins, Andy Kleat, Ben Roe, John Doe, Lou Demchuk, Stu Alden, John Castle.

Meeting called to order. We need managers for numerous positions.

Don nominated John Castle for non classical manager. John was voted for unanimously.

Andy nomerated Liz Hopkins for news manager. Liz was voted for unanimously.

Donald opened floor for questions about summer broadcasting. Donald found that running the station in the way he did was too chaotic to be done again.

There was not much reaction from the administration. Language school people were in favor of it. F

There were 25 hours of jazz and 70-80 hours of classical, broadcast about 16 hours a day, each week.

Don views the 100 watt change as more ceremonial than practical, in order to avoid FCC termination.

Glyn Robison's office has the 100 watt proposal.

WRMC is now affiliated with Associated Press.

Ben read to us about the impending problem of getting free records

The CAMPUS is being moved and AKMC will expand its facilities someday soon.

A new accounting system has been adopted where each department has its own bank account.

Activities fair is Wednesday. We will go to McCullough and put on our usual show.

New schedule was proposed and discussed.

Board Meeting Minutes 9-17-79

Don, Ben, Lou, George, Dave F, John K., Dave S., John M, Tom C. and others.

Motion passed to eliminate eating in the control room.
Don invited any director to go w/ him to the Fincom for money.
Tom C. described the new programming guide.
Jim C. nominated Tom Freudenheim for Traffic Manager. He was voted in unanimously.
WRMC will show a movie for the benefit of the United Way.

Board Meeting Minutes 10/1/79

Tom Frendenheim, Tom Cagnina, Tom Depodwin, Tom Demchuk, Tom Tassel, Tom Hopkins Tom Seachrist, Don Ellis, Ben Roe, and Tom Rick and Tom Collin.

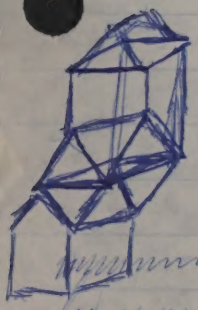
Tom Seachrist urged new steps should be taken to prevent record loss through new library procedures.

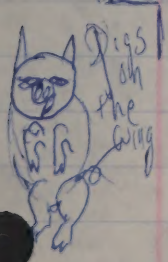
Don discussed memorandum from Dean Spencer that was issued by President Olin Robison which asks WRMC to reassess its broadcasting philosophy. Donald believes that the structure of WRMC's management is under question by President Olin Robison as to its credibility as potential managers of a 100 Watt station. Donald also believes that replacement of the management subverts its very existence as an autonomous student run organization. The Board will remain open to the aspects of this memorandum.

turn on your love light

Ray White of WHIR is coming as a guest speaker this weekend if approved by the Finance Committee which will be replaced.

John Tassel brought up problems with PF Radio News.





Board Meeting Minutes 10-8-79
Lou, Dave S., Don R, Jim, Dave D., John, Ben, Andy, Tom, Jon L, Jon B.

Don discussed the upcoming discussion at the up coming Community Council meeting - Concerning the status of the management of ARMC.

Possibilities of airing hockey this year ~~out~~ will probably be raised by finance committee Board wants to lay low on issue.

Jim nominates Tom C for business manager Voted in unanimously.

Meeting adjourned.

WRMC-FM
BOARD MEETING MINUTES
Thursday, 29 November 1979

The meeting was called to order at 5:50 P.M. Don Kreis, Ben Roe, Lou [illegible]chuk, Jim Collins, John Kassel, Dan Newberry, Liz Hopkins, Andy Kleit, Tom Freudenheim, Dave Seachrist, Dave DePodwin, John Buerger, Caleb Rick, Eric Rubel, Peter Webber, John Fischer and Tom Cagnina were present. — Who?

Don Kreis began the meeting with a description of last year's election procedure. After a brief discussion the board decided to use the same method for the upcoming elections.

Each candidate will be allowed to make a speech. After all of the candidates for one office have spoken, there will be a question and answer period. There will be no time limit for either this period or the speeches. Everyone except board members will then leave the room. The board will then have an opportunity to discuss the candidates. Voting will be by secret ballot. In order to win, a candidate will have to obtain a majority of the votes.

Anyone wishing to be nominated for a position may do so by submitting a ballot with the signatures of five staff members by 7:00 P.M. Tuesday, 4 December 1979. All staff members are invited to attend the elections, which will be held at 7:00 P.M. Thursday, 6 December 1979.

Don then opened the nomination proceedings. The following persons were nominated:

for President and General Manager:	Caleb Rick, Ben Roe
for Program Director:	John Buerger, John Fischer, Tom Freudenheim, Eric Rubel
for News Director:	Andy Kleit, Liz Scofield
for Special Productions Director:	Tom Pansky, Peter Webber
for Business Director:	Tom Cagnina
for Engineering Director:	John Buerger, Rob Schomburg
for Music Director:	Dan Newberry

Jim Collins informed the Board that the Staff Party will be held Wednesday 5 December from 9:00P.M. to 2:00A.M. at the Alibi. Invitations have been sent to all staff members. The appearances of the bands have been confirmed, and a County Sheriff has been hired to stand at the door. Tickets are $2.00 and will be sold solely to the staff until Sunday. Beginning Monday, tickets will be available to the public. The public sale of tickets is necessary because the Finance Committee made this a condition of its funding of $100.00 to WRMC for the party.

The party will be broadcast live from 9:00 P.M. to 1:00 A.M. Volunteers are needed for the half-hour engineering shifts.

The first hockey broadcast of the '79-'80 season will be the Monday 5 December game at McGill.

Dan Newberry reported that the Record Library has been doing well in its attempts to recover stolen records. He thanked the Board for its co-operation.

The meeting adjourned at 6:21 P.M.

Tom Cagnina, Business Manager

WRMC Board Meeting Minutes

December 6, 1979

The meeting was called to order at 7:10. Present were board members Stu Alden, John Buerger, Tom Cagnina, Jim Collins, Lou Demchuck, Dave DePodwin, Tom Freudenheim, Liz Hopkins, John Kassel, Andy Kleit, Don Kreis, John Moreland, Dan Newberry, Caleb Rick, Ben Roe, and Dave Seachrist. Also present were John Fischer, Ernie Freeberg, Peter Gardner, Nipper, Tom Pansky, Jill Rosser, Eric Rubel, Elizabeth Skofield, Nell Stifel, Dave Thorne, and Peter Webber.

Before the elections were held, Don mentioned that he will meet with David Ginevan next Monday about the upcoming renovations to WRMC.

The elections were next on the agenda. Don outlined the procedure as follows: the candidates would give a short speech to be followed by a question and answer period. The candidates and all non-board members would then be asked to leave the room and discussion among the board members would follow. The others would then be invited back into the room and voting by the voting members of the board would follow.

The nominees for each office and the winners are listed below.

Station Manager: Caleb Rick and Ben Roe
winner: Ben Roe

Program Director: Eric Rubel, John Fischer, Ernie Freeberg, and Dave Thorne
winner: Ernie Freeberg

News Director: Andy Kleit and Elizabeth Skofield.
winner: Elizabeth Skofield

Special Productions Director: Peter Webber and Tom Pansky
winner: Tom Pansky

Business Director: Tom Cagnina ran unopposed

Engineering Director: John Buerger and Rob Schomburg
winner: John Buerger

Music Director: Dan Newberry and Dave Thorne
winner: Dan Newberry

This board of directors will take over in January, 1980.

The meeting was adjourned at 11:05.

Respectfully submitted,

John Moreland, Special Productions Manager

WRMC Board Meeting
December 12th, 1979

In attendance were Ben K. Roe, Don Kreis, John Buerger, Ernie Freeberg, Elizabeth Skofield, Lauren Ross, Jim Collins, Tom Freudenheim, Dan Newberry, Caleb Rick, Andy Kleit, Dave DePodwin, Mike Tharp, Tom Pansky, John Kassel, and Tom Cagnina.

The meeting was convened at 5:45PM. Ben announced that he, Don, Jim, and Tom Cagnina had met with David Ginevan at the station to discuss renovation. Blueprints of Proctor will be given to the Board to assist in suggesting changes. WRMC is second on the list of renovations, after the dining units.

Ben and Don spoke of their meeting with Dean Spencer. The arrangements for summer broadcasting in 1980 were said to be progressing smoothly.

Don said that the application for boosting the station's power to 100 watts is waiting to be signed by Old Chapel.

Ben welcomed the 1980 Board. He said he is looking forward to a good year at WRMC. Ben stated his desire that interior dissent on the new Board be kept to a minimum. Ben asked that if anyone had any problems with the way the station was being run that they talk to him about it instead of letting it cause frustration to build up.

The floor was opened for nominations.

Ben nominated Don Kreis for Acting Station Manager, Winter Term.
The nomination was accepted unanimously.

Ernie nominated Caleb Rick for Non-classical Manager
The nomination was accepted unanimously.

Ernie also nominated Mike Tharp for Classical Manger
The nomination was accepted unanimously.

Elizabeth nominated Lauren Ross for News Manager.
The nomination was accepted unanimously.

Tom Cagnina had several nominations:

Jim Collins for Acting Business Director, Winter Term

Andy Kleit for Business Voting Manger

Jim Collins for Advertising Manager

Tom Freudenheim for Traffic Manager

All of Tom's nominations were accepted unanimously.

Dan Newberry asked to be informed if anyone was interested in being Record Librarian.

The time for Board meetings for Winter Term was set at 5;30PM on Mondays

The meeting was adjourned at 6;14PM.

Respectfully submitted,

Andy Kleit

Business Manager

8

WRMC Board Meeting
January 9th, 1980

In attendence were Don M. Kreis, Ernie Freeberg, Elizabeth Skofield, Lauren Ross, Caleb Rick, Dan Newberry, Andy Kleit, John Buerger, and Tom Freudenheim.

The meeting was called to order at 5:50PM.

Don announced that our 100-watt application has been sent to Washington. The FCC will notify us if the application is filed properly and will then review it for acceptance. Don estimated the procedure would take about a year. Don also announced that he had received a note from Dean Spencer that was not in favor of summer broadcasting for WRMC.

Ernie presented the program schedule for Winter Term. Late night shifts will be reduced from 3 to 2 hours. Ernie said that 3 hours was just too long for trainees. Classical music will be on Monday through Thursday from noon to 5PM. Evening News will be 5PM on M-F, followed by a ½hour special production M-Th at 5:30. Jazz will be on M-Th 6-9PM with Blues on M-F 9-11PM. Rock will be on M-F 11PM-2AM. At 11:45PM M-Th a 15 minute "creative" program will be aired. The Thirsty Ear will be played Fridays 5:30-6:30PM. Saturdays will have 3 hour shifts. Classical music, Chapel services, Dutch Concert Hall, and Chicago Symphony will be on Sundays 7AM-6PM with Jazz Alive running from 6-8PM. Show Tunes will be presented Sundays 8-9PM. For more details on the programming schedule see Ernie or Caleb.

Ernie asked that the Board take a positive attitude towards alternative programming. He also asked that more work be done on carts. Don mentioned Peak Week as an example of something to be publicised on carts.

Don presented a blueprint of Proctor, 2nd Floor. He outlined the procedure for renovation. Don is open to suggestions from anyone. A copy of the blueprint will be put up at the station.

There will be a staff meeting Thursday, January 10th at 4PM in Proctor Lounge.

The next Board will be Monday, January 14th at 5:30PM.

The meeting was adjourned at 7PM.

Respectfully submitted,
Andrew Kleit, Business Manager.

WRMC Board Meeting
January 14th, 1980

In attendance were Don M. Kreis, Ernie Freeberg, Elizabeth Skofield, Tom Pansky, Andy Kleit, Lauren Ross, Dave Thorne, Dave Seachrist, Tom Freudenheim, Meredith McGuire, and Dan Newberry.

Dave Seachrist asked Ernie to describe the "11:45 specials". Ernie explained that they are 15-minute programs presented Monday-Thursday at 11:45. The format is flexible and Ernie is looking for creative ideas.

Don took out the blueprints of second-floor Proctor and presented his suggestions for renovations. The Board discussed Don's proposals and was in general agreement with them. A more detailed version will be presented later.

Dan Newberry nominated Dave Thorne for Record Librarian. The nomination was accepted unanimously.

The meeting was adjourned at 6:30PM.

Respectfully submitted,

Andy Kleit, Business Manager

WRMC Board Meeting
January 14th, 1980

In attendance were Don M. Kreis, Ernie Freeberg, Elizabeth Schofield, Tom Pansky, Andy Klein, Lauren Ross, Dave Thorne, Dave Seachrist, Tom Freudenheim, Meredith McGuire, and Dan Newberry.

Dave Seachrist asked Ernie to describe the "11:45 specials". Ernie explained that they are 15-minute programs presented Monday-Thursday at 11:45. The format is flexible and Ernie is looking for creative ideas.

Don took out the blueprints of second-floor Proctor and presented his suggestions for renovations. The Board discussed Don's proposals and was in general agreement with them. A more detailed version will be presented later.

Dan Newberry nominated Dave Thorne for Record Librarian. The nomination was accepted unanimously.

The meeting was adjourned at 6:30PM.

Andy Klein, Business Manager

WRMC Board Meeting
January 21st, 1980

In attendance were Don M. Kreis, Ernie Freeberg, Caleb Rick, John Buerger, Tom Pansky, Jim Collins, Meredith McGuire, Dave Thorne, Paul Cramer, Elizabeth Skofield, Peter Webber, Andy Kleit, Bill Winkelman, Lauren Ross, Tom Freudenheim, and Dan Newberry.

The meeting was called to order at 5:48PM.

Tom Pansky nominated Peter Webber to be Special Productions Manager. The nomination was accepted unanimously.

Ernie nominated Bill Winkelman to be Publicity Manager. The nomination was accepted unanimously.

Don brought to the attention of the Board a meeting he had with Mrs. Flickinger and Acting Dean Rockefeller. Don was informed of Old Chapel's idea of setting up an advisory board for WRMC. This board would consist of representatives of the administration, faculty, town population, and perhaps some students. Don asked for the Board's views on the idea.

Jim pointed out that such a council would repudiate the decision last fall of the Community Council. Jim also noted that no specific details of the proposed council are available.

Caleb expressed his support of such a council, but only if it consisted solely of members of the Middlebury town community. Caleb commented that the college community already has access to the station.

Both Elizabeth and John were skeptical of the college's motives and felt that perhaps the college is trying to obtain more power. John stated his belief that a proper advising system exists now.

Don suggested that if the college is worried about its responsibility for the station the college should divest itself of WRMC's license.

Jim said that in his opinion advise from the college community is always welcome and that there is a need for advise from the town community. Jim also stated his opposition to an advisory council that would have a direct say in programming. The Board agreed with Jim's comments but reserved futher comments until specific details are available.

Tom Pansky mentioned that "Chameleon Live" will be presented

from the Alibi Wednesday 9:30PM to 12 midnight. Tom asked Bill to publicize the event.

Dan presented the new playlist to the Board.

Caleb mentioned that there are thirteen new late-night DJs who are willing to help out with work around the station.

Ernie asked if anyone had any comments about the new program schedule. Jim questioned having blues on every weekday night. Jim was skeptical that listener interest justified so much blues. Ernie explained that he is trying to present more blues to an audience that would otherwise not hear them. Dan said that there is a lack of quality in rock programming and the addition of blues improves the playlist. Caleb pointed out that WRMC is the only alternative station available to our listening audience.

Paul Cramer stated his view that many in the college were not tuning into WRMC's alternative format. Tom Pansky suggested a survey so it could be siad just what people want to listen to.

Caleb emphasized that the "11:46 Specials" are open to everyone on the staff.

The meeting was adjourned at 7:05PM

Respectfully submitted,
Andy Kleit, Business Manager

Andy Klait, Business Manager

WRMC Board Meeting
January 28th, 1980

In attendance were Don M. Kreis, Ernie Freeberg, Dave Seachrist, Tom Pansky, Jim Collins, Meredith McGuire, Lauren Ross, John Buerger, Andy Kleit, Elizabeth Skofield, Dan Newberry, Caleb Rick, Dave Thorne, Tom Freudenheim, and Steven Rockefeller.

The meeting was called to order at 5:45PM.

Tom Pansky read a letter from Roberto Veguez asking for a Spanish show similar to the French show. Tom was uncertain whether to give up a ½hour spot for it. It was suggested that a Spanish show alternate with the French show.

Dean Rockefeller passed out a memo from President Robison explainig the proposal for an advisory board for the station. The council would consist of Mrs. Flickinger, Mr. Nief, Dean Perry, two students, a faculty member, and one or two members from outside the college community. Because the station is expanding its power to 100 watts, the college's responsibility will increase. The President desires some type of acvisory council to give the town community more input into the station.

Tom Pansky asked Mr. Rockefeller why more people from outside the community are not on the proposed council. Mr. Rockefeller said that this is a possible change.

Caleb wondered how often this council would meet. Caleb said he felt it would not be good for such a council to control programming. Caleb also expressed satisfaction with the present advisory system.

Mr. Rockefeller said the President does not like the present advisory system. The President feels the Community Council does not have the time to be well informed about the station. Mr. Rockefeller said the council would not have a direct say in programming. He also emphasized that nothing in the proposal is fixed.

The matter will be discussed Wednesday during the Community Council meeting at 3PM. All interested staff members are urged to attend.

The meeting was adjourned at 6:45PM.

Respectfully submitted,
Andy Kleit, Business Manager

WRMC Board Meeting
February 4th, 1980

In attendance were Don Kreis, Caleb Rick, Jim Collins, Tom Pansky, Elizabeth Skofield, Tom Freudenheim, Peter Webber, Andy Kleit, Dave Thorne, and Dan Newberry.

The meeting was called to order at 5:45.

There was disappointment expressed that Ernie was not at the meeting. Tom Pansky said that this would have been a good time for the Board to make suggestions for spring programming.

Don presented President Robison's proposed amendments to the Middlebury College Radio Service constitution. They are as follows:

Article IIB changed to:

WRMC shall be operated in accordance with the standards set by the President and Fellows of Middlebury College, or by their duly authorized representatives. In the event of disagreement between the President of the College and the Board of Directors of the MCRS, the President shall consult with the Community Council before taking any action.

Article XII changed to:

Section A: There shall be a MCRS Advisory Board which shall be appointed by the President of the College and which shall be made up of the Director of Student Activities, the Director of Public Affairs, the Dean for Program Development, a representative of the Summer Language Schools, one faculty member, two students, the Station Manager of WRMC "ex officio" and a minimum of two local community members. It shall be the responsibility of the Advisory Committee to advise the Student Board of Directors of MCRS with respect to community service, summer operation, compliance with FCC regulations, programming opportunities, etc., and to submit to the President periodic reports and recommendations pertaining to WRMC matters.

Section B: If the Advisory Committee and the Student Board of Directors of MCRS cannot agree on some matter, the Advisory Committee shall be free to notify the President of the College or a representative of the President.

February 4th, 1980

Section C: If the President of the President's representative believes that the MCRS is not operating in the best interests of Middlebury College, he or she shall take the following steps:

1. The President of the President's representative shall consult with the President of MCRS. It shall be the responsibility of the President of MCRS to make any changes he/she deems necessary as a result of the complaints.

2. If the President of the College or the President's representative is not satisfied with the action taken by the President of MCRS, he shall then consult with the Community Council.

Section D: In the event of the removal of an officer of the MCRS by the Community Council, appeal may be made to the President of the College by the removed officer.

Section E: Article XII may not be amended without the permission of the President of the College.

Tom Pansky, John, and Don were troubled at the replacement of the word 'mediate' with the word 'consult' in Article IIB. This seemed to them to be an attempt by the President to perhaps brush aside any Community Council recommendations.

It was suggested that the proposals be postponed until spring term so that more thought could be devoted to them and so that the Board could have Ben Roe's opinion.

Tom Pansky moved to table the proposals until the next Board meeting. The motion was approved unanimously, with Don abstaining.

The next Board meeting was set for Monday the 18th at 5:30. A staff meeting was scheduled for Thursday the 21st at 4:15.

The meeting was adjourned at 6:15

Respectfully submitted,
Andy Kleit, Business Manager

MIDDLEBURY COLLEGE / *MIDDLEBURY, VERMONT 05753*

February 4, 1980

Professor Steven Rockefeller
Acting Dean of the College
Old Chapel
Middlebury College

Dear Dean Rockefeller:

Pursuant to your request, I presented the amendments to the MCRS Constitution proposed by President Robison to the WRMC Board of Directors at its meeting earlier this evening. After some discussion, the Board voted unanimously (with my abstaining vote) to table this resolution until its next meeting, which is scheduled for Monday, February 18.

I infer that this decision was reached for two reasons. First, the Board is aware that I am serving as Station Manager of WRMC on a temporary basis only and would prefer that this decision be made under the direction of my permanent successor. Secondly, I sense that Board members desire some time to study the President's suggestions, now that they have been made.

Additionally, however, I sensed that it is very unlikely that the Board will approve these amendments under their present wording. For reasons which you and I may sense are merely cosmetic, virtually every board member I have spoken with is unwilling to relinquish the station's right to have the Community Council serve as the arbiter of disputes.

As you know, I strongly support the establishment of an Advisory Board to WRMC. I remain quite confident that this can be accomplished under parameters that are satisfactory to all parties.

After the beginning of spring term, all correspondence relating to WRMC should be sent to our New Station Manager, Benjamin Roe '81. I, however, remain continually at your disposal as a concerned member of the College community with expertise in this area.

Sincerely,

Donald M. Kreis '80
Station Manager
WRMC

cc: Mrs. Flickinger

WRMC Board Meeting
February 18, 1980

In attendance were Ben K. Roe, Ernie Freeberg, Dan Newberry, Tom Pansky, Elizabeth Skofield, Tom Cagnina, Caleb Rick, Andy Kleit, Mike Tharp, Tom Freudenheim, Eric Rubel, Meredith McGuire, Pam Nelson, John Buerger, Dave Thorne, and Lauren Ross.

The meeting was called to order at 8:47PM.

Ben announced that he would meet with President Robison later this week to discuss the proposed amendments for the MCRS constitution. Ben said that the President did not seem to be in a hurry.

The Intercollegiate Broadcasting System convention is March 21-23 in New York City. The registration fee is $29. Anyone interested in going should see Ben.

Covering Winter Carnival skiing events was discussed. Alpine events will be at Stowe with Nordic contests at Breadloaf. Caleb suggested broadcasting every 2 hours from Stowe. Tom Pansky asked for a cost breakdown of such a coverage. The Board voted unanimously, with Tom abstaining, that a decision should be made Thursday by a committee consisting of Ben, Ernie, Tom, and Caleb.

Ben presented his idea of a Monday Memo to improve relations with the staff. Each Director is asked to submit memos to Ben's box.

Ben noted that logs have been deteriorating in quality. He askedthat more work be put into them.

Ben asked Tom Cagnina if he knew when proposed budgets should be submitted. Tom said he would speak to Jim Collins about it.

Ernie asked for two weeks notice for broadcasting live concerts. This way, the proper arrangements could be insured.

Caleb asked for DJ's to play the disclaimer if they wish to do commentaries over the air.

Ernie presented the Spring schedule. It is basicly the same as this winter's, with a few changes. The major difference is that Rock shows will be on weekdays from 9-11:46PM, with the Blues from midnight to 2AM.

There will be new slots for special programming. The Thirsty Ear will be presented Fridays at 11PM. Slots are also scheduled additionally for Thursdays and Fridays at 8:30PM and Saturdays at 7PM.

Sundays will have New Chataqua at 8PM, followed by the news at 9 and the Best of Broadway at 9:15.

There will be 10-minute newscasts weekdays at 8AM, Noon, and 11PM. Weekdays a ½hour news broadcast will be presented at 5PM, followed by a special production at 5:30.

Mike asked for classical shows on Friday afternoon. He said that there is a large amount of listener interest at that time. Mike also said that there is an excess amount of qualified classical announcers. Other members of the Board, however, disagreed with Mike and said that there was a large amount of interest in rock at that time.

Caleb moved to approve the schedule, with an amendment to give Ernie the option to place a classical show 5-7AM on Sundays. The motion was approved, with Tom Pansky opposed and Mike in abstenstion.

John Buerger moved that it become station policy that DJs who are pre-empted by hockey games are obliged to fill in the rest of their shows. John's motion was approved unanimously.

John nominated Meredith McGuire to be Engineering Manager. The motion was approved unanimously.

Dan explained the new record library key policy. Only a few keys will be issued, with one on reserve at Campus Security. Security will have a list of who to give the key to.

There will be a staff meeting Thursday the 21st at 4:15 in Monroe Lounge.

The meeting was adjourned at 7:15.

Respectfully submitted,
Andy Kleit, Business Manager

WRMC Board Meeting
February 25, 1980

In attendance were Tom Cagnina, Ernie Freeberg, Caleb Rick, Andy Kleit, Hugh Montgomery, Elizabeth Skofield, Tom Freudenheim, Bill Winkelman, Mike Tharp, Dan Newberry, and Lauren Ross.

In Ben's absence Tom Cagnina called the meeting to order at 5:50PM.

Tom brought copies of department budgets and passed them out to the Directors. He said he is working on overdue bills and he hopes that phone reimbursements will be delivered Friday.

Caleb spoke about Winter Carnival coverage. Since the carnival will be held at 3 different spots, Stowe, Breadloaf, and Lake Placid, Caleb said it would be a waste of time and money to do live, on the scene reports. For coverage, Caleb will arrange for reports to be given using data from the college information service.

Dan announced that Record Library shifts will be every day noon-1:30PM and 7-10PM.

Ernie said he hopes to write articles for the Campus each week explaining different aspects of WRMC's programming.

The meeting was adjourned at 6:20PM.

Respectfully submitted,
Andy Kleit, Business Manager

WRNC Board Meeting

February 25, 1980

In attendance were Tom Cagnina, Emie Freeberg, Caleb Rick, Andy Klait, Hugh Montgomery, Elizabeth Scofield, Tom Freudenheim, Bill Winkelman, Mike Tharp, Dan Newberry, and Lauren Rose.

In Ben's absence Tom Cagnina called the meeting to order at 5:50PM.

Tom brought copies of department budgets and passed them out to the Director. He said he is working on overdue bills and he hopes that phone reimbursements will be delivered Friday.

Caleb spoke about Winter Carnival coverage. Since the carnival will also be held at 3 different spots, Stowe, Breadloaf, and Lake Placid, Caleb said it would be a waste of time and money to do live, on the scene reports. For coverage, Caleb will arrange for reports to be given using data from the college information service.

Dan announced that Record Library shifts will be every day noon-1:30PM and 7-10PM.

Ernie said he hopes to write articles for the Campus each week explaining different aspects of WRNC's programming.

The meeting was adjourned at 6:30PM.

Respectfully submitted,

Andy Klait, Business Manager

WRMC Board Meeting
March 3, 1980

In attendance were Ben K. Roe, Ernie Freeberg, Tom Pansky, Dave Thorne, Elizabeth Skofield, Tom Cagnina, Mike Tharp, Meredith McGuire, Dan Newberry, John Buerger, Andy Kleit, Lauren Ross, Tom Freudenheim, and Caleb Rick.

The meeting was called to order at 5:45PM.

Ben said he will meet this week with David Ginevan, the College's assistant treasurer, later this week. Ben gave the last call for the IBS convention. If anyone is interested, they should see Ben soon.

Ben had a meeting with Ron Nief. Plans for summer broadcasting are proceeding slowly. NPR would like our tape of Bill Moyer's speech, if the quality of it is good..

Plans for a spring programming guide were discussed. Tom Cagnina said he will need help with the advertising. Tom was asked to speak to his Advertising Manager about this.

Ben is working on the Monday Memo. It should be out Tuesday.

Ben passed out the new version of the President's proposed amendments to the MCRS constitution. Article IIB reads as follows:

WRMC-FM shall be operated in accordance with the standards set by the President and Fellows of Middlebury College, or by their duly authorized representatives. It shall be the duty of the Community Council to mediate any dispute between the MCRS and the College Administration concerning such standards of operation. If it proves impossible for the Community Council to resolve the differences between the College Administration and the MCRS to their mutual satisfaction the President reserves the authority to make a final decision on the matter in question.

Ben said that the Administration is unwilling to let the status quo stand and that the present version is a good compromise. It was questioned whether the President would be willing to listen to the Community Council's advice.

Caleb said that programming content should be left up to the MCRS. Ben said the amendment is a good step to make sure that the administration did not let our license lapse.

Caleb moved to amend "President" to "President and Fellow". The amendment was accepted with one in opposition.

John moved the amendment to Article IIB of the MCRS constitution. The motion was approved 7-6, with 2 abstentions.

The amendment must now be approved by 75% of the staff.

Ernie said the training of new DJs would start this week. He asked for help from directors in this.

The meeting was adjourned at 6:48PM.

WRMC Board Meeting
March 10, 1980

In attendance were Ben Roe, Tom Pansky, Elizabeth Skofield, Mike Tharp, Dan Newberry, Andy Kleit, Eric Rubel, John Buerger, Jake Fischer, Tom Cagnina, and Ernie Freeberg.

The meeting was called to order at 5:45PM.

Ben announced that there will be a staff meeting Sunday, March 16th, at 9PM in Proctor Lounge. If 2/3 of the staff is present there will be a vote on the proposed amendments to WRMC's constitution.

Article X, section B of the constitution states:

"Any amendment must be approved by 3/4 of the members in good standing of the staff and apporved by the student government."

Ben, after conferring with Mrs. Flickinger and Mr. Keeler, said this clause necessitate the approval of 3/4 of the members at the meeting. Tom Pansky objected to this, saying the clause calls for 3/4 approval of the entire staff.

Ben met with Mr. Ginevan last week to discuss renovations. WRMC is 2nd or 3rd on the priority list. The starting date has been tentatively set for May 1st. WRMC will try to stay on the air during the renovations.

Ben announced that Board members will have to pay $5 deposit to Campus Security for their keys.

Tom Pansky announced that Peter Webber has resigned as Special Productions Manager. Tom nominated Eric Rubel to take his place. The nomination was accepted unanimously.

Tom Cagnina announced that Jim Collins has resigned as Ad Manager. Tom is looking for a replacement.

Tom has found that printing rates for a program guide are quite prohibitive. Dan suggested printing the guide as a supplement to the Campus. Tom will look into this.

Ernie said that the schedule is just about complete. He asked for help with sitting through late-night DJ's shows.

Tom Pansky moved to reconsider the amendments to the constitution considered last week. A motion to reconsider requires 2/3 approval. The motion was defeated 3-12.

The meeting was adjourned at 6:40.

Respectfully submitted,
Andy Kleit, Business Manager

WRMC Board Meeting

March 10, 1980

In attendance were Ben Roe, Tom Panaky, Elizabeth Skofield, Mike Thorp, Dan Newberry, Andy Kleit, Eric Rubel, John Buerger, Jake Fischer, Tom Cagnina, and Ernie Freeberg.

The meeting was called to order at 5:45PM.

Ben announced that there will be a staff meeting Sunday, March 16th, at 9PM in Proctor Lounge. If 2/3 of the staff is present there will be a vote on the proposed amendments to WRMC's constitution.

A Article X, section B of the constitution states:

"Any amendment must be approved by 3/4 of the members in good standing of the staff and approved by the student government."

Ben, after conferring with Mrs. Flickinger and Mr. Keeler, said this clause necessitate the approval of 3/4 of the members at the meeting. Tom Panaky objected to this, saying the clause calls for 3/4 approval of the entire staff.

Ben meetswimh Mr. Sinevan last week to discuss renovations. WRMC is 2nd or 3rd on the priority list. The starting date has been tentatively set for May 1st. WRMC will try to stay on the air during the renovations.

Ben announced that Board members will have to pay $5 deposit to Campus Security for their keys.

Tom Panaky announced that Peter Webber has resigned as Special Productions Manager. Tom nominated Eric Rubel to take his place..The nomination was accepted unanimously.

Tom Cagnina announced that Jim Collins has resigned as Ad Manager. Tom is looking for a replacement.

Tom has found that printing rates for a program guide are quite prohibitive. Dan suggested printing the guide as a supplement to the Campus. Tom will look into this.

Ernie said that the schedule is just about complete. He asked for help with sitting through late-night DJ's shows.

Tom Panaky moved to reconsider the amendments to the constitution considered last week. A motion to reconsider requires 2/3 approval. The motion was defeated 3-12.

The meeting was adjourned at 6:40.

Respectfully submitted,

Andy Kleit, Business Manager

WRMC Board Meeting
March 17, 1980

In attendance were Ben Roe, Elizabeth Skofield, Tom Pansky, Lauren Ross, Andy Kleit, Tom Freudenheim, Meredith McGuire, Dave Thorne, Tom Cagnina, Dan Newberry, Eric Rubel, Hugh Montgomery, Bill Winkelman, and Jake Fischer.

The meeting was called to order at 5:55PM.

Ben reviewed the results of Sunday's staff meeting. The amendment to Article IIB failed to receive 3/4's approval(35-20), but the amendment to Article XII did (45-10). Tom Pansky objected to the amendments passing the Board on a 7-6-2 vote, claiming that under Robert's Rules of Order 7 votes is not a majority of those cast. Ben disagreed with Tom's interpretation.

Ben met with Dean Rockefeller today to discuss last night's vote. Ben thinks the reaction from Old Chapel will be fairly positive. An organizational meeting for the station advisory board should occur soon.

After calling the FCC, Ben has found out that our 100-watt application is indeed on file there. Ben mentioned that he felt that recently commentaries have been getting a bit out of hand.

Ben urged Board members to read Billboard magazine, now available at the Starr Library. Finally, Ben thanked all those who helped put out last week's "Radio Waves",

Tom Cagnina announced that department budget printouts should be out soon. Tom also said that it was decided not to print a program guide this spring due to a lack of time.

The next Board meeting was scheduled for March 31st.

The meeting was adjourned at 6:25PM.

Respectfully submitted

Andy Kleit, Business Manager

WRMC Board Meeting

March 17, 1980

In attendance were Ben Roe, Elizabeth Schofield, Tom Fanaky, Lauren Ross, Andy Klein, Tom Freudenheim, Meredith McGuire, Dave Thorne, Tom Cagnina, Dan Newberry, Eric Rubel, Hugh Montgomery, Bill Winkelman, and Jake Fischer.

The meeting was called to order at 5:55PM.

Ben reviewed the results of Sunday's staff meeting. The amendment to Article IIB failed to receive 3/4's approval(35-20), but the amendment to Article XII did (45-10). Tom Fanaky objected to the amendments passing the Board on a 7-6-2 vote, claiming that under Robert's Rules of Order 7 votes is not a majority of those cast. Ben disagreed with Tom's interpretation.

Ben met with Dean Rockefeller today to discuss last night's vote. Ben thinks the reaction from Old Chapel will be fairly positive. An organizational meeting for the station advisory board should occur soon.

After calling the FCC, Ben has found out that our 100-watt application is indeed on file there. Ben mentioned that he felt that recently commentaries have been getting a bit out of hand.

Ben urged Board members to read Billboard magazine, now available at the Starr Library. Finally, Ben thanked all those who helped put out last week's "Radio Waves".

Tom Cagnina announced that department budget printouts should be out soon. Tom also said that it was decided not to print a program guide this spring due to a lack of time.

The next Board meeting was scheduled for March 31st.

The meeting was adjourned at 6:25PM.

Respectfully submitted

Andy Klein, Business Manager

WRMC Board Meeting

April 14, 1980

In attendance were Ben Roe, Ernie Freeberg, Eric Rubel, Tom Pansky, Dave Thorne, Liz Skofield, Mike Tharp, Andy Kleit, John Buerger, Meredith McGuire, Jake Fischer, Dan Newberry, Tom Freudenheim, Bill Winkelman, and Hugh Montgomery.

Ben will submit a proposal to Old Chapel for summer broadcasing on Tuesday of this week. The proposal calls for a budget of $4500, with two paid employees.

Renovations for the station have been pushed back to mid-May. Hopefully the station will not be off the air more than 2-3weeks due to renovations.

President Robison sent the station a message. He is pleased that the Advisory Board was approved but disappointed that the amendment clarifying his powers was not approved. On the record, the President wishes to state that he has the ultimate authority and responsibility concerning the station.

Student Forum will soon elect 2 students to sit on the Advisory Board.

Many records have arrived at the station in the past week. However, for an unknown reason, the College put some of them in Hepburn Annex.

Ernie is typing up a list of do's and don't for DJ's.

Dan suggested closing the record library for a week because records are going unfiled. It was suggested that record librarians pay more attention during their shifts.

Bill pointed out that a change in attitudes is needed so that staff members become more concerned about the library. John suggested warning the staff that the library could be closed if things do not change.

Ernie commented that this is a recurring problem at the station. He also said that he felt that part of the trouble was due to vacation. Dan said he would make a decision soon concerning the matter.

The meeting was adjourned at 6:15PM, having been called to order at 5:45PM.

Respectfully submitted,

Andy Kleit, Business Manager

Ernie commented that this is a recurring problem at the station. He also said that he felt that part of the trouble was due to vacation. Dan said he would make a decision soon concerning the matter.

The meeting was adjourned at 6:15PM, having been called to order at 5:45PM.

Andy Klait, Business Manager

WRMC Board Meeting
April 21st, 1980

In attendance were Ben K. Roe, Liz Skofield, Lauren Ross, Tom Pansky, Tom Cagnina, Andy Kleit, John Buerger, Eric Rubel, Meredith McGuire, Jake Fischer, Bill Winkelman, Hugh Montgomery, Ernie Freeberg, Dave Thorne, Dan Newberry, and Tom Freudenheim.

The meeting was called to order at 5:50PM.

Ben noted that after today there are only 3 Board meetings left, on April 28th, May 5th, and May 12th. The Board nominations for Program Director will be on May 5th, petition nominations will be due May 9th, and the election will be held May 12th. There are now proxy votes allowed.

Last week Ben submitted a proposal for summer broadcasting. He hopes for a reply soon.

Ben said he was thinking of May 10th for the annual WRMC-WFAD softball game. Fortunately, Emily Langlie will be playing for WFAD.

There have been problems with people making personal long-distance calls on the station phones. Ben asked Tom Cagnina to put locks on some of the phones.

Ernie passed out his message to DJ's on station problems. Dan announced that a new playlist is out. Tom Cagnina was asked for new posters, and Ben asked for help in finding the texts of the recent amendments to the station constitution.

Dan said WRMC is now on the mailing lists of 41 record companies. Ben complemented Dan on the job he has been doing, saying that the music department has been turned around.

Tom Pansky brought up the idea of covering college football games this fall. Andy pointed out that announcers would have to be chosen this spring. Ben said it was an idea worth considering and Ernie suggested reinstating the post of Sports Manager to handle the details. Tom Cagnina said he will ask Caleb to submit a budget.

The meeting was adjourned at 6:25PM.

Respectfully submitted
Andy Kleit, Business Manager

WRMC Board Meeting
April 21st, 1980

In attendance were Ben K. Roe, Liz Schofield, Lauren Ross, Tom Franky, Tom Cearnina, Andy Klein, John Duerer, Ernie Rubel, Meredith McGuire, Jake Fischer, Bill Winkelman, Hugh Montgomery, Ernie Freeberg, Dave Thorne, Dan Newberry, and Jon Freudenstein.

The meeting was called to order at 5:50PM.

Ben noted that after today there are only 3 Board meetings left, on April 28th, May 5th, and May 12th. The Board nominations for Program Director will begon May 5th, petition nominations will be due May 9th, and the election will be held May 12th. There are now proxy voted allowed.

Last week Ben submitted a proposal for summer broadcasting. He hopes for a reply soon.

Ben said he was thinking of May 10th for the annual WRMC--WRAD softball game. Fortunately, Emily Lanelle will be playing for WRAD.

There have been problems with people making personal long-distance calls on the station phones. Ben asked Tom Cearnina to put locks on some of the phones.

WRMC Board Meeting
April 28th, 1980

In attendance were Ben Roe, Ernie Freeberg, Dave Thorne, John Buerger, Andy Kleit, Caleb Rick, Tom Pansky, Tom Freudenheim, Meredith McGuire, Liz Skofield, Hugh Montgomery, Bill Winkelman, Mike Tharp, Jake Fischer, Dan Newberry, and Tom Cagnina.

The meeting was called to order at 5:40PM.

Ben asked Ernie for a list of non-seniors who will be here to broadcast over senior week. Mrs. Flickinger needs to know.

Mrs. Flickinger has also asked the station for dates next fall in which to schedule a WRMC-sponsered movie. Ben suggested sometime in late September or early December.

The FCC filing cart was played properly last week. Ben will notify the FCC.

The softball game with WFAD is tentatively scheduled for May 18th.

The BLuegrass Festival will be aired Friday night and Saturday afternoon. Caleb will handle the details.

Caleb urged everyone to listen to Radio Pancakes this week. It should be interesting because Dean Wonnacott will be on.

Liz Skofield announced her resignation as News Director.

Nominations for the positions of Program Director and News Director will be held at the next Board meeting on May 5th.

The meeting was adjourned at 6:10PM.

Respectfully submitted,

Andy Kleit, Business Manager

WRMC Board Meeting

April 28th, 1980

In attendance were Ben Roe, Ernie Freeberg, Dave Thorne, John Buerger, Andy Klein, Caleb Rick, Tom Fransky, Tom Freudenheim, Meredith McGuire, Liz Schofield, Hugh Montgomery, Bill Winkelman, Mike Tharp, Jake Fischer, Dan Newberry, and Tom Gagnina.

The meeting was called to order at 8:40PM.

Ben asked Ernie for a list of non-seniors who will be here to broadcast over senior week. Mrs. Flickinger needs to know.

Mrs. Flickinger has also asked the station for dates next fall in which to schedule a WRMC-sponsored movie. Ben suggested sometime in late September or early December.

The PCC filing cart was played properly last week. Ben will notify the PCC.

The softball game with WPAD is tentatively scheduled for May 18th.

The Bluegrass Festival will be aired Friday night and Saturday afternoon. Caleb will handle the details.

Caleb urged everyone to listen to Radio Fanaskes this week. It should be interesting because Deam Wonnacott will be on.

Liz Schofield announced her resignation as News Director.

Nominations for the positions of Program Director and News Director will be held at the next Board meeting on May 5th.

The meeting was adjourned at 8:10PM.

Respectfully submitted,

Andy Klein, Business Manager

WRMC Board Meeting
May 5th, 1980

In attendance were Ben Roe, Ernie Freeberg, Dan Newberry, Bill Winkelman, Andy Kleit, Tom Pansky, Caleb Rick, Liz Skofield, John Buerger, Dave Thorne, Tom Freudenheim, Meredith McGuire, Tom Cagnina, Doug Ashford, Mike Tharp, Lauren Ross, Eric Rubel, and Jake Fischer.

The meeting was called to order at 5:45PM.

Ben has sent in a list of people to be here Senior Week. Ben, Mike, Dave, John, and Caleb are on it and Tom Freudenheim and Meredith will be added to it.

October 3rd and January 16th have been given to WRMC to show movies.

Last Thursday the station Advisory Board had a preliminary meeting. Selections for the community representatives were discussed. On Sunday the Student Forum selected Eric Lundblad and Greg Tolman as the student representatives to the Advisory Board.

On Wednesday Ben and David Ginevan are going to visit the college architects in Burlington to discuss renovations.

Caleb spoke about the Finance Committee's allocation to the station for next year. The station has been conditionally appropriated $25,820. The cuts in the projected budget were mostly in Engineering and Special Productions. The money for engineering repair and replacement was cut from $1000 to $500. Special Productions was given $2500 with no instructions for expenditures. The programming department was also cut back. Untouched were Music, Sports, and News only had $63 taken away. Ben, Tom Cagnina, and John will go before the Finance Committee tommorrow to try to get some changes.

Old Chapel messed up, so the FCC filing cart must be played again this week.

Ben congratulated Caleb for doing such a good job in broadcasting the Bluegrass Festival. Caleb thanked John and Meredith.

Ernie mentioned his proposal for a WRMC benefit concert. He is looking into various groups.

The WRMC-WFAD softball game is set for Sunday May18th at 2:30PM.

The floor was opened for nominations.

For Program Director:

Meredith nominated Tom Freudenheim, Caleb seconded.

Eric nominated Jake Fischer, Caleb seconded.

Jake nominated Dave Thorne, Dave declined the nomination.

For News Director:

Liz nominated Liz Hopkins, John seconded.

Ernie nominated Andy Kleit, Tom Cagnina seconded.

Caleb nominated Tom Arcidiocono, Meredith seconded.

Nominations are open by petition until Sunday at 11PM. They require the signatures of five staff members in good standing and should be given to Ben or slid under his door at Chateau 303.

No proxy voting is allowed in station elections.

The meeting was adjourned at 6:45PM

Respectfully submitted,

Andy Kleit, Business Manger

Erie nominated Jake Fischer, Caleb seconded.

Jake nominated Dave Thorne, Dave declined the nomination.

For News Director:

Liz nominated Liz Hopkins, John seconded.

Ernie nominated Andy Klait, Tom Cerniba seconded.

Caleb nominated Tom Arcidiacono, Meredith seconded.

Nominations are open by petition until Sunday at 11PM. They require the signatures of five staff members in good standing and should be given to Ben or slid under his door at Chateau 303.

No proxy voting is allowed in station elections.

WRMC Board Meeting

May 12th, 1980

In attendance were Ben Roe, Ernie Freeberg, Liz Skofield, Dave Thorne, Amy Colodny, Dan Schiff, Meredith McGuire, John Buerger, Andy Kleit, Tom Freudenheim, Hugh Montgomery, Tom Pansky, Doug Ashford, Jake Fischer, Bill Winkelman, Mike Tharp, Dan Newberry, Eric Rubel, Ernie Freeberg, and Caleb Rick.

The meeting was called to order at 5:45PM.

Summer broadcasting has been approved by the adminstation. There will be 2 paid employees. However, the AP teletype will not be in operation.

Ben went to Burlington to meet with the renovation architects. They discussed some flaws in the station, like standing wave problems. Renovations are scheduled to take place this summer after Proctor dining units are completed.

Ben will try to produce a staff memo this week.

Ben and Tom went before the Finance Committee and got $300 more for Engineering. However, supplies were cut by $120. Ben and Tom will go back and ask for more money.

The spectacular WRMC-WFAD softball game will be held Sunday at 2PM.

Ben outlined the procedure for elections. There is no proxy voting allowed. Speeches are given in the order of nominations. A candidate needs a majority of votes to win, so there is the possibility of run-offs. Ben asked if there was any objection to a petition nomination submitted after the deadline to be allowed. There was none.

The candidates for Program Director were:

Tom Freudenheim

John Fischer

Dan Schiff

Dan Schiff was elected Program Director.

The candidates for News Director were:

Liz Hopkins

Andy Kleit

Tom C. Arcidiocono

Earl Birkett(who withdrew him name from the competition)

Amy Colodny

Andy Kleit was elected News Director.

Dave Thorne was nominated by Ben to be the second paid staff member this summer. The nomination was approved.

The Board will meet next Monday for managerial nominations.

Respectfully submitted,

Andy Kleit, Retiring Business Manager
(with thanks to Tom Freudenheim)

Andy Klein, Retiring Business Manager
(with thanks to Tom Freudenheim)

WRMC Board Meeting

May 20, 1980

Attendence: Caleb Rick, Dave Thorne, Billy Winkleman, Hugh Montgomery, Ben K. Roe, Meredith McGuire, Dan Newberry, Anne Bailey, Dan Schiff, Andy Kleit, John Buerger, Mike Tharp, Matthew McGuire, and Tom Freudenheim

Ben called the meeting to order at 5:35 pm.

Ben then recognized Andy.

Andy nominated Lauren Ross for the position of News Manager. The nomination was seconded by Dave. There was no discussion and the vote was unanimous, in favor of Lauren's nomination.

Ben then recognized Dan (Schiff).

Dan nominated Hugh Montgomery for the position of Non-Classical Manager. The nomination was seconded by Billy. Discussion was limited to Hugh's views concerning the duties of the Programming Dept. and the non-classical dept. in specific. Hugh stated he believed the department had a definite resposibility to the college communtiy as well as the Middlebury community. He said he strongly was in favor of maintaining alternative programming. The vote was then taken and also proved to be unanimous, in favor of the nominée.

Dan also nominated Matthew McGuire for the position of Classical Manager. The nomination was seconded by John. Andy asked Dee (Matt) if he would consider firing those classical announcers who had proved to be problems in the past. Dee answered that he would. The nomination passed with one vote cast against and one obstention.

Ben then recognized Dave.

For reasons left unexplained at this date, Dave submitted his resignation as Head Librarian; Ben accepted.

Ben recognized Dan (Newbery).

Dan began by stating that given the future "set-up" of the library there no longer would be any need for a Head Librarian as such. Instead, he proposed the creation of two new managerial positions: Folk and Bluegrass and Jazz and Blues. Both would be incharge of record relations in their respective fields leaving Dan incharge of Rock. Futhermore, one would deal with the librarians while the other would help Dan with re-ordering. Dan also proposed that each of these new managers be given a vote by reducing the Music Director's vote to one.

Ben responded, firstly, to the question of splitting the vote. He stated that such a move was in violation of the WRMC Constitution and suggested that Dan nominate both and designate the vote to one or the other.

The board, in general, also found the titles of the managers disturbing given the fact that programming may not always include these spheres of music. Andy suggested that the titles be changed to a voting music manager and

a non-voting music manager. He added that Dan could delegate duties within the music department as he saw fit.

Dan agreed with Andy's suggestion.

Dan then moved that the position of Head Librarian be abolished and in its place the positions of a Voting and Non-voting Music Managers be created. The board unanimously aproved this move.

Dan then nominated Billy Winkleman for the position of Voting Music Manager. There was no discusion and the vote was unanimous, in favor of Billy's nomination.

Dan then nominated Anne Bailey for the position of Non-voting Music Manager. There was again no discussion and the board voted unanimously in favor of Anne's appointment.

There was no other pressing business.

The meeting closed at 6:15 pm.

Respectfully submitted,

WRMC Board Meeting
Oct. 13, 1980

Members present: Matt McGuire, Jake Fischer, Ben K. Roe, Tom Pansky, John Buerger, Lauren Ross, Billy Winkelman, Tom Cagnina, Andy Kleit, Tom Freudenheim, Hugh Montgomery, Doug Ashford.
Meeting called to order at 5:39 P.M.

Ben reviewed success of double feature (money lost, attendance, etc.)
Ben announced the acquisition of two cassette decks for the News Department.
Ben brought up the proposed renovation schedule (Thanksgiving Break?)
Hugh reported on the progress of the Program Guide
Hugh pointed out the necessity for all staff to have radio permits after conversion to 100 watts.
Hugh brought up problems with recent "11:46 Specials".
Board voted unanimously to end "11:46 Specials".
Suggestion to create a Public Relations Manager (non-voting) position. To be considered later.
Progress on WRMC Staff Party (band, etc.) reported.

Meeting closed at 6:38 P.M.

WRMC Board Meeting
Nov. 10, 1980

Members present: Billy Winkelman, Ben K. Roe, John Buerger, Lauren Ross, Jake Fischer, Dan Newberry, Andy Kleit, Hugh Montgomery, Tom Cagnina, Tom Pansky, Paul Hopkins, Matt McGuire, Annie Bailey, Doug Ashford.

Meeting called to order at 5:49 P.M.

Ben announced the dates for nominations to board:
12/1: nominations accepted
12/5: cut-off date for nominations
12/8: elections in Proctor Lounge

Ben presented correct license renewal forms from FCC.

Ben sent out the call to have any message taken to be left on the message board.

Ben announced that renovation plans had to be decided by the board immediately. The board debated. The decision: WRMC will go off the air on 12/7 and renovations will start on 12/8. The station will go back on the air as soon as possible in Winter Term.

Matt presented Caleb Rick's ideas for hockey game coverage. The board decided to invite Caleb to the next meeting to discuss the matter.

Ben thanked all of those who participated in the station's election coverage.

Lauren wondered what has happened to the number of 40-second news carts.

Hugh announced that the staff party is booked at The Alibi on 12/7.

Ben announced the date (2/1/81) for the next WRMC-sponsored movie ("The Last Waltz").

Meeting closed at 6:15.

WRMC Board Meeting
Nov. 17, 1980

Members present: Matt McGuire, Annie Bailey, John Buerger, Paul Hopkins, Tom Freudenheim, Lauren Ross, Andy Kleit, Billy Winkelman, Hugh Montomery, Ben K. Roe, Doug Ashford.
Special Guests: Caleb Rick, Conehead (Tom Arcidiacono).
Meeting called to order at 5:45 P.M.

Ben gave the floor to Caleb.
Caleb proposed that WRMC broadcast both home and away hockey games this year with two regular broadcasters and four new people. The board decided unanimously to broadcast the first two home games on 12/1 and 12/3 for the purpose of determining the four new people (out of seven candidates). The board also voted to broadcast the away games on 12/5 and 12/6.
Conehead (Tom Arcidiacono) popped in to say: "You should have seen Roe last night when he was plastered."
Hugh presented the new WRMC stationary.
Matt reminded Ben that he strew said stationary all over Matt's room the previous night.
Ben vowed to work on the logs and enlisted the help of the other board members.
Ben announced a work party for all staff members for the purpose of moving records when the time comes.
Ben said that renovation plans are "coming along".
Ben announced that "The Last Waltz" is not apparently available for rent.
Ben suggested that the board make excessive absenteeism from board meetings an impeachable offense.
Ben asked for the station to be cleaned.

Meeting closed at 6:42.

WRMC Board Meeting
March 2, 1981

Members present: Charles McDermott, Hugh Montgomery, Tom Freudenheim, Matt McGuire, Paul Hopkins, Tom Canaday Amy Colodny, Paul Cramer, Doug Ashford, William Winkelman, John Buerger, Tim Taylor, David Seachrist.

Along for the ride: Ben K. Roe , Meredith McGuire, Dan Newberry.

The meeting was called to order at 5:50 P.M.
Charles opened the meeting with the announcement that as of Feb. 20,1981 WRMC had been granted a permit to broadcast with a power of 100 watts.

Doug brought up the problem that records were already finding their way out of the music library under the newly instituted honor system. Discussion ensued. Any concrete action was tabled for a week in hope that the use of warnings in the form of signs in the studio would help. Charles thanked Doug for his great efforts in bringing the music library back into order. His comment was supported by the board. ed's note. Van de Velde

Charles read a letter from Ron Nief concerning an annual award in memory of Robert Vanderbilt to be presented to a member of WRMC "who best furthers the philosophy and the purpose" of the station. The recipient of the award would be determined by the board, WFAD (where Rob worked), and a select committee. After discussion, the board decided that such an award might create counterproductive rivalries between station members. Paul Cramer suggested that a plaque be put in the station in Rob's honor and that an annual lecture be sponsored instead of an award. Charles said that he would bring the comments and suggestions back to Nief.

Board Meeting continued.

Ben reported that he will be meeting with members of the Campus to discuss layout for WRMC's spring program guide. Charles added that the eight-page spread will include articles on and pictures of the station's history.

Charles informed the board that Amy is featured in the latest issue of the Middlebury "magazine."

Ben explained why the station had not been broadcasting in stereo on Sunday and how he fixed the problem. Charles said that station members would have to be patient while technical difficulties in the station are solved.

Meeting ended at 6:30.

WRMC BOARD MEETING MARCH 23,1981

Members present: Charles McDermott, Hugh Montgomery, Tom Freudenheim, Andy Kleit, Paul Cramer, Bill Winkelmann, Matt McGuire, Doug Ashford John Canaday and Dave Seachrist.

The meeting was called to order at 6:00 P.M..

Charles brought up that due to loose bookkeeping habits unforeseen debts from last semester have caused this semester's business department budget dwindle to a meagre sum. Fortunately, the sports budget will be able to amply refund the business department's loss, so that if reallocating of budgets is permitted there will be ample money to take care of the programming guide as well as the needs of the business dept. for the rest of the term. However, Charles emphasized that the Finance Committee was highly displeased with our oversight. In the future the system of specifically itemizing exenditures and careful bookkeeping must be attended to. Charles let each department head know the spanding of his department's budget.

Charles added on slightly more cheerful note that the program guide was being laid out at the Campus offices and was well on the way to completion.

Charles brought up the topic of broadcasting the SCAM rally to be held in Mead Chapel on Tuesday, March 24. There was considerable conversation about the pros and cons. Bill stated that he thought we should not broadcast the rally unless we publicized it.(i.e. publicized the fact that we would broadcast it). Others felt that such an act would decrease attendance. Billy thought it was not serving the the public interest to broadcast. Charles felt that because the school is a large majority of the listening audience that it would indeed be in the public interest. After further discussion a vote was taken as to whether we should broadcast the rally. The vote showed the majority in favor of the broadcast. Then options concerning the form of the transmission were discussed. Andy stressed that whenever possible events should be broadcast live to capture the immediacy of the event. after further discussion, the board also approved by vote the proposal to broadcast the rally live.

Charles brought up two last concerns: first, that the AP news copy should be cleaned up more often and second that the cart machines in th e prod room would soon be working again so any new promos and/or public service announcements would be appreciated

The meeting was adjourned at 7:15.

Respectfully submitted,
Dave Seachrist

Minutes October 26, 1981

Present: Charles, Meredith, Hugh, Pam, Andy, John B., Ed, Paul, Amy, Doug, Matt, Dan, Grier.

Meeting called to order at 5:35.

John Buerger presented the Student Forum with a proposal for poll of the students' radio interests. "Overly uneventful," said John; he told Forum that WRMC wanted to guage students' needs in terms of radio.

Nominations for next semester's elections due by Monday, Nov. 23--election on following Monday (after Thanksgiving). Publicizing of nominations and elections to begin soon.

Amy asked that late-night DJs check the AP Machine because it breaks down and she gets woken up to deal with it.

John had three things, not just two: there has been a slack off on the transmitter meter readings. EVERYBODY MUST DO IT EVERY THREE HOURS! Remind DJs as you pass through. Also, don't touch monitor volume controls, please, so as not to mess anything up. Finally, John brought up possibility of buying BASF cassettes for putting Archives material on.

Meredith revealed that the Johnson Music Library is p.o.'d because WRMC djs are not returning records. Charles said that notices would be posted and memo distributed to remedy all aforementioned problems.

Meeting adjourned at 6:00.

Respectfully submitted,

Paul J. Hopkins

Paul J. Hopkins

Minutes November 1, 1981

Meeting came to order at 5:40.

Present: Charles, Meredith, John C., Pam, Paul, Ed, Doug, Matt, Amy Grier, Dan, Hugh, John B. and staff member Anthony Flint.

A memo was distributed this week to advise staff members of problems around the station (transmitter meter readings, AP machine, etc.). Memos in boxes on Tuesday.

Charles talked to Ron Nief about the Vandebelt lecture series: it is in the works, but the only money available is coming in from the family, so we will need a relatively inexpensive speaker. Possibility of Frank Sesno, ex-WRMC newscaster who is now the AP's White House correspondent, speaking; or Governor Richard Snelling of Vermont.

The United Way is having its fall drive, and has asked WRMC and The Campus to help; perhaps the students of the College could give up dessert to benefit the drive, as suggested by Administration member. Charles thought it would be a good idea for WRMC to sponsor a movie, the proceeds of which would also benefit the drive.

As for this year's staff party--Hugh, for some reason, did not want to be in charge of it again--everyone wondered why. The issue is now tabled until someone has the courage to try it.

Hugh reminded everyone that Feast or Famine is playing live on WRMC this Saturday morning.

Meeting adjourned by unanimous vote at 6:05.

Respectfully submitted,

Paul J. Hopkins

November 9, 1981

Minutes

Meeting called to order at 5:35.

Members present: Charles, Meredith, Matt, Amy, Andy, John, Paul, Doug, Pam, Ed, Dan, Hugh, Grier.

Circulating Material: International Defense Review

Ms. Colodny revealed that the Campus is planning on doing a feature on our upcoming elections, an entirely newsworthy event. Also, she said that the Student Forum would like us to cover their Forum Dinner live, as something of a publicity effort. It was agreed by the Board that recording the dinner and events would be more feasible, and Amy said that she would arrange for borrowing a tape deck from Sunderland, and John would take the microphones.

Charles said that we have to get approval for the "give-up-dessert-for-United-Way" project from Student Forum. WRMC will probably interview Ms. Debby Venman from United Way for publicity. John reminded us that the last Campus issue is one week from Friday.

Dan brought up the hockey games, ~~i.e.~~ are we going to broadcast them? No announcers as yet, but there is funding for broadcasting. Paul and Grier will contact those knowledgable about the deal, and find out about existing phone lines, etc.

Grier: "Special Prods is hot." Had irate callers about the GARC Arab-Israeli broadcast. Hillel will be loaned a copy of the tape; we may allow them equal air time. Andy said he'd coordinate it.

Meredith and Pam will head staff party efforts; already been to the Alibi. We will pay a band through the Alibi in order to get it cheaper, also we will get happy hour prices all night. Date of party: either last Monday of classes or the Monday during reading week.

Meeting adjourned at 6:05.

Respectfully submitted,

Board of Directors Meeting

November 16, 1981

Present: Charles, Paul, Amy, Matt, Grier, Dan, Ed, Andy, John B., Hugh, Doug, John C., Pam, Meredith. Also staff members Steve Wishengrad, Rick Present. Guest: Greg Tolman

Meeting called to order at 5:33.

Elections of New Board: Nominations for Board positions are due on Monday, November 23; nomination requires the signatures of five members in good standing of the station. The election meeting was rescheduled for THURSDAY, DECEMBER 3, the Thursday after Thanksgiving vacation, because some of the Board members would not be able to attend the meeting as previously scheduled.

Andy introduced Greg Tolman, who will be doing hockey broadcasting this year. Greg told us that it would probably be best to skip first away game at McGill on December 18. The first two home games (December 4 and 5, with Hamilton and Army) should be broadcast if possible. Still working on finding out what dry lines we have to broadcast with.

Staff Party News: The Decentz (spelling?) were offered for up to $350, maybe $300 if the Alibi can talk them down. Charles said that we would prefer not to lose any money on a band that many people haven't heard of; perhaps we should check into Unshined Shoes--cheaper and better known. Meredith will check into the band. The Staff Party will not be billed as such in order to bring in more people; also, no tickets will be sold in advance.

Meeting adjourned at 5:50.

Board Meeting December 3, 1981

Meeting called to order at 7:08 pm

Board members present: Nipper, Doug, Meredith, Grier, Paul, John, Ed, Amy, Andy, Charles, Hugh, Dan, Pam, John C. and eventually Matt

Staff members present: Anthony Flint, Jon Joseph, Steve Wishengrad, and Matt Clayton.

Charles mentioned staff party newsletter.
John B. mentioned that poll is in final draft stages with Mr. Haerle of the Sociology Dept. and should be ready for distribution Winter Term.
Matthew showed up at 7:13.

ELECTIONS

General Manager- Matthew McGuire was elected (uncontested).

Program Director- Doug Ashford was elected (uncontested).

News Director- Nominees: Anthony Flint, Paul Hopkins, Jon Joseph.
Paul Hopkins was elected.

Special Productions Director-
H. Montgomery forfeited his nomination
Grier Weeks was elected (uncontested).

Business Director-
Paul Hopkins withdrew his nomination.
Matt Clayton was elected (uncontested).

Engineering Director- Nominees: Ed Softky, Steve Wishengrad.
Steve Wishengrad was elected.

Music Director-
Lesley-Anne Gliedman withdrew her nomination.
Doug, Meredith, Hugh and Grier said "Are you kidding?"
Daniel Gaylord Scott Newberry (Captain Elephant Shooting Blazing Lemons) was elected uncontested.

The meeting was adjourned at 10:12 pm.

Refreshments were served to all.

Respectfully submitted etc. etc. ad nauseum...

Hugh Montgomery
(soon to be ex) Program Director

Board Meeting of January 4, 1982

Board Members Present (New & Old):
Matt, Hugh, Doug, Meredith, Pam, Dan, Grier, Ed, Steve,

Others on staff present:
Greg McCarthy

Others (WTF?):
Karen McGuire

The Meeting was called to order at 5:45 pm

Dan nominated Greg McCarthy for Music Mgr.
Grier nominated Pam for Sp. Prods. Mgr.
Steve nominated Ed for Engr. Mgr.

~~Matt Clayton has nominated John Canaday for Business Mgr.~~
Paul Hopkins has agreed to serve as acting Business Dir. for Winter Term.

Key assignments were discussed

Phones were discussed

A possible spring program guide was discussed

A staff meeting is to be held Tuesday night at 9:00 in the Gifford Dining Hall

Doug stated that regular scheduled programming would begin Monday, Jan. 11 at 6 am with a possible 6am-1am schedule. Sign-ups until then (beginning Wednesday Jan 6) Programming will remain essentially unchanged.

Visiting professor of communications and broadcasting, Mr. N. W. Winkelman III will be on campus Thursday through Sunday. Interested parties should call H. Montgomery for appointment/interview at 388-3936.

The Meeting was adjourned at 6:05 pm.

B oard of Directors Meeting, Monday, January 11, 1982. Called at 5:37

Present: Matthew, John B., Anthony Flint, Steve, Paul, Doug, Grier, Dan, Pam, Ed. Also Greg McCarthy, Emma Mayer.

A quorum was present.

John B. gave copies of the survey to the directors. Matthew circulated copies of the WRMC constitution. No questions were raised regarding the survey, which should be distributed in the next week.

Nominations and Elections of Managers:

Dan nominated Greg McCarthy for Music Manager. Elected unanimously.

Grier nominated Pam Nelson for Spec. Prods. Mgr. Elected Unanimously.

Ed nominated for Engineering Mgr. by Steve. Also elected unaminously.

Paul nominated Anthony Flint for News Manager. Vote: unanimously in favor.

Doug had no nomination to make, but said that new Spec. Prods looks good. Plans to air tapes from the Nov. 11 Nuclear Convocation on Wednesdays.

Finally on the survery, John said that each member of the Board would probably have to circulate about 10-15 copies of it.

Meeting adjourned at 6:02

Board Meeting, January 25, 1982
Called at 5:43
Present: Matthew, Paul, Anthony, Doug, Pam, Steve, Greg, Brian, Ed.

Representing WUHB (Washed-Up-Has-Beens) Radio: Charles McDermott, Meredith McGuire.

Matt reminded Brian that he should get his keys.

John said (through a telepathic connection with Doug) that the survey is printed, but the Sociology department is slow in getting him the random list of names. He wants to distribute it on Wed., Thurs. or Friday. All members of the board were forced to volunteer by Matt.

Spring Staff Meeting: Planned for first Tuesday of spring term. We will start the semester with sign-ups on Monday morning. There will be a Board Meeting that Monday (Feb. 8).

Matt related that the License has somehow been lost track of. No one in Old Chapel has seen it, Nor Ms. Flickinger, nor anyone on the Board. Perhaps it never existed.

The EBS system is back in the control room but not operational as yet. Tests can be performed, but we have no reception; we are no good "in the event of an actual emergency."

We need more and new people to replace future members of the staff of WUHB (that is, those of us who will be passing away). Too many graduating board members for comfort. It was suggested that we are perhaps "unapproachable" from the outside view. Charles of WUHB agreed, saying that he once thought that the Board was "bigger and hotter than it is." Thanks, Chuck.

Doug will try to have next semester's schedule prepared by Monday of Spring Semester, the 8th of February.

Paul said that he would write AP about possibility of getting new teletype; also complained (whined?) about absenteeism among his staff. "We hope that we can solve those problems next semester," he said.

Meeting adjourned at 6:07.

February 8, 1982

Board of Directors Meeting

Present: Matthew, Matt, Pam, Brian, Grier, Dan, Tony, Greg, Steve, Doug, Ed, Paul

Others present: Meredith, Hugh, Paul Cramer

Guest Female Type Person: Emma Mayer

The Meeting Was Called To Order At 5:34 pm.

The Staff Meeting (to be held Tuesday evening at 9 pm) was discussed.

John Canaday was nominated and approved as Business Mgr.

The Activities Fair was discussed (to be held Wednesday 7-9). Doug, John, Steve, Hugh, Meredith, Matthew and Ed volunteered their services.

The Program Guide was discussed. It was decided that the length of the aforementioned should be determined by the interest and time factors within the daring committee that has been chosen to undertake such a task. That committee includes Dan, Hugh, Greg, Meredith & Tony.

Matthew discussed the recent (over break) station changes (headphone jacks installed, monitor system overhauled and rewired, music library equipment.)

The "space age" AP machine is currently in demand due to the state of our present antique. Paul has contacted AP about the costs and they run an extra $10 per week. All present felt that 9,ooo dollars per year was a ridiculous sum to pay for a machine that frequently succeeded only in getting one's hands filthy. Timmy the Technician from AP was due to arrive Tues. 2/9 (and did) to look at the whole system. Depending on the results of that little session Paul will go to the Finance Committee for the additional sum.

Matthew restated the imperative workability of the EBS system and requested once again that it be fixed completely and immediately. Matthew explained the new operation of the system.

Doug presented a schedule for perusal by the Board. It was discussed at length and approved unanimously.

Hugh read the current catalog description of WRMC and a revision he wrote which was approved by the Board and will be sent to Publications for the next printing of the catalog.

The Meeting was adjourned at 6:48.

Respectfully submitted,

Hugh Montgomery

91.7mhz RMC-FM, MIDDLEBURY

February 15, 1982

Board of Directors Meeting

Attending: Matt M., Hugh, Dan, Paul, Tony, Matt C., Brian, Greg, Doug, Meredith, Pam, Steve, Melissa, John

Meeting Called to Order: 5:40 PM

Matt called for three articles to be written for the Program Guide. Doug, Hugh, and either Tony or Paul, said they would each write one. Production details were postponed until next meeting.

Doug said that the Program Schedule was looking good, except for several classical slots which still need to be filled. Aargh!

Matt reported that John Berger wants help finishing the survey. People are needed to take copies of the survey to people on the survey list who have not already filled one out and then to bring the completed surveys back to the station and mark down the people who have been given them. The sooner this is done the sooner we can shoot down the opposition...

The EBS system is almost functional. Ed says by this evening. Right now we are still able to monitor the system in the event of an Oscar Foxtrot.

Hugh says that he recieved a quote of $550 for three showings of The Last Waltz on Sat., April 17. This means, at a dollar a seat, we need 2/3 attendance each show to break even.

Paul reports that chances look bad for the new AP machine, according to Mrs. Flickinger. She will call the AP and try to convince them our contract specifies a working machine. Hugh wondered if some of the problems could be coming in over the line. Matt suggested checking with FAD.

Steve suggested changing the current method of recording off the board from the program circuit to directly off the air. He thinks this would reduce the load on the VU Meters and possibly increase the quality of the program circuit. He was given the go ahead to check with Larry and then see to the necessary changes.

Steve also brought up the possibility of broadcasting from the Prod. Room in the event of a breakdown in the Booth. (cont.)

This resulted in a lengthy discussion in which it was generally agreed that the Prod. Room was in lousy shape and needed a thorough overhaul. Matt, see to getting us $20,000 to remodel...

A road trip to New York was proposed and is pending discussion.

Hugh mentioned that the MS Marathon needs DJ's. Those interested or willing should see Sue Dutcher.

Steve requested that people try to stay out of the control room while he is training engineers for the 5 o'clock news. This brought on a long exchange between Matt, Hugh, Steve, Paul, and Tony, along with the cast of thousands. Finally it was left that Steve and the News Team would work out some equitable arrangement, probably based on reintroducing an open pot system along with the use of the new earphones.

Board of Directors Meeting

Board Members Present: Grier, Steve, Dan, Paul, Matthew M., Tony, Doug, John, Matt C., Pam, Ed, Greg

Others present: Hugh, Brian Napalo, Meredith

The Meeting was Called to order at 5:37 PM.

Hugh was nominated and approved as non-classical manager.

Steve, Ed, Hugh, and Matthew M. discussed the possibility of making news stereo by buying stereo mikes. Steve will explore this further and will talk to Larry and Ernie.

Matthew M. announced new intercom system.

Steve brought up problem of microphone in controll room, i.e. hear rustling papers etc. Steve will explore possibility of trade-in.

Matthew M. requested Matt C. to have by next meeting the current balance in each of the departments. Matt C. said O.K.

Doug announced that we're preparing to go 24 hours starting next Monday. Each board member must stay up one night training new d.j.s

Hugh announced that Sunday at 2:00 pm Board members are to be trained to train new d.j.s.

Tony and Matthew M. discussed upcoming WRMC events to go in Campus.

Dan brought up Finance committee A.P. machine deal. Paul says we can't get a new A.P. machine while the old one works and the old one has been working.

Hugh announced that the film has been approved by the Finance Committee.

Matthew M. announced that WRMC has its own bulletin board in Proctor.

Greg and Matthew M. discussed the WRMC survey. Matthew M. declared his support of the survey and ordered everyone to leave with ten forms and names for the survey.

Meeting adjourned at 6:01.

Board of Directors Meeting

Board Members Present: Grier, Steve, Dan, Paul, Matthew M., Tony, Doug, Matt C., Pam, Ed, Greg, Hugh

The Meeting was Called to order at 5:40 pm.

Matthew M. announced that the Program Guide will be coming out shortly and will probably be printed by Highland Press. It will be made available to listeners with a self-adressed envelope upon request. All students will receive program guides.

Matt C. reported the budgets in each department. The only problem is in the engineering department which has an approximate current balance of $239.00. Steve discussed ways of saving money. No other shortages in any other department.

Doug announced that the overnight schedule is up for training new d.j.s. Training starts tonight. WRMC is now 24 hours!

Tony asked Matthew M. about getting announcements in This Week at Middlebury. Announcements must be submitted by Thursday--a week and a half before This Week comes out.

Meeting adjourned at 6:09.

March 8, 1982

Board of Directors' Meeting: Minutes

Present: Matt M., Hugh, Grier, Paul, Doug, Dan, Steve, John
Tony, Greg

Guest: Eliza

Meeting called to order: 5:38 PM

Matt announced that the Program Guide is to go to the printer tomorrow. Paul was asked for a brief piece on the news dept., and Grier was also asked for a piece on Special Prods., although serious doubt was expressed as to his intellectual ability to do this.

Matt talked about summer broadcasting. The budget has not yet been passed, but it calls for two paid positions of $1,775 each. Since the station's license calls for round the year broadcasting, the question of whether we will be approved is a bit academic.

Steve said that the engineering budget has been straightened out; there was $735 left from last year and with this he is able to go ahead and buy all the devices that he wanted to. Money for the telephone mutes in the control room and the news room will come out of the business budget, however, because for some strange reason it does not seem to be a strictly engineering purchase.

Doug reports that all the new DJ's have been trained.

Greg brought up the question of the ride board. Matt deferred to Doug. General consensus is that it is boring and generally only used by members of the Board of Directors anyway.

Paul suggested that we cover the end of the world. Much discussion to decide whether it was newsworthy or not.

Doug reports that the EBS activation cart has been bulked. It is used only in the event of a National emergency and there was too much danger of its being used accidentally. The text of the message is in the packet in the control room.

Tony asked about news over the summer. Answer: just AP.

Board Members Present: Pam, Matt C., Brian, Doug, Grier, Steve, Ed, Dan, Matthew M., Hugh, Paul

Others Present: Eliza Todd

The Meeting was Called to order at 5:40 pm.

Hugh requested more jokes in the minutes. (Hugh, have you heard the one about the two naked statues in the park? Sorry, I can't tell it--I've got to keep these minutes clean.)

The smoking bulk-eraser was discussed. Steve will order a non-smoking one soon.

Matthew said the program guide should be done by next Monday. 2000 were ordered.

Paul announced that the original way on sheet of directions of how to put a ribbon in the A.P. machine is the right way.

Matthew reminded everyone that a license renewal will be coming up in a few years. WRMC will need yearly reports listing things the station does for the community. Grier and Paul were directed to start thinking about what they can put on that list.

Doug announced that Turntable 1 has a scraping problem. But it is now temporarily fixed.

Ed brought up the poll. Those surveys still left will be mailed to people's boxes.

An attempted coup was attempted last week. It was ruthlessly crushed, however, by our leader. There were no prisoners. Names will not be mentioned to protect the guilty.

Meeting adjourned: 5:55.

Respectfully,
Matthew Clayton

March 22, 1982

Board of Directors Meeting

Present: Matt M, Matt C, Doug, Steve, Ed, Hugh, Paul, Pam, Greg Grier, Tony, John, Dan, Brian

Called to Order: 5:37 PM

The Program Guide is out today. People were assigned to distribute it throughout the dorms and various college offices. Mr. Montgomery volunteered to do DU himself since he has so many friends living there.

Matt got a memo to turn in a list of people who are interested in working at the station over Senior Week. Sign up people.

Steve reported that the problem with the transmitter might well be a faulty capacitor -- this will be checked out and if it is not the problem then the transmitter will have to be brought down to NJ over the break for repairs. Matt M will do this. As it stands now we are scheduled to go off the air at 5:00 Friday and return at 7:00 Monday, April 5.

The new microphones (2 of them) are in -- now there is one pot for each set of microphones.

A staff memo is going out on Wednesday about going off the air; along with this will be an engineering memo from Steve for DJ's who engineer news shows.

Paul brought up the matter of having board meetings during dinner again as last year. The general consensus was that this would be a bad idea.

A few reminders: no rubber roller chairs in the business or music library rooms because they leave marks on the floor; please hang up the headphones in the news room when you are done with them.

A bulk eraser has been ordered.

The door to the kitchen area has now been locked due to the irresponsible actions of a few DJ's. Access is possible through the food processing area downstairs, but this makes it difficult to get things like garbage bags for the AP room when one is doing a show. Some other solution than locking the room is preferable.

April 5, 1982

Board of Directors Meeting

Present: Doug, Hugh, Matt M, Matt C, Greg, Steve, Dan, Paul, Tony, John, Grier, Ed

Guest-type: Eliza

Called to Order: 5:35 PM

Brian Williams was unanimously declared Missing in Action.

Jewett House has challenged us to a softball game. This challenge was accepted since it will be good practice for the game with FAD.

The transmitter is back in (obviously), but the readings remain unhappily low. Steve feels correspondingly low. It has been tested now, but nothing was found wrong with it. So we wait for it to blow up before we do anything.

The change in the hookup of the cassette recorder has been made so that now it records directly off the air. To record from the audition circuit, ask Steve for instructions. Discretion is still required in playing the recorder on the audition circuit as there is still a certain amount of bleeding onto the air. (Sounds surreal)

The bulk eraser is still on order; yes the check was sent.

The envelope please: Doug Ashford, our intrepid Programming Director, has been selected to be the second paid staff member working at the station this summer. The vote was tallied at a unanimous Aye.

We are BAAAAACK on regular schedule. Hugh and Doug are still working on the On Air Checks.

Doug Murray is happy to have the Folk Festival on the air. This should work out roughly the same as it did last year. It starts Friday at 4:00 PM until midnight, and then again on Saturday from 2 - 5 PM. The Finals are paid admission and cannot be broadcast. We will use the festivals sound system with a few extra mikes of our own.

The Last Waltz will be shown on Saturday, April 17. Posters will be made next week before the meeting at 5:00. Since someone ripped off our old copy of the Last Waltz album, we will appropriate Doug's copy and get him a new one at earliest convenience.

Jorma Kaukonen (excuse the spelling) will appear at Whirlwind in Rutland a week from this Thursday. We are getting a few promotional

tickets and T-shirts.

Brian is back from the land of the lost.

Phil Hamilton is having a concert tomorrow night: will someone review it for the Campus? Your intrepid (or is that "eager"?) servant volunteers his lit'ry skills.

Perhaps we ought to buy a new clock for the control room. Eliminate those lovely: "And now it's.....5:45." Perhaps a combo clock and thermometer, since our present "weather center" don't work so hot (or rather it works too hot).

Jeff from the Music Library (in Johnson) is interested in acquiring our duplicate records for the Library. We will look over what we have and let him have what is expendable.

Come one, come all, to see the wonderful Hugh Montgomery DJ a dance at the high school -- that is if you can tear yourself away from the Folk and Bluegrass Festival.

Board Members Present: Matt M., Doug, Hugh, Brian, Tony, Greg, Matt C., Steve, Ed, Grier, Pam

Others present: Meredith, Doug Benjamin, Emma Mayer
Meeting Called to Order: 5:37 pm.
Doug reminded everyone that the bluegrass festival is this weekend. WRMC will broadcast it live Friday night and Saturday afternoon. Announcers will be needed.

Matt M. reminded everyone that The Last Waltz--the WRMC movie is this weekend as well. Showings will be 7:00 and 9:30 Friday and Saturday nights and Sunday at 3:00 p.m. for those involved in the bluegrass festival.

Matt C. announced that the WRMC budget is due this Friday, April 16. Department heads must get their budgets in by this Wenesday. Let's try to keep it under $30,000.00, O.K. guys?

Steve brought up the question of whether a policy should be established for maintenance work in the controll room. No policy was set. Patience was advocated on all sides.

Meeting was adjourned at 6:07 pm.

Respectfully submitted,

Matthew Clayton

Board of Directors Meeting

Present: Matt M, Matt c, Tony, Hugh, Grier, Paul, Brian, John, Doug, Dan

Called to Order: 5:38 PM

On The Last Waltz we made $510.95 (?!) and it cost $600 plus $80 for security. No comment.

Mrs. Flickinger passed along an add for an internship next fall at WMNE TV in Hanover NH. For more info, contact Matt M.

Broken things were brought up, as in the Tape player. Where is Steve? We don't know what is wrong with it yet so we don't know how long it will take to fix it. Until such time Mrs. Flickinger has offered us the use of an MCAB machine. Gratefully accepted.

Steve arrives.

Once again, the clarion cry for people who are interested in doing "Radio" over Senior Week. Contact the amazing Mr. M.

Matthew will be putting out a staff memo soon. Most of this will deal with the fact that there will be several Board of Directors openings for next year. Elected position will include: Music and News Directors. The election will be held at the meeting on May 3, at 5:30 PM. Interested staff members should either present a petition signed by five members of the staff (in good standing mind you) to Matthew M by midnight, May 2, or should nefariously arrange to be nominated by a member of the Board. There will also be openings for the following appointed managerial positions: Classical, Non-classical, Music, Special Productions, and News managers.

Other items for the memo? -- Paul requested a note to late night DJ's about checking the AP machine regularly. Avoid unpleasant muss, fuss, and bother later. Doug asked for a note to all DJs reminding them to let one of the Programming Department know if they are not going to do their regularly scheduled shows.

Hugh will be leading a workshop on cart making this Sunday at 1:00.

The bulk eraser is a Wow: read the instructions and enjoy. Dan performed a wonderful rendition of the sound effects produced by the new wonder machine. Dan himself is a wonder machine, truly.

Softball vs Jewett House has been scheduled for this Saturday, the 24, at 2:00. WRMC practice is at 12:30. Meet at the Platform Tennis Courts behind the Field House. Coach Flint is instructed to buy balls, gloves, and bats and charge them to the Athletic slush fund (if there is such a thing). He is also preparing a speech for the pre-game press conference. Also, the issue of costumes -- or rather uniforms -- was brought up. Steve suggested we wear records. LP's or 45's?

Staff Party? We already have tickets. The News Department was directed (by the Board of Directors) to look into the possibility.

The budget was brought up and discussed. A vote was called for by Paul and it was unanimously approved. Any questions can be referred to Mr. Clayton. Our appointment to appear before the Finance Committee is for 5:00 this Friday.

Amy Colodny is looking for an MC for the Synchronized Swim Show, Hugh suggested we broadcast it live.

Hugh (not to be stopped so easily) went on to ask about the possibility of hooking up a dry line to the campus switchboard so we could go remote from any spot on campus that has a telephone. Steve said he would look into it.

The Folk and Bluegrass Festival went exceedingly well. Doug says thank you one and all.

BOARD OF DIRECTORS MEETING 4/26/82

Board members in attendance: Matt M., Paul, Coach Flint, Grier, Doug, Dan, Hugh

Persons in attendance having recently completed their thesis: Meredith M.

The meeting was called to order at 5:35 pm.

There was a moment of silence for the recent calamity held behind the Field House. A rematch has been scheduled for this coming Saturday at 2 pm. The Campus evidently has also deigned to challenge WRMC's obvious supremacy.

There was a brief discussion of a proposed "rock and roll" weekend for the fraternities (upon request by several individuals on campus). All felt that while we should be responsive to listener and specifically college ideas, this particular idea had not been well thought out as the current Friday and Saturday afternoon offerings are quite similar to those requested. However the request has been dutifully noted.

Anthony Flint was nominated for News Director but gracefully declined.

David Thorne was nominated for the position of Music Director

Nominations will be closed as of Sunday 5/1 at midnight. Normal procedures will be followed for elections one week from tonight. Appointments will also be considered.

We will go off regular schedule Saturday, May 8 at 1 am. Sign-ups will begin at 7 am the following day, May 8 (technically) but still Saturday. Sign-ups will run through graduation, Sunday May 23. Please sign-up as much as possible.

The meeting was adjourned at 6 pm.

Dejectedly submitted,

Hugh Montgomery

September 6, 1982

Minutes: Board of Directors' Meeting

Members present: Matt Bucy, Doug, Steve, John D., Tim Taylor, Greg, Grier, John C., Kathy Carlson

Convened: 5:05 PM

And a big WELCOME BACK to everyone in radio land is extended by our illustrious program director who is currently sitting in for Mr. McGuire, Unfortunately Unavailable and PhD.

Doug continued his warm-hearted by inviting everyone back again for the staff meeting tomorrow night at 7:30 in Gifford classroom.

Then Doug modestly stepped back to let other people nominate new hopefuls for the as yet unfilled position of news director. For this sought-after position were nominated and seconded Kathy Carlson and Lisa Olson, though neither one was available to say how she spelled her name. The election of a person to fill this time-honored role at the station will be held at the board meeting next Monday. Further nominations may be made either by two members of the board or by a petition from five members in good standing of the station and submitted to said absent station manager no later than midnight of this coming Sunday, September 12.

Continuing in this grand tradition, managers were nominated by directors of two departments and after heated debate were approved by the rest of the board. The new members of the board are: Tim Taylor as Classical manager and Matt Bucy as Special Productions manager. Congratulations and good luck.

Realizing that, though open minded, this free-thinking chairmanship had gone far enough, Doug ably took back the floor in order to bring down the house with his new and highly experimental prospective schedule proposal. It was adored by one and all and the meeting nearly had to be adjourned when several board members tried to kiss Doug's feet in pure admiration. It has been proposed that these board members be given special funding from the business department in order that they might seek qualified help.

The meeting, however, went on, and Doug took the very next opportunity, while he still had everyone's admiration and attention, to remind us all that each director should have a short monologue

RMC-FM, MIDDLEBURY

DRAWER 29, MIDDLEBURY COLLEGE
MIDDLEBURY, VERMONT 05753
(802) 388-6323

prepared with which to amaze anyone willing to listen at tomorrow's staff meeting.

Doug next decided that while he was hot he would take the time to let everyone know that we were back on the air. Not only that, he said, but we're on the air using new remote starts. And Doug reports that DJ response to the remote starts has been "really good. And they're working really well, perfectly." He did not, however, clarify if he meant the remotes or the DJ's.

A few brief notes seemed appropriate at this time: the activities fair will be this Wednesday night in McCullough Gymnasium; keys should be available (or rather the requisition forms) by Wednesday or Thursday in the Student Activities Office; and there is the possibility (either the promise or the threat) that we will do another movie soon. The title? Eraserhead. Maybe we can get people to pay us not to show it.

As yet we have no qualified (or unqualified) announcers for our hockey games this year. We have the money and the obligation, but where is Wally the Wonder Duck when you need him?

Steve rounded out the meeting with a few suggestions: how about bringing in some people to speak on the subject of radio (like maybe the kind the geology department gets); and he reports that the Engineering Cookbook is coming along better than he expected (it has in fact turned into A Users Guide to WRMC) but he would like people to help him write it out now that he has collected all the information. Any volunteers?

Meeting adjourned: 5:34 PM

September 13, 1982

MINUTES FROM THE BOARD OF DIRECTORS MEETING

Present: Doug A., Matt M., Greg, Steve, John D., Kathy, Tim, Grier, Doug Benjamin, Andy Karas, Lisa Olson, John C.

Special Guest Appearance: Tony Flint

Called to Order: 5:35 PM

Meetings, henceforth and forthwith, shall be held at 5:30 instead of 5:00 as of old, due to Doug's "problems."

Until regular scheduling is instituted, Campus Security will be opening the station every morning at 6:45 and the door will be locked (via slamming it shut) by the last DJ every night. We will go 24 hours in two weeks from today.

Temperature anyone? Yes we have no thermometer (that works) so... 1) lick your finger and stick it out the window, 2) call FAD, or 3) guess. Engineering is hereby assigned to Look Into the Matter.

If anyone is interested in a Program Guide this year they had better volunteer to help. Talk to Mr D.

Steve wondered why we do not broadcast football games since we already broadcast hockey. Several convincing reasons were given, but all were overshadowed by the fact that basically no one wants to do it.

And in this corner... Elections for News Director were held. The contestants were Kathy Carlson, Andy Karas, and Lisa Olson. Many pointed questions were asked of each candidate while Steve bandaged the second toe on his left foot. This swayed the tide in Kathy's favor and in due course she was elected with many congratulations all around.

John D. then took the opportunity of having everyone in a political frame of mind to nominate John Starrett for the position of Music Manager. He was voted in with the Ayes carrying over the one abstension.

September 20, 1982

MINUTES FROM THE BOARD OF DIRECTORS MEETING

Present: Doug A., Matt M., Steve, John D., Grier, Tim, Kathy, Matt C., John S., John C., and Blair Chesnut (guest)

Called to Order: 5:33 PM

Doug began by nominating Blair Chesnut for the position of non-classical manager, to which post he was promtply elected and duly congratulated.

Kathy followed Doug's illustrious example by nominating Lisa Olson for the position of News Manager, to which she also was elected.

Ron Nief says that we have lured Frank Sesno '77 back to Midd for the first annual Robert W. Vanderveldt, Jr., Lecture. Said momentous event will take place on Monday, October 18, at 4:15 in Proctor Lounge. Mr. Sesno is the Whitehouse correspondent for the AP News Service.

Steve then talked for a brief period.

THIS WEEK AT MIDDLEBURY is a show on FAD in which Erik Michaels interviews various individuals connected with the college in an attempt to improve college/town relations through better communication. Ron Nief is interested in our producing the show ourselves, which idea met with a surprising amount of resistance from our inimitable board. Why? No one wants to do something they didn't think of. Matt, however, the voice of reason as always, calmed things down and reminded us that this is a long term project. So there is still hope.

Steve on Thermometers: he suggests we install an electric thermometer in a small cupola on the roof of Proctor, in order to shield it from direct sunlight. Cost? About $50 for the Thermometer and perhaps $50 more for the cupola.

Kathy reports that the Fall news schedule is almost filled. We will be doing broadcasts at 8, 12, 5, and 10.

Matthew has written up a small "at a glance" type program guide to be privately printed. We may do an individual name type in the Campus later, depending on the cost. It should be out by this Thursday.

MINUTES FROM THE BOARD OF DIRECTORS MEETING

Present: Doug A., Doug B., Tim, Grier, Matt M., Matt C., Steve, John C., Kathy

Called to Order: 5:44 PM

Doug B. began on the thermometer. Their are currently two models under consideration, one more expensive than the other but both in the 75 - 100 dollar range. Grier, after much discussion, pointed out that no discussion was needed yet since we didn't know how much money we had to spend yet. Further discussion was suspended, although the possiblity of using two six dollar thermometers and averaging the inaccuracy of both was suggested.

Keys are still available in the Student Activities Office.

Training of new, late-night DJ's was introduced in a motion by Doug and unanimously voted down. No training this year. But Doug had already made up a sign-up sheet, so the board decided to sign up after all. Unfortunately, certain members of the board had forgotten how to sign their names. Can anyone volunteer to train them first?

The top right-hand cabinet in the hall was decided on as the ideal place to store overflow from Special Prods. Now all we need is a door. Grier, being especially interested in this project, volunteered to look into it.

Board members should begin looking into replacements for the December elections.

Steve said "What?"

Doug answered "Anyway, speaking of layout..." The program schedule, with names, will be in this Friday's issue of the Campus. Layout is tomorrow evening at 7:30 Or 8:00. With any luck the professional "At A Glance" schedule will be ready before then.

MINUTES FROM THE BORED OF DIRECTORS MEETING

Present: Matt M., Matt B., Matt C., Grier, Doug A., Steve, John C., Tim, Blair, Kathy, Lisa, John Starret, John Davis, and Doug B.

Called to Order: 5:34:36 PM (Tim has a new watch)

We have the "At A Glance" guide ready for distribution. The printer took more time than we had bargained for, but now we have the pleasure of distributing them door to door.

Many congratulations to Doug for the fine results on the Guide in the Campus: an attraction to that fine organ.

October break will be run on sign-up basis from Saturday thru Tuesday. We will be on-air during that time from 7:00 AM to 1:00 AM each day.

Staff memo will be going out this week. Anyone care to add anything? Care to stuff boxes?

Our angel in Student Activities (who shall remain nameless) says that $100 is not too much to ask for the correct temperatures on those cold winter afternoons. No one wants to be told its warmer than it is when their freezing, even indoors. Steve and Doug are instructed to continue their fine and exhaustive research with this new information in mind.

F.S. Arrives in TWO weeks (and counting). OOOEEEOOO...

This is our last meeting until the 18 of Monday, October, 1982.

"Doug and the Department" give their thanks for DJ training.

The new EBS instructions are posted in the Control Room: the tests need only be recorded in the log now, not broadcasted.

Community Access Radio, a show on FAD acquainting townspeople with what's going on at the college. Doug wants ½ an hour worth of material plugging the station -- the departments are instructed to provide. See Doug. See Doug run. See him run fast.

October 25, 1982

MINUTES FROM THE BOARD OF DIRECTORS MEETING

Present: John B., Grier, Kathy, Matt M., Matt B., Doug B., Doug A., Tim, Steve, and John C.

Called to Order: 5:35 PM

Doug B. explains the thermometer. Everyone understands. It has been installed in the engineering closet as the one place where the temperature never changes so we will never have to worry about its being wrong. Grier, however, was concerned as to whether it was weatherproof. We are assured it is and that although it is in the engineering closet we are provided with 100 feet of extension wire, so we can tell the temperature in Vergennes without stepping outside. A million and one features.

Mrs. F. sent us a note a few weeks ago requesting a member of the board to sit on the MCAB concert committee. Mr. Davis and Mr. Benjamin mud wrestled for the honor. Who won is left in question because both were unrecognizable when they were through.

Elections for next years board must be prior to finals week. Matt will keep everyone posted.

Steve said "What?"

John Kelly walked through the meeting. He was happy (or so he said).

Steve burped at 5:45.

People were so excited by this that they immediately suggested a staff party. Doug said "not now," but how about later? At the Alibi? With Unshined Shoes? Broadcast? Insane self indulgence? All of the above? Doug B. volunteered to answer this question.

Grier has been thinking. He likes the idea of moving the Special Prods overflow into the hall closet. He is still checking on the doors.

Doug brought up the issue of a survey which was greeted with universal cries of ecstasy. Yay! Yay! Doug will look into it.

The minutes were continued on the next page.

News people report that the election day coverage is almost all set. It will consist of 10 minute spots every hour from 8:00 PM until midnight when there will be an hour wrap-up. This is next Tuesday for you politically oriented people.

November 1, 1982

MINUTES FROM THE BOARD OF DIRECTORS MEETING

Present: Matts M. B. + C., Johns D. C. + S., Kathy, Lisa, Tim, Steve, and Grier.

Called to Order: 5:39 PM

Doug's User's Guide was the first item up for sale and the New RMC. John B made a bid on the emergency broadcast section and was informed that, no, his problem was not crucial. In the event of a real emergency we'd all be dead anyway. (If not, try to call Doug or Matt who know what to do.) Other than that the guide was universally approved, except that Matt M thinks it should be mentioned that DJ's are discouraged from talking more than they play music.

Elections for next year's Board of Directors will take place on Monday, November 29, the day after Thanksgiving vacation. The meeting will begin at 6:30 because it will last longer than usual. Nominations (by five members in good standing of the station of one BOD member) are possible until 12:00, midnight of Sunday the 28. The Monday before that is official nomination day.

The Coeducational Centennial Weekend Celebration Extravaganza is this weekend. We are promoting the ensemble to perform on Friday night (Bausch and Lomb?) as well as talking up the event in general. Everyone is encouraged to be as coeducational as possible (not to mention extracurricular).

Election coverage still needs someone to cover Peter Smith in Montpelier. Matt B. kindly volunteered. As an added bonus he will be provided with free transportation to and from the event.

Steve says the phone lines have been cleared of noise.

Grier reports the doors should be on the hall closet this week.

Steve reports a direct line from Proctor lounge to the Prod Room will be installed this week for live music recording, etc.

The thermometer is in and unfortunately innacurrate. So we now have a hundred dollar wrong temperature. However this is only temporary until the weather housing is installed.

To be continued...

Speaking of thermometers, as we were on the last page, the hall thermometer should be left at a comfortable 74 degrees, otherwise the control room temp goes haywire.

Doug will have on-air checks together soon. Start dreading. The bitch is back...

Another staff memo, about the check and co., will be put together soon. See Doug with additions.

Doug's User's Guide will be out next week. A last call for suggestions.

Minutes of the weekly Board of Directors meeting - 1/10/83

Cast : L. Olsson, H. Montgomery, S. Mitchell, Ch. Wilcox, J. Davis, E. Gsell, S. Shaver, D. Benjamin, J. La Fronz, B. Napack, J. Miller, P. Oyer, M. Bucy, M. McGuire

Meeting was called to order at 1734. Mr. Montgomery presided.

The first order of business was the nomination of departmental managers .
News Dir. nominated Eric Gonon (in absentia) for News Mgr.
Eng. Dir. " Steve Shaver for the position of Eng. Mgr.
Pgm. Dir. " Chuck Wilcox " " " " Classical Mgr.
Bus. Dir. " Brian Napack " " " " Bus. Mgr.

All candidates were duly seconded and approved, after Mr. Shaver assured the electorate that his repertoire includes changing a stylus in the absence of Divine intervention.

The President then mentioned a few of the "quickies" of which he is currently in pursuit:

1) He (the President) and the President Emeritus will be meeting with the WRMC Advisory Board (where are you, Tom Pansky?) tommorow afternoon.

2) The Advisory Board (who?) will tour the station after the meeting, so everyone should try to clean the place up as soon as possible. In addition, Dean Rockefeller might join tomorrow's tour, thus fulfilling his long-standing desire to inspect the station's new facilities.

3) A timer has been installed on the AP machine, set to cut the power whenever "Rock Report" or "Diversions" is run.

4) The weekly Board of Directors meeting has been rescheduled to Monday afternoons at 5:30, in the station lounge. Please note this change in your appointment books.

5) The President plans to publish a weekly staff memo, and he encourages all Board members to submit short stories and poetry.

1744 : Enter E. Gonon, muttering about the Saab breaking-down at Sugarbush.

Not to be upstaged, the Program Director mentioned a few "quickies" of his own:

1) A timer has been installed on the transmitter, set to cut the power whenever "Matt McGuire" or "Hugh Montgomery" attempts to do a show. [The preceeding commentary was contributed by AP's DMK from NYC.]

2) There are currently two vacancies in the classical schedule. Potential applicants should contact the illustrious Mr. B.

3) Having completed Winter Term programming, the P.D. has started to work on the Spring Schedule. He hopes to have finished with the Spring by next week, and he will be starting on the Fall Schedule at that time.

4) The AP is running a "Rock Report" on Saturday mornings, which could be used by sundry rock D.J.'s (for more details, see #1, above, and #3 in the President's "quickie" section).

Continued

DRAWER 29, MIDDLEBURY COLLEGE
MIDDLEBURY, VERMONT 05753
(802) 388-6323

Board Meeting - 1/10/83 - continued

5) The P.D. is investigating the possibility of obtaining a 13 album set of sound effects records, at no charge. Stay tuned for further details.

There were short discussions about the following:

The premiere of ~~Oaf~~ Sports Talk, last night from 10 to 11. Comments were all favorable, and it was generally agreed that the show would be further evaluated at the end of Winter Term.

The possibility of reviving the (Radio Pancakes) Trivia Contest. After considering legalities, 7-second delays, etc., the matter was tabled until a more concrete proposal is received from the would-be sponsors.

Hockey Games. Learning that the Campus is initiating an exposé of the cost effectiveness of WRMC's hockey broadcasts, all Board members were advised that, if they are approached by a Campus reporter, they should a) mislead the reporter or, b) direct the reporter to Mr. La Fronz, who is well-practiced in the arts of deception. In addition. Mr. La Fronz noted that the quality of the broadcasts could be considerably ameliorated through the acquisition of a $500 sports mixing board. The President was amenable to the request and volunteered to initiate petition at the Student Activities Office.

There was a large discussion about the following:

News. Should AP audio be run every hour (except during classical and jazz)? News proponents feel that all D.J.'s should acquire a professional facility as far as mixing from music to AP is concerned, and they believe that frequent practice is the means to obtain such an ability. In addition, news supporters argue that the listening audience expects to hear the news consistently broadcast on the hour. News opponents counter that the exceptions made for jazz and classical shows render ludicrous any hope of consistency. Also, the anti-news faction points out that there is probably little demand for news between 6PM and midnight, that the AP audio tends to be very repetitive during those hours, and that the hourly interuption does little more than break-up the music flow during evening shows.

Many opinions were expressed, but they were delivered, regretfully, at a pace too rapid for this reporter to record.

It was finally resolved that AP audio will be run hourly for the duration of Winter Term. The situation will be re-evaluated before the commencement of Spring Term programming.

Meeting was adjourned at 1815.

Respectfully submitted,

Matthew G. McGuire

Memorandum

Minutes: WRMC Board Meeting

Called to Order: 5:36, P.M.

In Attendance; Hugh, Matt B., Evan, Jon M., Lisa, Jim L., Doug, Eric, Chuck, Steve, Suzanne(late); Absent: Me!

Hugh kicked off the show(as near as I can tell) by reporting on the Advisory Board meeting. Results? All went A.O.K. Adressed was the ever sticky problem of Campus co-operation.

There will be a staff memo coming out. To it, eachidepartment will add its two (or maybe three) cents.

Hugh brought up the new music library set up. Some problems were noted.

Matt announced(forcefully, I'm told!) that D.J.s who miss two (count-em) shows without notice "shall be released."

Listening stations in the library are being worked on by the ever-technical engeneering department.

Hugh has spoken with Buildings and grounds about the wall in the hall and the heat in the studio (sha-boom).

Hugh(ever-present) is going to see someone about Winter Carnival, and is getting magnets for the control room(he's got friends in very high places).

Matt wanted to be 24 hrs. by February 7 to train Feb. Frosh. during orientation.

How about the idea of a used record sale? This huge idea sprang forth at the meeting! Everyone seemed overwhelmed at the idea.

Lisa wants to have 8 A.M. ski reports from the local ski areas. This, too, was greeted euphorically. She continued,to discuss her ideas for WRMC (us) coverage of local events.

The budding future of "Sports Talk" was considered. It will continue through spring on a continued trial basis.

Doug asked about resurrecting the "ride board". Hugh interjected that it had failed a few years ago. The crew was skeptical about the number of fans it will affact...

Hugh(the almighty) is going before the Finance Committee for Hockey Equipment, tomorrow!!!!
Meeting Adjourned: Six Oh Ate

WRMC Board Meeting: Minutes

Called to Order: 5:08

In Attendance: Hugh, Matt B., Lisa, Jim La Fronz, John D., Doug, Steve, Evan, John, Chuck, Suzanne, Paul, and Me!

New Purchases: Hockey Board can be obtained for $400.
New Broadcast board after talking to our engineer. Cost estimated at $6000- $8000.

Don Kreis was in attendance from A.P.

Hugh indicated problems with the Feature Rock. Jock might not like or know certain groups!

Ski reports have been running daily.

Intercollegiate Broadcast System is holding its convention in March. Don says that it is productive, one can find out what"the Joneses" are doing in their segment of radioland, and even get free records. Several members indicated interest: John, Suzanne, Evan, Chuck, not to mention Steve, Doug, John D., Jim the L. Matt, HUGH and moi.

Matt allertly brought up the station information sheet.
2/5/83 - New jocks and newspeople meeting.
2/6/83 - Simulated (imagine that?!) broadcast for interested Feb Froshies
He then presented the Sunday schedule for the springgggg!

The ever-worrisome ten minutes after the 5:00 report yet before special prods. period of mixed up radio air-time was on everyones mind.
The came a terse period of discussion on the nature of "canned" interviews which can be edited. Results-- none.

It was handed down from above that carts would be "in-use" for a period of time not to exceed one (1) MONTH (Not one year! Quite an ambitious proclamation... "We live in an age... so take your annoying over-used carts awaaayyy!)

WRMC Board Meeting: Minutes

Came to Order: 5:39 P.M.

Attendance: Hugh, Jim L. , Suzanne, Evan, Steve, Paul, Lisa, Eric, John D., Matt!!!!!

Hear-ye, Hear-ye, From now untill eternity, or untill further notice(whichever comes first), the board meetings will be held at five o'clock P.M. unless such time cometh as it is deemed innappropriate to meet for a particular week. LET THIS BE KNOWN.

New introductions were the new flyers as well as the desired hockey equipment.

The spring term staff meeting of WRMC-FM Middlebury, 91.7 on your F.M. dial, will be in Gifford Upper Lounge at 7:00 on Tuesday, Feb. 8. Keep it short was the consensus.

Flash!!! The board in the control room may be replaced. The welfare cost (to the finance committee) is estimated at $8000. This weighty expense may come back to hurt us elsewhere. Film at 11:00.

The "hundred dollar headache" is fixed, how about that? The thermometer is working and is alleged to be accurate.

New D.J.'s have to be sat up with. We will all have our duty.

Lisa ran up and down the latest on the News Dept. Most everything is swell.

ZZZZZZZZ..... Jon is sending letters to get catalogues in order to facilitate the orderage of new albums. He is trying to improve r relations with record companies. He proposed stopping D.J.'s from bringing in their own records-- It is said that this might prevent theft.?. The idea was greeted with mixed emotions. ZAPPP...!!

A proposal for Nautilus weight training programs to be required of all D.J.'s. To it, Hugh is requesting funds for the needed Nautilus system as well as the Redfield Proctor-Hugh Montgomery Memorial Powerlifting Annex. Work can begin and end by May.

Religiously submitted,

Yours puritanically,

Brian Napack

Board Meeting: Minutes

Came to Order: 5:05

Attending: Matt, Paul, Eric G., Suzanne, LaFronz, Hugh, Doug (Tex) B., Lisa, John D., John M., Evan G., and Me.

Brian made the point that his new D.J. trainee was totally unprepared to play radio. Hugh suggested that from now on new D.J.'s should go through a program of 1) classroom training and 2) sitting in an a board member's show. Also, each new D.J. should be given a rule sheet. John Miller said that he would remain silent throughout the meeting.

Suzanne was praised for her generosity. Thank you Suzanne.

Hugh made several points including: 1) The finance committee is being approached this week about the new console. Estimeted cost is $7000. Other stations seem more than pleased with the desired unit. 2) Radio-Pancakes revival was a success.3) All departments must submit a list of duties for a "This is WRMC" booklet. 4) Two (count-em) new cassette decks are on the way. 5) A cart workshop will be held on February 19 at 1:00 6) Special Prods are "HOT" -"Ruby, The Galactic Gumshoe is a success.

The ever troublesome ten minute post-news, pre-music has now been filled with comedy- Ha, Ha.

The Saturday Rock-Book will be out shortly to be used during Feature Rock, as will be a "This Week on WRMC" feature list to be put out weekly. Matt was sporting his new letterhead for said list.

Matt forcefully reitterated that all, and he means all, carts must go through him before they are played.

John tactfully maintained his silence.

Doug B. said that a noise eliminator was estimated at $280. Specifics about its operation were discussed.

John broke his silence to say something silly about little men and their function with respect to noise elimination....

Meeting adjourned: 5:22

Board Meeting: Minutes

Came to Order: 5:06

Attending: Hugh, John M. , Doug A. Matt, Evan G., Paul, Chuck, Tex Benjamin, LAFRONZ, John D., Me, and the ever popular Suzanne.

Hugh has worked up an estimate for a trip to the I.B.S. convention down in Washington. It'll be many bucks. Flying, $95; registration, $25; food, $40; room, $35; transportation, $20.

Hugh "Scoop" Montgomery will be covering Winter Carnival with Josh "Clarke" Weil. There will be a live report every two hours from the Snow Bowl. These will occur at 11, 1, 3, 4, P.M.

Hugh raised the question of coverage of sports other than hockey. Football was suggested and discussed. It will be investigated.

Matt stated that the new control room board would be in over the summer.

Jon Miller is looking for someone new to do the Jazz Playlists. Thorne was suggested.

Radio Pancakes Trivia was discussed, as it is every monday. Paul muttered something about second place.

Ruby was also discussed. The crazy "Galactic Gumshoe" is very popular and thus successfull.

TH-th-th-th-that's all folks!

February 28, 1983

Board Meeting: Minutes

Attending: Hugh, Doug, John D. Chuck, Suzanne Jon M., Matt, Paul Me, Lisa, Evan G., The "L" Man, and Hugh again.

Called To Order: 5:23

Hugh expressed dismay that "Tex" Benjamin was not present as it made his main point of the evening moot.

Hugh also expressed dismay at the state the office has been in. We must all "clean up our acts."

The "live" Winter Carnival reports were both well done and well received. Thanks, Hugh and Josh.

As per norm, Radio Pancakes was discussed. Everyone was interested that "The Edgars" had finally jumped from second to first place. The question of profanity was raised. Hugh said that to the small degree it was occuring, we cannot worry about it.

Matt again stated that absolutely no late night, graveyard, inexperienced, new, or just plain bad D.J.'s were to sub during human hours. This has been a big problem.

The topic of the A.P. News schedule was brought up again. It was suggested that a regular schedule of "every-other" hour during certain Rock shows be followed. There seemed not to be any major qualms with this inovative plan. Nothing firm, though.

Lisa Oh! suggested that the A.P. machine be turned off during late night shifts on weekends. Brian said that the graveyard D.J.'s may not be using it now, but as they became more proficient at their art, they might need it.

Suzanne said that she'll go to the I.B.S. convention, anyway!

Jon is working reorders and playlists. He brought up the problem of stolen records. His suggestion was that each D.J. have his own key to the record library. He also expressed concern that D.J.'s were "pulling" their records to far in advance of their shows. It was concluded that they should pull their records no more than one day in advance, none of which may be new records. This was the policy two years ago.

Finally, it was team picture time!!!! We were very, very pretty. LAFRONZ wants a life size copy.

Jim L. also wished to thank everyone for their help on the hockey broadcasts, as the season is now over.

Da, Dum!

Board Meeting: Minutes

Called to Order: 5:25

Attending: Paul, Matt, Chuck, Hugh, Suzanne, The Big L., Jon M. Evan, Eric, Lisa, and Doug.

A QUICK ONE.

Hugh on News - It's improving. Others concurred. It was suggested that wind be eliminated from news. Everyone agreed-- "bag that," said the rabble.

It was commanded that everyone "be responsible for what needs to be done."

Hugh on board meetings - Everyone should show up or let him know, alright?

The "Friday Evening Conflict" was brought up. Let's be an example.

Matt says that we need more D.J.s.

"On-The-Air-Checks" are on their way for news and D.J.'s.

The troublesome A.P.News problem came up again. Many feel that it need not be played every hour.

Bye, Bye

Board Meeting Minutes March 14, 1983

Called To Order: 5:24

Attending: Hugh, Evan, Suzanne, Matt, Tim--Tim, Jon M., John D., Chuck
Lisa, Doug, Eric(late), IAFRONZ-IAFRONZ, ME-ME.

Hugh anounced that we are soon to get a new board thanks to the approval of Dean Rockefeller.

Spring break was -- (unintelligible clone abberation in note-notes by Paul-Paul)-- brought up. We'll be off the air.

Matt started a discussion of next terms schedule. He suggested a WRMC "top 40"-- not too pop (sure). Matt says change is needed due to same songs from same artists from same D.J.'s , frequency,"mike," and coming over the same stereos , "boxes, and Sony clock-radios. Hugh said that he wants to keep D.J.'s from being tied down. He mentioned that it's nice that we don't have to go for a large audience.

Matt brought up guidelines for D.J.'s. There have been some problems (that have discretely been swept under the rug-rug) . Hugh suggested a list of suggestions. The use of anonymous threatening late-night phone calls threatening perenial graveyard slots was ruled out. It is implicit. Miller muttered something about late-night D.J.'s , drugs, and accessability. Indeed.

Specialty shows were brought up. All seemed to feel that they are a good idea. There was some disagreement about the type and time. Reggae, blues, and request shows were among the suggestions.

Lisa got all in a huff about the messy way that the naughty weekend D.J.'s were leaving her news gathering nerve center. She cited the paper clutter and, worst of all, the yukkie (sp.) ink.

Everyone must get their budget proposals to Oyer (your businessman) soon. In case you don't know him, he's the one that yells alot about late business directors.

The meeting screeched to a halt.

March 21, 1983

Board Meeting: Minutes

Attendant: LAFRONZ (my hero), Matt, Hugh, Me (get it?), Oyer, Evan, Eric, Chuck, Lisa, Tex, Steve, and John D.
Miller called in sick (Oh, for sure, ya know, like cosmic!)

Hugh launched into the meeting with two very very silly announcements. The first of these has discreetly left the minutes. The second, and more important of the two is that, to everyone's chagrin, there will be no board meeting next week, due to an unexpected vacation.

If we so desire, WRMC can, for the first time, buy a page in the yearbook. Many reacted well to this idea, but it was mentioned that meny organizations get a free layout inthe book.

There was more bothersome discussion about Lisa's ikkie teletype room. Something must be done. It was agreed that each department would take turns cleaning it on weekends. a schedule was agreed upon. Comments included "D.J.'s can't do it, they have such "intense" pressure, anyway" and "where is the newsroom, anyway?"

Hugh is starting a new program, to be called, for lack of a less unfortunate name, "Middlebury in Collage." This will be a weekly feature to be recorded on wednesday and aired on Sunday, Sunday, Sunday, of each week (redundant). It will be fifteen minutes long and will concern one college related issue each week. Ron Nief and Tim Todd will be helping in the production. There will be a calendar of events, as well. Brian thought that LAFRONZ would make a good subject for one or even two weeks. For that matter the whole concept of the show could be shifted to spotlight the life of this media superstar. Indeed.

Matt commented on the Redbook. This will be a notebook sith blank pages left in the control room to act as correspondence between the D.J.'s and the board. Notes will be adressed to various departments. There was some concern that it might end up looking like the suggestion book at Proctor. It was noted that WRMC-ites don't eat at Proctor.

Radio Pancakes was a flop for the first time. This was partially attributed to the fact that line 2 went dead for a large part of the show. It was noted that the whole concept of the show is a strain on the local phone system. There will be a tape loop delay set up in the near future. Paul expressed concern that his team wouldn't be able to listen for the little "clicks" and this would ruin the show for him. It was gladly pointed out that this might get Oyer off the phone.

The new styluses have not come in yet. New headphones are being investigated for the new remote unit. They will probably cost $190.

Bye, Bye From Fiji!

Sincerely, Brian

Brian Napack

April 7, 1983

Board Meeting: April 4, 1983

Attendant: Hugh, Lisa Oh!, Jon M., John D., Matt, Suzanne, The Resident Media Superstar (LAFRONZ), Tex "Damn The Torpedoes" Benjamin, Eric, Evan, Moi, and no one else.

Called To Order: 5:25

It Shall Be Duly Noted That Davis And Lafronz Have Been Chosen As Freshman Babysitters (J.C.'s). It Shall Also Be Noted That He Who Was Once My Idol Is Now A Nazi.

We will soon have foam mats to prevent turntable rumble. We also have new logs with such items as A.P. machine checks

Something was said concerning Craven Creek and/or Ruby but it was unintelligible.

Hugh commanded that all departments submit their budget proposals pronto! Everything should be straightforward except, perhaps, special prods and sports. Their was some chatter about splitting Fine Arts into a separate entity from Music.

Jon Miller is, as per the norm, in both a huff and a tizzy.

We will be on the air from 7 A.M. - Midnite during commencement week. All interested should contact Hugh. It will be a substantial committment in terms of time but room and board are free.

The WRMC "Heavy Hitters" will be reforming this spring to bash home runs and big hits over the airways. This softball team to end all softball teams (I'm not sure if that is good or bad) will be taking to the old Diamond early in spring to clobber all challengers. Campus beware. The big question seems to be whether or not Lafronz can hack balls as well as he hacks mixes.

There is a new grade system for on-air checks.

The End: 5:35

Fond regards,

THE NAPS

WRMC Board Meeting : Minutes 4/11/83

Attending: Hugh, Matt, Him (LAFRONZ), Oyer, Doug A. Jon "I am not in a tiz" Miller, Eric, Evan, Chuck, Sniffles (Suz), and The Naps. Lisa Oh! too.
Came To Order: 5:25

Matt sooped (meant to read swooped) in and made a gracefull landing on my foot. Bravo-- he's here.

The Italian One, not to be outdone, asserted himself in a quasi-Nazi para-ethic manner. It was noted only for the record.

Anyone interested in broadcasting during the summer contact Hugh.

The cassette deck will be back from sebatical momentarily. Ernie Longey is working on it.

Our Leader (Hugh) will be interviewed on WFAD on wednesday morning, 4/13. He will be discussing radio broadcasting, life and love. We've heard it all before and we'll probably hear it all again. Tune in anyway!

Miller, following in the example of his hero (Lisa Oh!) said, ya know, like, the music library is, um, kinda gross. It was agreed that not only is the music library the responsibility of the musi dept. but that English should remain the language of this radio station, on and off the air.

Brian suggested that WRMC should broadcast from Fiji every spring break. This suggestion was not given much attention.

HI, HO! Ended: 5:34 A New Record!!

Submitted in earnest,

Brian

WRMC Board Meeting: Minutes 4/18/83

Attending: Hugh, Matt, Sniffles, Evan, Eric, Oyer(I am God of Business), Jon, Chuck, Chuck Chuck chdh , Ashford--the Babysitter, Tex, LAFRONZ, Lisa, Me.

LAFRONZ arrived and anounced that we could now start the meeting. In tribute to this futile and banal gesture, the meeting was almost called off.

Came To Order: 5:22

Miller, in all his eloquence muttered some gibberish about alkjfoq lahf l skdjw sjfi iw. Learn the language, Jon.

Hugh said that Matt would tell us about the Tag Team of Radio Management's exploits in New York City. Hugh then told us about wandering long distances, seeing things in the rain, and wet shoes?

The transmitter had the sheer gall to act up by not acting up during the power failure. The nerve of that machine. And while Hugh and MAtt were away, to boot. Ashford was babysitting so things were kept under control.

The cassette deck is back. We all missed her.

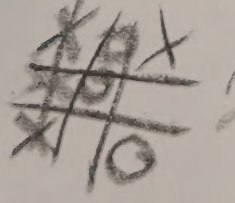
The budget has been completed and shows a 12% rise over that of 1982-83.

As I sit by my window, hunkered down at this typewriter, watching a potential of up to 16 inches of the most unwelcome April snow in history swirling in 50 MPH winds, I find it heart-warming to know that the WRMC air-conditioning is finally operating. Praise the skies and buildings and grounds.

The News Theme is being worked on (Shaft) by the News Department (John Shaft). They have some great ideas. How about "Barnaby Jones" or, maybe "Star Wars." Better yet -- "Rocky," yes thats it, "Rocky."

It was agreed by all that Miller's sexy voice could win prizes as well as free dinners with pretty girls. Jon thought this attribute might be a good promotion for the station. Picture this--- "Win a Date With Your Favorite Radio Personality." The possibilities are huge. Looks like the NAPS will be spending time at Fire and Ice. Send all entries to Box 4095, Middlebury College, Middlebury, Vermont.

Conclusion: 5:32



Hugs and Kisses,

THE NAPS

The Naps
Sitting in For Brian Napack

5/9/83

Attending - Hugh, John D, Jon M, Evan, Steve, Eric, Doug, Chuck, Paul, Suzanne, ~~Afranz~~, Matt

Meeting: Order 5:33

First + foremost - Don't loan equipment out. There was a close call recently with the new hockey equipment.

Let Hugh know if you have any unfinished business so he can do it this summer.

Boxes must be <u>empty</u> when you leave, put stuff in filing cabinet which will be in office soon

---

This week - 7-12

Come in once in a while to check on things. Watch people leaving with more than they come.

Board Meeting: Minutes

Attendant: LAFRONZ (oh yea, doo wop), Matt-the AM D.J.- Bucy, Hugh, Me (I can never resist the old you,me joke), Paul "I'm in charge now" Oyer, Ludwig (Chuck), Tex, Steve, John D., ya know, like, Jon, Sniffles and LAFRONZ again.

Came to Order : Pastrami on Rye at 5:00

Overall it was a very uneventfull week around WRMC. Very little ecitement. Boring. Stagnant.

Hugh opened the meeting by announcing that the Middlebury Security force is hard at work trying to crack the Radio Pancakes Trivia Scandal. This has caused us much embarrasment despite our efforts to sweep it under the rug, as it were. Chief Fred E. Spencer has been quoted as follows: "All I know is that we will get to the bottom of this. So far, I can only say that we are investigating that shfty-eyed business director. He had been showing unusual interest in the popular radio contest in recent weeks." To review, Spencer was first lead to the case by an unnamed Campus reporter with alleged WRMC ties. The reporter investigated after he became disgruntled with his inability to win the coveted Two By Four Award. The scoop is that someone on the inside is rigging the contest, either by use of sophisticated electronic monitoring equipment or by listening to "clicks." Hugh has been quoted in the paper as saying "I am not a crook." It is suspected that the mysterious resignation of Lisa Oh! may have had something to do with this. Hugh has refused further comment but threaghtened to personally plug any leaks that threaghtened him or his office. Hugh closed the subject by saying that he would shortly hand the tapes of the shows over to the authorities.

Tex "The Plumber" Benjamin has been trying to get the pesky tape deck fixed. Its recent quirk has been unexpectedly erasing tapes. Particularly, tapes of trivia contests have been troublesome. Very Strange indeed. Ernie Longey was unavailable for comment.

From now on there will be a 24 hour armed guard at the door of WRMC to prevent another Freshman Takeover. That fiasco won't soon be forgotten. The guard has orders to shoot first and ask questions later..

The Naps suggested the installation of what, in the industry is called a Napsmetrometer. This is a device used to measure the sexual appeal of radio personalities. Matt said that the only problem he saw was not in getting the funding, the needed 500 G's will be easy to come up with, the problem will be in fitting 10% of the female population of the listening area with the necessary equipment. The device, similar to the one used by the Neilson people, is small but is particularly imposing and potentially embarrasing. Suzanne (Sniffles) pointed out that Freshman i.e., those not previously exposed to the Naps, might be a particular problem in terms of consent. We could , of course go to community counsel and request that it be made mandatory.

Brian set forth the idea that LaFronz, recently having trouble from "turned on" fans, should have his own bodyguard. Certainly a radio mogul of such stature should not have to trifle with such problems. LAFRONZ countered that it was not necessary and that, indeed, he was enjoying it.

Security believes that they have solved the Mysterious "Newsroom death. To recall, an unnamed radio personality was found beneath a mammoth pile of A.P. Machine print-out. The death is said to have not been caused, as first suspected, by drowning due to excessive paper pile-up. Lisa Ohl had warned all about this potential danger. It is now believed that the poor fool became tangled in the mess during an episode of McCarthy's show. Being forced to listen to the entire travesty killed the victim. He apparently crawled under the pile to battle the sound. The death has been listed as "Death by Quiet Storm."

Construction begins on the Montgomery Wing of the Redfield Proctor Hall in August.

Meeting Adjoured: August 9, 1963.

With Unusual Sincerity,

Brian Napack
News Manager

Sincerely,

Brian Peacock
News Manager

May , 1983

Board Meeting: Minutes

Attendence: Hugh, Suzanne, Oyer, McCarthy, Eric, John, Me, Ashford, Tex, Helen, Steve, Jon, Evan, Chuck, Matt, and (praise to Allah) LAFRONZ

Came to order: 5:25

As senior week approaches (sounds funny now, don't it?), all be advised that we will be on sign-ups. Regular D.J.s, it was agreed, should have the option of doing their regular shows. Senior week is a particularly good time for late-nighters to get prime time exposure.

All keys must be turned in to either the activities office or to security before leaving Midd. for the summer.

In the wake of the resignation of Lisa Olson as News Director, Eric Gonon, formerly the News Manager, is the sole candidate for the position.

Eric feels that the News can be improved somewhat by shortening it to 15 minutes per night from 20. There was some discussion on both sides of the issue. Doug raised the problem of what, then, to do with the extra time. Brian felt that we could use the time to spotlight various WRMC personalities, particularly himself and LAFRONZ. Or better yet, he added, a daily "This Is LAFRONZ" segment. The idea needs work, to be sure.

Respectfully, Eric is nominated for the thankless job of News Director. Unanimously, he is elected. Rah, Rah. The cheers and whoops were deafening.

Meeting adjourned: 5:36 Speedy, but no record.

Gangbusters,

Brian Napack
NewsManager

Middlebury, Vermont 05753

Excuse the return adress but Napack and I are on the lam (sp.). We've been running from the bastards since graduation. To date we have but narrowly elluded Them but I fear that They are gaining on us. We can't reveal our wherabouts for fear that the crazed brutes will track us down.If that happens all I can say is don't expect a Christmas card. I don't know what Napack did to piss them off but as you well know, he's capable of anything. One need only recall the incident with the MUHS student down at the bowling lanes-- sick! Indeed. But lest I digress, damn the torpedoes, full steam ahead. Things have been pretty hairy. When will Napack realize that that old "society's to blame" line just isn't believable and that it won't get him out of any more trouble. Men, the chase is on. More textured words have never been spoken.

Ten cities in ten nights. We might as well be a third rate rock and roll band (maybe we are). Those goons will follow us to the ends of the earth to get back their little...but I must'nt spill the beans. I do wish she would stop making all that racket, though! Anyway I'm not very good with children. Which brings me to the point at hand... the board meeting notes.

With all this running (not to mention the drugs), whose had time to dictate notes -- let alone find them. But sensing moral obligation and a deep felt conviction in the Tao (The Way) a la the Allmighty ... (Hugh), and, although I sternly refuse to do anything for the Gipper out of a personal belief that there is no place actors, jelly beans, Bebe Rebozo, or the old Statue of Liberty play in world politics-- They won't soon try again to pull the wool over my eyes!! The gall. Right. ... Wherewas I ... Ah yes-- to wit, the notes.

There are two sets of notes here that I will soon adeptly and precisely type. (Napack is to out of it- He should know that drugs and religion don't mix.. especially his type of religion. Psychopath.) The first set is authentic, recorded as it happened by the burden of business himself. The second set, on the other hand was lost in a brushfire in Morrocco. A lovely place, Morrocco, but beastly hot at this time of year. One needs a big white Cadillac convertible, a briefcase full o'beer and large quantities of fresh grapefruit... the perfect safari. Actually, who needs Morrocco. Not to forget the Purpose of this quest, the second set of notes are, with very little recollection of yesterday, let alone the board meeting, a sort of artists recreation,or should I say creation

of something that could be called a WRMC All-Star game. A typical and deadly accurate account of the events as they could easily have occured on that or any date. One thing we are sure of, it was the last meeting of the year. The surly and sordid truth about what went on that day behind the soundproof walls of WRMC-FM Middlebury may never be known. The facts you will read are false, only the names are not changed to incriminate the innocent.

The worst is yet to come. Alas we should have stayed in Fiji. The weather is nicer and you don't have to worry about The Gipper doing something stupid. Although we must stay undercover, you can get my fan mail to me by taking it to O'Reilly's Pub on East 30th St. in New York. Walk to the back, knock three times, then ask for Bruno, he'll take care of things.

Alas I have much to do and miles to go before I sleep. See Ya In The Movies!!!!!!

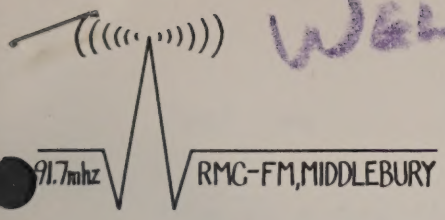
Surreptitiously yours,

THE NAPS

The Incomparable Naps

encls.

THE END



WELCOME BACK WRMC!

Board Meeting: Notes

In Attendance: Hugh, Chuck, Suzanne, Evan, Paul, Steve, Jon, Matt, Eric, Jim, John D., Tony Flint, Doug, et Moi(that's french).

Came to Order:5:05 P.M.

Welcome Back WRMC. Good to see you. Did you have a good summer? We were living on the air in Middlebury. Middlebury, WRMC.

Hugh opened the meeting with some announcements:

1)The long awaited arrival of the station's operating manual will occur real soon. Hugh is currently puting the finishing touches on it. It should go to press next week.
2)Keys and phones are ready and waiting for board members. See Claire Wilson if you are one of the priviledged elite.
3)The new board has been installed. We will be retraining everyone this week in preparation for our going on the air Monday, Sept. 19, 24 hrs. right of the bat.
4)We now have a college extension for a telephone so you can't sneak those long distance calls to Colorado at 3 A.M.
5)Van De Velde lecture time is coming!!!! Frank Sesno was here last year and was a smash hit. More on this next week.
6)The Student Activities fair is Wednesday in McCullough Gym.

The Community Players wish to hold their auditions in our studios on Monday and Tuesday, the 26th and 27th in the evening. Bob Peskin will be running this. They will be using the Production studios, the newsroom and the announcement booth.

There is some old stuff, a.k.a. a record rack, a parsons table and the chair in the engenering room up for grabs. See Hugh.

As the meeting shifts into high gear, we are all relieved to know that LaFrOnZ is here. Rumours that he was scooped out from under us by NBC to replace Fred Silverman must be dispelled as heresay. We can all sleep at night once again.

Eric G. - ed's note
Matt unveiled the new format for the morning hour of 8-9. The focus of WRMC's NewsDepartment will shift from the 5:00 P.M. Report to a morning hour of News, Information, and Music (Jazz, Fusion, etc.). Public opinion seems to show a great demand for morning news and talk radio. This format of a combined nature has been tried with success in major urban radio stations with great appeal. The hour will feature A.P. News on the hour, business and sports feeds at quarter after and quarter of the hour, a two minute news feed at half past and various "interest" feeds, all broken up with musical interludes. There was some hesitation at the idea but it was decided that we would run with it and see what happens. As a result of this change, the 5:00 Report will be shortened to 15 minutes, the"morning shows"will be shortened to one hour pre- 8:00, and there will be additional news positions opening up.

Due to a dearth of Folk D.J.'s, Folk is being shifted to saturdays. Initially it was though that this would run between 7:00 A.M. and 5:00 P.M. but after discussion it was decided that for our listeners, noon would be a better time to shift to Rock broadcasting. This also allows the convenient segue utilizing the noon report. We would all prefer folk on weekdays fron 9-12 but the problem is filling the slots. This discussion was left open ended until after the Staff Meeting, tuesday.

Otherwise the format is basically the same as last year: noon to 5- monday through thursday is Classical, 5 to 7 is special prods., 7 to 10 is Jazz, and 10 to 7 A.M. is Rock. The notable ~~xx~~ exception is saturdays when there will be a new album hour, a new music hour, and a classic album hour, followed by reggae at night.

There was some discussion about requiring rock D.J.'s to play 50% new music. After a discussion on the matter it was decided that no arbitrary figure would be set but that in order to get more new and different music on the air, Jon would TELL all rock staff what we were looking for in terms of more thoughtfully prepared shows. Approximately one third new and different music was decided on as a rough figure. If there is no response, appropriate actions will be taken. Once again, as in years past we will not threaten perrenial graveyard shifts, it is implicit. It was, in addition , decided that it is not only new music that we want. It is new and different music i.e., we do not want to ~~only~~ hear China Grove as well as Shock The Monkey every hour!!!!!The 74-83 "music gap" was noted.

Jon Miller is sporting one of the most attractive and, indeed, dapper top hats this Fall. Rumour has it that it is an original Givenchy. How very stylish, Jon.

There will be the annual (bi-annual) staff meeting on Tuesday, Sept. 13. There are 50-70 freshmen interested. WOW, BATMAN.

The L-Man is working feverishly on football. All games will be broadcast, starting with Williams on the 25th. He is currently working on the "road crew." Astounding, the intensity of that guy.

There was some hint of a scandal involving several sets of notes and other documents that are currently missing. Brian vowed to "get to the bottom" of the situation. He was quoted as saying,"the public has a right to know!"

That all there is cause there aint no more.

Egregiously submitted,

Brian

Board Meeting Minutes

In Attendance: Matt, Chuck, Jon, Tony, Tex, Hugh, LaFrOnZ, John, Sniffles, Evan, Eric, Anne, Merrit Maddox, John Starret, Bob Barsanti, Todd Hermanson, Steve., and The Naps. Also, Announcer Wing Pepper.

Came to Order: 5:12

WE ARE ON THE AIR, YIPPEE!

The WRMC station manual is finished.Thank you, Hugh. Everyone should read it, not because it was 50 pages of very hard work but because it is 50 very worthwhile pages about the operation of the station!

Departmental News:

Music: - The schedule is finished and is operating even as we speak. 30 threw their hats into the ring and 18 fledgling broadcasters were born.
- This Week on WRMC, the weekly guide to our stations programming highlights will begin again soon.
- All carts must be screened before they are aired.
- All board members must sign up to train a new D.J. Yes, it is babysitting time again. A list of training points of interest will be posted. It was discussed. Be prepared for a wild and wooly journey into the minds of radios next generation.
- Evan did his laundry.

News - Everyone felt that the new 8-9 a.m. NewsHour went very well. Despite the fact that there has only been one broadcast, all preliminary feedback is positive. The question arose about the posibility of running a news segment just prior to 9:oo, as opposed to running the standard A.P. feed at the hour. It was felt that the added 10 minutes of news following the "News Hour" breaks the continuity of the one hour feature. This will be looked into.

Sports -LAFRONZ seems to have the upcoming football broadcast under control. "Chaotic but smooth" were the L-Man's exact words. Pearls, few as they may be. Merrit, Todd, Bob, Wing and John S. will be covering the games.

There is a new system of two News Managers due to the increased responsibilities of the department. Only one will have a vote, though. Anne and Tony were approved unanimously.

All phone calls must be logged accordingly, o.k.? No Colorado calls.

The subject of wall coverings was discussed. Hugh suggested maps of the U.S., Vermont and others of a topographical nature. Miller suggested a Z.Z.Topographical map. The Naps suggested as a compromize,

one of America, as in"Wings Over." Other suggestions for wall coverings are certainly welcome.

This brought up the subject of a WRMC logo and coinciding bumper stickers and a banner for general promotional use. It was decided that Miller and the Naps would head up a "Logo Task Force" to report back next week.

The Van de Velde lecture will occur at the end of Nov. or the beginning of Dec. Possible speakers are still being tossed around. Last year's was a tremendous success. Ron Nief is in charge.

It was decided that we go off the air for Thanksgiving Break because we will all be home for the holiday.

Anyone interested in being a d.j. for a Frog Hollow dance paying 30-50 dollars contact Hugh for info. It will occur on the 30th of Sept. and the d.j. must supply his/her own equipment.

It was unanimously decided that smoking will only be allowed in the lounge. Not in the office, the news area or in the rest of the station.

The board meeting minutes are finally achieving the recognition they deserve for their timely nature, their quick wit, impecable humour, accuracy, and literary value. Current gems are always, and that means always, available for public perusal and natural enjoyment at the station.Everyone is pleased for the Naps and wish him well. Of course, LaFrOnZ has always appreciated their worth. Certainly, bigger things and offers will follow.

The conspiracy to cover up the Board Meeting Minutes has been solved and the culprits (sp?) are being dealt with in a rather brutal fashion.

The End, for now:5:48

Nighty Night,

Brian

Board Meeting Minutes

Attendatn... er..I mean Attendant : Hugh, The Naps, Jacques(evan), Jon, John, Tex, Chuck, Matt, Eric, Sniffles, LaFrOnZ and Paul Oyer.

Came to Order: 5:09

There was a brief but fierce power struggle within the Business Dept. Brian felt that Oyer (the fascist) was wielding his weight out of bounds by making the poor note taker continuously recognize him "just for the record." They refrained from blows, each noting dept. ties.

Hugh felt that the board members may not be taking the meetings seriously enough. Brian felt that a jovial atmosphere adds to the efficiency of the meetings. This was agreed to but hguh did point out the problems that it gives the person that tries to conduct the meetings. There is a compromise to reach for between somber and silly and between disinterest and digression.

Due to personal conflicts and convenience (boy, can this guy alliterate, or what?) the board meetings will be moved back to 5:15 on mondays.

The morning News Hour continues to work smoothly. An inconsistency of newscasters was noted, as was the selection of particular features. The quality of the A.P. feed was brought up and short of install a sattelite dish, not much can be done about it.

Doug "Texas" Benjamin is steppin' out as Engineering Director. Steve Shavers was nominated to take his place. Petitions for other candidates are available. Interested? See Hugh.

The "LOGO TASK FORCE," hastilly formed last week, already has produced staggering results. Comrad Pensky and The Naps have formulated an intricate plan for a "LOGO FOR WRMC" contest. The creative genious that wins will receive two albums of his/her choice. Entries are due October 7 and the winner will be announced October 14. Promotion for the contest will begin ~~October~~ Sept. 28. The announcement of the winners will be made on the 14th in between Comrad Pensky's and The Naps' shows during "The Best Afternoon of Rock and Roll in THE Champlain Valley." It is expected to be quite a gala event. Streamers, noisemakers.... the works.

The possibility of aquiring a cassette deck for the control room is again being investigated. It is felt that if we do get one it must be of good quality. Witness the last two, which caused innumerable headaches and which were out of commision more than they were in. It is needed for taping on-air-checks, for playback of both syndicated shows and recorded news and music features. The money will have to come from finance committee.

Lorraine Fleck called to say that WIPS in Ticonderoga is looking for a news stringer for the Middlebury Area. Contact them or her.

There seems to be a concensus that the first football broadcast from Williams College went very wellllllllsld. There was, though, a problem that the engineer (LaFrOnZ) had with having enough carts to cover breaks. LaFrOnZ, our warmest admiration goes out to you, you giant.

Hugh brought up the problem with the proposed "Emilio's Player of the Week." He felt strongly that this was totally incongruous with our policy of "no advertizing of any kind,"and that it set a dangerous precident. Several other members of the board recognized his point but, nonetheless thought that it was a good idea because of its positive nature for the broadcasts and for the station. It was brought up that no money was changing hands, nor were any services; and that the price of the grider was inconsequential. The previous precident of Vermont Book Shop plugs in exchange for records must be noted. It must also be noted that we are the judges of any future use of precidents such as this or the VBS plugs so as to lessen the possibility of a future trend of commercializing the station. To clarify, Bill Perkins of Emilio's Delicatessen suggested awwarding the player or the week, as judged by the announcers, a grinder sandwich of his choice and then naming that grinder after the player for one week. This will be discussed further with a final decision set prior to this saturday's game. This item is given great importance.

The Naps is back from his world tour. Much to his dismay Napsmania is subsiding, its place being taken by a tremendous wave of, yes, you guessed it, LaFrOnZmAnIa. It was particularly evident, says the Naps, in third world countries such as Rutland, Winooski and Ticonderoga.

Henceforth, John Davis will be in charge of carts, and announcements and Chuck Wilcox will be in charge of This Week on WRMC and the Fine Arts Calendar. Matt will now be free to be in charge of himself, quite a job in and of itself.

Yes, We Have No More Bananas Today

Ostentatiously yours,

BRIAN

Board Meeting Minutes

In Attendance: Matt, Chuck, Jon, Tony, Hugh, LaFrOnZ (psyched, eh?), John, The Sniffley One, Evan, Eric, Steve, Anthony Ward Flint Superness Personified.

Came to Order: 5:27 D.S.T.

There is one nominee for the Engineering Directorship. It is Steve. After a lengthy dicussion about the pros and cons of the candidates, it was decided that we all eat fruitcake. He was elected.

Oh Sniffles, Oh Sniffles, Oh Sniffles. Thatnks (new word!) for cleaning the station. Super... !!!!

Congratulations to Eric. His story about John Grace made it to the New England A.P. wire!! Watch out Frank Sesno.

We may be able to get a Nakamichi tape deck for $250 or so.

Only one logo is in. More advertizing is needed.

Q: What do New York City and Wrmc have in common? A: They are both having superstructure problems..... STOP SLAMMING DOORS!!

Steven suggested a station decorations committee. Everyone agreed and Suzie Style, Mr. Eric and Mr. Matt agreed to help.

Sniffles said that the Prod. Room was really, really messy. Yuk. Dirty hands. Dirty tables. Dirty people.... She didn't know what to save. Also, The recurring problem of the flooded A.P. room is upon us again.

Football went well again. No Problem. Thanks go to the perennial Sports Magnate... LaFrOnZ. Indeed, LaFrOnZmAnIa is beginning to get to be a real problem. See 10-3

Player of the week controversy: After another lengthy discussion Paul proposed an "Emilio's Player of the Week" with no policy. Legality to be worked out by Hugh and Jim. It lost in a vote, 9 to 8. Jim Proposed a "WRMC Player of the Game" to win a grinder courtesy of Emilids . No policy or precedent. Legalities to be worked out. Vote: 12 for, 5 against. There was a general consensus to mention Emilio's more than once.

Le fin.

Board Meeting Minutes

All Present Signify By Saying Aye: Aye(Tex), Aye (Hugh), Aye (Matt), Aye (Jon), Aye (Sniffles), Aye (Evan), Aye (Anthony Ward Flint), Aye (Steve), Aye(John), Present (LaFrOnZ).

Came To Order: 5:21

October Break -- We're planning to be on the air. Football is already scheduled. LaFrOnZ said he'll stay and help. What a rock. Matt will get a letter to D.J.'s telling them that they are responsible. The Naps, antithetically, is, by nature, irresponsible.

Anyone caught stealing records will be systematically eliminated in no uncertain terms. This is no joke. STEAL AND DIE.

We got a letter from Jeff Rabock at the Music Library. They want the old prod. room turntables. To wit, they are a gift. Enjoy.

Cassette Deck issue due in front of the finance committe tomorrow. We're going for a Nakamichi for $225. It's a good buy. It could be useable within two weeks.

Jon presented the logo's. There have been nine entries which are quite varied. The lenghthy and suspensfull elimination process thus began..... The bathing suit competion is scheduled for friday.

On the WRMC player of the game: Emilio's will only be mentioned twice. Emilio's. Emilio's.

Ta Dum.

Board Meetin'Minutes

The Ghosts and Goblins: Caspar the Friendly Ghost (Matt), Ludwig Van B. (Chuck), Hugh (Jon), Jon (Hugh), Tinker Bell (Sniffles), Jacques Couteau (Evan), Dan Rather (Eric), Tex Benjamin (Steve), The Naps (LaFrOnZ), God (Paul), Himself (Anthony Ward Flint -- Superness Personified), Don Pardo (John), LaFrOnZ (The Naps).

Came to a spooky Order: 5:21

It's a very spooky day indeed. The Great Pumpkin is Due at 5:31

Hugh opened the meeting by praising the staff as a whole as he feels the station is sounding much better, as a whole. He particularly noted Comrad Pensky's Beatles Special and the Morning Feature Segment as a whole. The Naps systematically praised the Friday Afternoon D.J.'s. The compliment was accepted. But, D.J.'s must stop apologizing to the audience for things such as not being able to find records for requests or just not getting to them. D.J.'s and NewsPeople alike must stop featuring themselves and start plugging the station as a whole, and aaall of its features.

The Robert Van Der Veld Lecture will take place on December 5, Word has it that it will be a big wheel with NBC news.

The Logo does exist!!!! It will shortly begin to pop up for public feature.

At Thanksgiving, We will probably go off the air at midnight on tuesday, the twenty second. Construction should begin on the Hugh Motgomery- Redfield Proctor Memorial Powerlifting Annex at this time. Also There will be some work done on the transmitter to eliminate the constant audible high pitched tone that has been going over the air.

Sha-boom.

Adjourned: 5:31 A mere one minute off the record.

Board Meeting Minutes

Present: Hugh, Me (Old Jokes Never Die....), Pensky, Evan, John, Bucy, Oyer, Ludwig, Steve, Anthony Evans ~~Flint~~, Gonon, Sniffles (Eric Knew where she was.) and LaFrOnZ

Came to Order: 5:26

Paul Oyer is the first graduate of the Jonathan Miller Soviet School of Bad Taste In Radio. Picking up on the shatter-proof glasses motif, Paul demonstrated his prowess by breaking the age old rule that pop music and politics don't mix.

The binders for the station manual are in.

The new log book position is recognized as a real success... hoo-ray.

There is a real concern about the wherabouts of LAFRONZ. The rumours are ominous. It is said that if you play last weeks football broadcast backwards, it says "Jim is in Ripton...."

The Van Der Veld Lecture is firmly scheduled for Dec. 5 at 4:15 p.m. The speaker is Bob Abernethy of NBC. There is a consensus that we would like to have more say in the choice of the speaker.

The E.B.S. signal must be played over the air whenever it comes across. There will be procedures posted.

Elections are once again upon us. Urge all interested staff members, in good standing, to run. Nominations are the 21st of Nov. The elections will be held the 28th.

The Logo made its official debut. It is highly attractive. If one looks very carefully, he can see LaFrOnZ skiing backwards down one of the mountains in the backdrop.

C'est Fin: 5:38

Tastefully Yours,

Board Meeting Minutes

Company: Hugh, Matt, John, Pensky, Ludwig, The Mid-Morning Extravaganza, The Naps, Eric, Smiffy, Evan, Steve, tony, and Anne C.

The Empty Fooootball Slots Must Be Filled. Pragramming is working on it.

The first two hockey games are December 2 and 5. We are not sure whether we will broadcast them. There is the problem of setting up a dry loop as well as that of training rookies.

There is still great concern for the whereabouts of LaFrOnZ. He was last seen running down the path to the S.D.U. 's jabbering something like " no more autographs, no more autographs!!" The Naps is going up to Ripton to find him.

The E.B.S. procedure is now available in the control room. When it comes across it must be aired.

The wherabouts of the cassette deck are also of real concern. Hugh is working on it.

Fall Term classes end the Tenth. What we will do over ~~semicv~~ reading week is still to be determined.

The elections are on the 28th. Nominations are due the 21st.

There will be a ne staff letter out Friday.

This Week at WRMC is available at the info. desk. Thanks Ludwig.

5:31 As close as we've come to the record!!

Board Meeting Minutes

The Gang: Hugh, Tex, John, Jon, Evan,Johan, Paul, Matt, The Naps, Steve, Sniffles, Tony, Anne and Me.
Also: Ned Walpin, Andy Meyer, Sally Evans, Tammy Worthington, and Eric.

We've had some letters praising our programming. Aside from the normal laudatory comments, there was some mention about Irish revolutionaries. Could they have meant LaFrOnZ?!?

Came to Order: 5:27

There is a new station and thus new competition. WINZ 106.3 is a rock and wroll station in Vergennes. Apparently they have one sponsor (a restaurant in the same building--We've got the crest room!), 20 records (personal collection of station manager), and they play late 60's early 70's rock, but they're working on it. That makes our list of competitors WRUV 90.1, WXTY 104, WNCS 97.3, WCBC. Despite the WINZ's claim that "The Wizard is broadcasting from the "Penthouse," or a Tropical Island, One can still hear the trucks passing the building.

The Van Der Veld Lecture will be at 4:15 on December 5 at The Proctor Lounge. The speaker is Bob Abernethy of NBC.

The Naps was unable to locate the missing media mogul, LaFrOnZ. There has been a constant vigil at the folk collection since his disappearence shortly following Halloween. The Naps has assured the fans that he "will find that huge guy!!"

Elections are one week away!!!

Nominations: Station Manager: Matt Bucy, Suzanne Mitchell (declined),
Program Director: Eric Gonon(declined), John Davis.
News Director: Eric, Anthony Evans Flint, Lisa Oh! (Declined),
Special Prods.:Tammy Worthington, Suzanne Mitchell.
Music Director:LaFrOnZ, Evan Gzell, Andy Meyer.
Engineering Director:Steve Shaver.
Business Director: Alison Napack.

Nominations are closed unless a petition is submitted to Hugh by sunday night.

5:48

Politically yours,

Brian Napack

NEW "STATION-ARY"

November 28, 1983

Board Meeting Minutes and
Election Results!!!!!!!!!

In Attendance: Hugh, Sniffles, Eric, Paul, Skin Flint, John, Anne C., Evan, Eric, Jon, Steve, Ludwig, Ned, Andy Meyer, Tammy, Me, The Naps, and Little Naps. Quite a crowd, huh?

Per the norm, Matt made a slightly tardy but eminently gracefull entrance during which he did wreak (sp?) havoc with his environment. And thus the meeting could commence....

Came to Order: 7:57 EST

Hugh immediately dispelled rumors that Anthony Evans Flint has been conducting high level negotiations with his girlfriend in Washington, over the past several days, concerning a social disease. It is the phone co!s fault that the 6323 line has been constantly busy. They are working on it and the rumors are simply untrue.

Those in charge of Jazz and Folk playlists (you know who you are), PLEASE!!! (!!!) get them in. They are our only contact with the record co.'s.

The missing Folk playlists can be attributed to the continuing mystery of the missing media mogul (allit.!),LaFrOnZ. The MME (Paul) got a call (annon.) during his show demanding a ransom of $50,000 made payable to Red Light Studios if we were ever to see the L-Man again. All agreed that the two events be deemed "unrelated." From a "thorough" search of Ripton the Naps said that he did't find out anything "that I didn't already know!"

The production room board will soon be getting some new transistors.

The "Manual" and its new cover were displayed. All agreed that it was beautifull.

Elaction Results:
Station Manager: Matt Bucy
Program Director: John Davis
News Director : Eric Gonon
Engineering Dir.: Steve Shaver
Music Director : Evan Gzell
Special Prods. Dir.: Tammy Worthington
Business Director : Alison Napack

WRMC Board Meeting Minutes

In Attendance: Hugh, Matt, Steve, John, Jon, Evan, Eric, Sniffles, Alison, Paul, Tammy, Anne, Tony, Ludwig, Jon S.

Came to Order: 5:24

There will be a meeting next monday--Remember that Naps!

The New Tape Deck Is In!!!! It is very pretty (jet black), has lots of neet instruments to play with, and best of all it sounds good. Instructions will be posted regarding use.

There will be "on-air" checks this week. Pick up your tape in the control room.

The new staitionary is in....no kidding.

Sign-ups will be in effect from 7 a.m. to 1 a.m. saturday, the 10th through saturday, the 17th. Sign up on the board outside the front door. Good time for late-nighters to get prime time play time. There will be somebody on hand to close down the station every night. All be on watch for record theft.

Prod. room: Old board has been revived. Steve and Matt plan to do great things with the McMarten that blew out.

There is no new word on the Jazz and Folk Playlists.

Speculation about the wherabouts of LaFrOnZ was increased today as a tape recording of his last four shows were found to be completely blank. It seems that no one noticed... apparently no one was listening...

Managers are subject to board approval as early as next monday. Hugh cautioned commitment before extent of work inside the station is known i.e., don't become editor of the campus.

Hugh said that he will review the choice selection process for the Van der Velde Lecture.

As Ron Nief's commitxment to the college is so great, we may switch to Bob Peskin for our advisor.

Winter term Schedule is out. Matt is worried about the lack of classical D.J.'s. Jon noted the increase in sports and that

many shows might be pre-empted. Hugh reminded everyone that winter term is traditionally a time for experimentation.

Anne wants to set up a system in the NewsRoom in order to keep it clean. Remind you of anyone? She also wants to keep it updated. All agreed and hugh said that it should be designed and brought before the Buildings and Grounds people. The News Dept. wants shelves and bins.

There ain't no more! 5:39

Hugs and kisses,

Brian

Brian A. Napack

P.S. Whoever has got my box of crayons <u>better</u> get them back to me! There is a reward. I think Oyer stole them in another futile power play. What good am I with only "violet-blue?" Anyway, they have to be passed over to the new business manager at some point in a formal ceremony... incense and secret chants, you know.

WRMC Board Meeting Minutes

Attendant: Hugh Montgomery!!!, Matt Bucy, Jon, Evan,Eric, Anne, John Starrett, Andy Meyer, Alison, Sally Evans, Tammy, John Davis, Paul, Chuck, Sniffles and a very late Me (Tradition, I guess.).

Before the meeting commenced, Andy leaned on the glass table. In an unrelated event, it broke --- crash! Oh Well!! John Davis, taking control, and looking like a dock worker, searched in vein for a broom, (Oyer)

Order Was Had At Five Twenty Four P.M.

The board blew out last night, resulting in the use of the really old one. It was quickly fixed.

We're working out a record giveaway for the near future.

On the ever-sticky subject of Jazz and Folk playlists: LETS GET ONE OUT FOR THE FALL TERM, AT LEAST!! COME ON GUYS!!!!

Matt stated that board members should sign up for a show this week. At least one by weeks-end.

The LaFrOnZ SaGa ended today when the magnificent media mogul himself, during the board meeting, leaped out of one of the small wooden cabinets in the office stating jubilantly, "Here I am, guys. Did you miss me?" There was much rejoicing. After a brief struggle in which several tried to force him back into one of the cabinets that had served as his self-imposed prison for the better part of five weeks: "I just wanted to see if you would miss me!'', really." The Naps, tears streaming down his face pronounced "LaFrOnZmAnIa is dead." But stay tuned, next week--SnIfFlEsMaNiA!!!!

Nominations for Managers:

Suzanne Mitchell	- Non Classical	(unan.)
Anne Chapman	- News (voting)	(unan.)
A.E. Flint	- News (non-)	(unan.)
Sally Evans	Engineering	(unan.)
Jon Miller	- Music	(unan.)
Brian Napack	- Business	(????)

Many thanks and regards to departing Board and staff members. Hugh wished to thank everyone for putting up with him for four and one half years.... Thanks for putting up with us, Hugh. And for doing a great job.We will miss you.

5:35

Sincerely,

Brian

Board Meeting Minutes

Present: Hugh, Me (Old Jokes Never Die....), Pensky, Evan, John, Bucy, Oyer, Ludwig, Steve, Anthony Evans ~~XXX~~ Flint, Gonon, Sniffles (Eric Knew where she was.) and LaFrOnZ

Came to Order: 5:26

Paul Oyer is the first graduate of the Jonathan Miller Soviet School of Bad Taste In Radio. Picking up on the shatter-proof glasses motif, Paul demonstrated his prowess by breaking the age old rule that pop music and politics don't mix.

The binders for the station manual are in.

The new log book position is recognized as a real success... hoo-ray.

There is a real concern about the wherabouts of LAFRONZ. The rumours are ominous. It is said that if you play last weeks football broadcast backwards, it says "Jim is in Ripton...."

The Van Der Veld Lecture is firmly scheduled for Dec. 5 at 4:15 p.m. The speaker is Bob Abernethy of NBC. There is a consensus that we would like to have more say in the choice of the speaker.

The E.B.S. signal must be played over the air whenever it comes across. There will be procedures posted.

Elections are once again upon us. Urge all interested staff members, in good standing, to run. Nominations are the 21st of Nov. The elections will be held the 28th.

The Logo made its official debut. It is highly attractive. If one looks very carefully, he can see LaFrOnZ skiing backwards down one of the mountains in the backdrop.

C'est Fin: 5:38

Tastefully Yours,

Brian

The Members of the Board of Directors
Anytown, U.S.A.

July 28, 1983

Dear Folks,

Welcome to the summer newsletter of WRMC. This edition brought to you by Fine Arts Radio.

Much has occured since I saw most of you last. We are running on a new and beautiful console with only minor difficulties; we were hit twice by lightning, knocking out the main program line to the transmitter, each time mandating a quick retreat to the prod room and a rapid conversion to mono. Although this problem has not been an issue since late June, we are understandably worried about protecting the equipment and, as of yet anyway, haven't come up with a way to prevent recurrences of the aforementioned difficulties. We have been forced to purchase several pieces of equipment to make all of the various units compatible. In other equipment news: both of our cassette decks have died, seemingly forever, a problem that we will deal with upon return of the Finance Committee; we will have new turntables in the control room by September, the old ones to be relocated to the prod room, eliminating the 16" Gates monsters; we've sold the former production room console to WFAD, replacing it with the McMartin which should be stereo, as will prod room reel/reel by September.

Departmental News, let's see:
Music: We were fortunate enough to have a surplus in the account, so, we've already ordered almost 200 lps, primarily Motown and Jazz. If we are lucky, they will arrive by September. Also, we may have some more permanent and sturdy record dividers installed by then.
News: AP has modified and expanded its coverage, along with uplinking the audio directly from AP/Washington, making for a better quality product all-around. I am working with Eric to create a manual for the department.
Special Productions: Not too much to report except that we have a long list of potential program sources. NPR, as you've no doubt heard, is currently on the critical list, so the future of our programs there is certainly questionable. In addition, many of the tape suppliers are switching over to only satellite feeds, leaving those stations such as ours without the programs as we do not currently own the proper equipment to decode and receive satellite transmissions. One last thing, Newsweek FM should be arriving in the Fall.
Sports: I have made contact with Tom Lawson, the Athletic Director, who has furnished us with schedules, names, and tele. #s for all of the football and hockey contests. I will try to get the football arrangements completed by the end of the summer.
Business: As usual, the mondy end of things is not all that exciting. However, it is necessary and things seem to be running smoothly.
Engineering: The installation of the new equipment has prompted me to defenestrate much of the outdated equipment that formerly resided in the closet. Someone actually wanted the very old Collins console that was scheduled for a meeting with a sledge hammer so, they got it.

Aside from all of the above, Matt, Matt and I have been keeping ourselves busy rearranging the 29 chairs in our humble abode, the Gries Farm, along with refreshing excursions to Novak's Mobil.... I would heartily recommend the new releases from the Talking Heads, Bruce Cockburn and Richard Thompson, if you see them.

One final thing, anyone interested in returning to campus at all early (beginning Wednesday, September 7) TO WORK should contact me by August 15 so that I can arrange for your housing authorization. Remember, we will not be going on sign-ups this Fall, but rather taking the first two weeks of school to retrain people on the new equipment and introduce the novices to the equipment they will be using rather than production room stuff. Hopefully we will then iron out some of the difficulties caused by inadequate training at hideous hours.

Please write, call or just think of us here at our favorite radio station.

Ciao,

Hugh
